

## BELOVED SAINT GERMAIN'S DISCOURSE

*Through Mrs. G. W. Ballard*

Santa Fe, New Mexico

May 7, 1951

Cassette—SGC 5012-1

**W**ELL, MY BELOVED FAMILY OF FREEDOM, once again we're together! (*applause—audience rising*) Thank you, Dear Hearts. Not that we were separated—it just seemed so for a while. Won't you be seated, please.

As we enter into our Family Conference again, may we feel closer than ever the approaching Power of the Miracle Christ for which you have been calling, for It shall come into outer action.

May I say to you tonight, while you have given many Decrees and your Calls have been constant, yet do not be discouraged. Just remember, that as the destructive forces increase their destructive action, then as your Decrees and your Calls increase, that blazes around you the Cosmic Fire that keeps crowded out the destructive things that would otherwise gain your attention, and through your attention again absorb your energy.

The moment there is a wave of destruction, jump into the lap of your "I AM Presence," so to speak, and make your Calls with greater intensity. Know that the "Presence" in answering your Calls flashes the Cosmic Fire that crowds back that which seeks to disturb you or seeks to limit you; *for your Application, My Dear Ones, until your Ascension is complete, is the most necessary thing in your Life Streams—and far more necessary than food to your bodies!*

I congratulate you all for being willing to make the Application you have thus far; and until the Earth is completely cleansed of that which has tortured Life so long, you must keep

up the guard. *At no time can you let down your Application*, both for your protection and for the Call of the Cosmic Fire to more rapidly come into the physical activities of the World and more powerfully surge and flash to crowd back that which seeks to disturb, because until it is consumed by the Cosmic Fire, it exists but to torture Life.

So, if we're going to remove the conditions that have been so distressing, then we're going to use more and more of the Cosmic Fire in outer physical activities, until It compels the removal of that which does not give obedience to the great Law of Harmony and Purity and the Divine Way of Life.

I want you to feel as you have never felt before, the encouragement of tonight! Oh, Dear Ones, when you call forth and you say, "*I AM' the Miracle Christ wiping out of these conditions everything that seeks to disturb*," well, that Flame from your Higher Mental Body moves in and does Its Perfect Work. As you use It more and more, the appearances will change more rapidly; and the faster they change, the more encouragement that will bring to you, until It touches your feeling world—for there is where you need this positive force that makes you know that freedom is the continual use of this Cosmic Christ Fire. Whether It manifests from the Mighty Helios as the Violet Ray's Activity to the Earth; whether It manifests in the Unfed Flame, or the Sevenfold Flame of the Elohim—in whatever way It manifests, the Miracle Christ is the drawing of the Cosmic Fire from Our Octave into the conditions of the physical world to compel Perfection.

I tell you, Precious Ones, when you take your stand, "*I demand the Miracle Christ compel God's Freedom here*," why, a few Demands with a positive force in your feelings will compel conditions to be changed! It might seem that you're using a great deal of energy now; but if so, more has been supplied, hasn't it? (*applause*) Thank you, Precious Ones.

You're all using infinitely more energy every day in your

Decrees and your activities to produce Perfection, than you did even a year ago. And I don't believe you're any the worse for wear; at least, you don't look it. (*laughter*) So, let us just be happy in the use of this greater Energy of Life which is contained within the Sacred Fire. When you say, "*the Miracle Christ*," be prepared to see the Fire in Action—I do not mean physical fire, but I mean the Inner Fire, stir into outer action the conditions that will yield you greater Perfection.

Now, someday you must come to abide within that Miracle Flame. So, when you call the Miracle Christ Fire into outer action and you know It is your home, you know It is your Powerhouse, you know It has to be used in order to change conditions that are wrong into that which is right, well, then your main business in life, Precious Ones, is to draw this Sacred Fire from Our Octave into the physical conditions to compel them to become what you want. It is the Mightiest Power; It is the Scepter of Freedom; It is the Glory of God! Therefore, when you *demand the Glory of God come into the physical world and shut off that which is dishonor to God*, well then, the Fire must come.

*I want you to feel it's the greatest Privilege in the Universe to understand this Law at this time*, so you may continually be an Open Door through which these Activities of the Sacred Fire have full flow into the physical world; for many times, Dear Hearts, when you are making intense Application for something that is of a personal nature to correct conditions in your own world, at the same moment the Higher Mental Body is using the same Fire Activity to affect your city or the Nation. Therefore, your individual efforts in the correction of the conditions of your own individual affairs, become the carrier, so to speak. Your outer efforts to perfect your affairs when you're using this Miracle Christ Fire, become the carrier of the Cosmic Fire into the World's conditions to assist all Life to be free, as you yourselves are making the Application to free your worlds from

limitation. It is a very wonderful Action of Life; and We always stand ready to help you adjust any condition in the physical world, so long as you keep demanding the Miracle Christ in Its Fiery Freedom to the Earth.

Miracle Christ Fiery Freedom shall possess this Land! It shall set the people free! I have not worked all these centuries uselessly! The appearance world may seem at times chaotic, but at least I have drawn this many Life Streams up into the greater Light; and if I could draw a few, then with greater effort I can draw more! (*applause—audience rising*) Thank you, Precious Ones. Won't you be seated please.

Now then, by the Application of the Law as you have understood It thus far, you have brought yourselves this far in the Light with Our Assistance. Well then, We can go all the way through into the Ascension; and so it is with your Nation. As you make effort and you see this condition corrected and that little condition corrected, with more Application there will be more conditions corrected. *There is nothing too great to attain; there is nothing too small to be charged with Perfection!* There's nothing too unimportant to receive the Command for Perfection. And when you say, *"I demand the Miracle Christ blaze Its Fire here and shut off this human forever,"* why My Dear Ones, it's like a flash of lightning cuts through the condition and shatters it apart, and sets it on fire to be consumed by the Inner Action of the Fire Element. And so you can with your own Freedom. When you *demand the Miracle Freedom of Cosmic Christ Fire*, well, the Flame flashes and burns away that which otherwise would be your limitation.

So, regardless of how much effort it seems to take, you have so much to be encouraged about in that which you have accomplished thus far, that to go on to the full Victory should from now on be a great thrill and a great joy of absolute certain Attainment.

Don't forget, Beloved Ones, to *call forth into the physical*

*world that which glorifies your own "I AM Presence."* Few people are concerned about the glorifying of that "Beloved I AM Presence," and yet why should you not glorify It? It has glorified you through the centuries with the wonderful Glory of Its Love. Therefore, when you *demand conditions come into the physical world that glorify your "I AM Presence" and the Ascended Host, who have assisted you through the centuries,* then will you find burning within the feeling world of mankind once again the Fiery Desire and Devotion to honor God; and that's what they need. You must make burn again within the mental and feeling world of mankind the Desire to glorify God, the Desire to let the Fire of their Love burn upon the Altar of the outer self, to glorify the Source of Perfection! That's mankind's duty to God!

The Great God Presence of Life, in Its magnificent Activity of the Cosmic Beings, has created the World and placed upon it the magnificent Glories of Nature, both on the surface and within the structure of Earth itself. In the use of that Intelligence which has created the Planet, and continually sustains Its expanding activities of Life's Beauty and Perfection, all has been to the Glory of the Life that is greater than the Earth. When this outer self understands that its Supreme Duty and Responsibility in this Universe is to glorify that "I AM Presence" and to so expand the Flame of the Miracle Christ in all action, then will the outer self understand the true business of Life.

Everything that is done in the physical world should be to the Glory of that "Beloved I AM Presence." So, will you from tonight on, try to feel that when you call to that "Beloved I AM Presence," call with all the Love and Devotion of your being; and realize that when you want to change conditions in the physical world, it is not just with the Demand to the "Presence" to release the Fire that changes the conditions, but it is to the Glory of that "Mighty I AM Presence" that you make

the Demand for the Miracle Fire of Cosmic Christ Perfection and Freedom, burn Its way through all conditions in the physical world, until there is revealed from within the Fire—the Cosmic Fire of all Creation—the Glory of the Divine Plan made manifest. Then will you know Mastery.

The moment you train the outer self to glorify that “I AM Presence,” Glory will attend you; and your efforts always bear the fruit of Perfection!

Did We not in the beginning of this “I AM” Instruction give you the Command, “*I AM*’ the ‘*Presence*’ that glorifies you”? Hasn’t the “Beloved I AM Presence” been glorifying you with the release of Its boundless Gifts? Then is it not the duty of the outer self to glorify the “Presence”? It most certainly is! And the individual that gets the deep feeling of this tonight—that the outer self’s daily activities are to glorify that “I AM Presence”—then as you do that which bears Honor to your “Beloved I AM Presence,” will you find Its greater and greater Glories and Powers bringing into your outer use that which honors you.

When you use that phrase, “*I AM*’ the ‘*Presence*’ that glorifies you,” then that is the giving, that is the “Presence” speaking and commanding the outer self to receive the Blessings which It offers. So, the outer self should remember that its paramount duty is to do everything here in a way that reveals the Glory and Perfection of the Cosmic Fire’s Activity from the “Presence” through the outer self, until your every act in the physical world glorifies that “Presence,” and stands before the world and bears witness to Its Authority, Its Perfection, Its Love, and Its Cosmic Fire here. That is the duty of the outer self. Then will the two become One in outer manifestation, and the Master Powers of Life’s Perfection in the Glory of Eternal Freedom will make you able to go forward without any limitation in the physical world. The conditions that heretofore have been your problems and distress will now become the Perfection

of that Miracle Christ Fire, that shall glorify all Creation with Its Beauty and Power of Joy to Life everywhere.

Try to understand what is within the word “*Glory*.” Shall I tell you? (*applause—audience rising*) Thank you, Precious Ones. The word “*Glory*” is *the Glow of the Ray from the “Presence.”* Therefore, as It has glorified you with that Ray of Its own Life which comes into your outer self, then you, in the obedience to Its great Divine Plan—allowing That to flow without interruption—glorify the universe around you and bear witness to the Reality of Its Authority and Perfection of the Victory that Life intends you to express in this World. Won’t you be seated please.

As you ever dwell within the Glow of that Ray of Life from the Heart of your “Blessed I AM Presence,” will you find It illuminating the outer self, until the outer self will glorify the atmosphere in which it moves by glowing Its Light into the air, until you too become the Luminous Being that is your Destiny; for your “Presence” is Self-luminous. The Sun is Self-luminous. The atmosphere of mankind, without discord in it, is Self-luminous. And as you learn to glorify your “Presence,” will you find the body becoming Self-luminous with the Glow of the Ray of Life from the Heart of the Higher Mental Body.

So, I trust tonight This will mean more to you than you have ever realized, when you say you *demand the Miracle Christ glorify your “Beloved I AM Presence” through you and through all physical conditions, until the Earth itself becomes Self-luminous.* Try This!

Do you remember once I said it is as easy to illumine the atmosphere about you as it is to turn the switch on the wall and let your lights come into the room? In fact, it’s easier! You don’t quite believe Me tonight. (*laughter*) But one day you will, for “I AM” going to glorify you! (*applause—audience rising*) Thank you, Precious Ones. Won’t you be seated please.

That is why I gave you the use of the Violet Consuming

Flame in the beginning, that you might glorify the body with the Beauty and the Perfection of the Higher Mental Body, by letting the Glowing Violet Ray—passing through the substance of the outer self—consume the density of the slower rates of vibration that casts the shadow.

Now, do you know what the Violet Flame means? It is the Miracle Christ Fire. And since the duty of the outer self is to keep this Glowing Ray from the “Mighty I AM Presence” filling and passing through the outer self to the illumination of the atmosphere about you—since that is the duty of the outer self, to give full Freedom to the release of that Ray from your Higher Mental Body into your outer affairs, then you move in a Sun of Its own Miracle Christ Fire. Wherever you move that Fire sends forth Its Blessing of Love and Perfection and Supply and Perfect Balance, Its Purity and Illumination into all substance that It contacts, and in that way raises everything into Its own Luminosity.

So, the word “Glory” will mean more to you tonight than you have ever realized before. Now, *when you speak of your Flag as “Old Glory,” just know it means the Glowing Love of the “Mighty I AM Presence” that governs the Destiny of your Nation.* That is forever, from within that Love, pouring forth the Illumination that brings Freedom to the Country, and sustains the Blessings of God which that Freedom is. When you *demand the Miracle Christ guard “Old Glory” within your borders, guard the Glory of your Nation to love God and to compel Freedom to Life,* then will we walk hand in hand with the Legions of the Miracle Christ; and They shall render Their Service until the Miracles fill the Nation, and until They set It Free. (*applause—audience rising*) Precious Ones, thank you.

From tonight, make the Call and give the “Mighty I AM Presence” of all the American people a chance to release this more intense Action of Cosmic Christ Fire within the Nation. Demand that the Miracle Christ blaze the Cosmic Fire within

your Nation that glorifies It with the Eternal Freedom and Purity that enables America's Light to expand, until It illumines the rest of the World. The shadows that have held mankind in slavery through the centuries shall now recede, as this Cosmic Fire grows brighter and extends farther and crowds back that which would otherwise destroy you.

Make your Demands, with all your feelings, for the "Mighty I AM Presence" to charge the Miracle Christ Fire throughout your Nation to glorify your "Mighty I AM Presence"; and let Its Freedom descend and hold mankind away from that which otherwise will engulf them.

May We celebrate with you tonight, as your bodies are put to rest, the Attainment that the Mighty Helios has accomplished in these Dictations of the last two weeks. You are fortunate indeed, and will not know how fortunate until you come into Our Octave permanently. But as the Power has been drawn each night to enfold you, and as the Explanations of the Cosmic Fire have been given, that has gone on and on and on, and will burn Its way through everything that is of the shadows until there are no more shadows. Please be seated.

Let us move into action; and in the Glory of our Love to that Beloved Great Being, the Mighty Helios—in the silence of your own Heart's Flame may Love pour to Him that glorifies this whole System of Worlds. So, as we enter deeper now into the use of the Miracle Christ Fire that glorifies in the physical octave everything into the Raising, Purifying, Dazzling Light in Its Cosmic Action that flows forth from the Mighty Helios, may you realize that each day you live to glorify your "Mighty I AM Presence"; and in outer physical action let Its Cosmic Fire flow through you into outer physical conditions, until It too glorifies, or *glowing through Its own Fire Element*, raises the Earth to the Luminosity of a Sun.

You are individual Suns within the atmosphere of Earth; and as you are more and more conscious of the Outpouring

of that Miracle Christ Fire—which is the Love from your Higher Mental Bodies—and you will demand That come into outer physical conditions and compel the Purity and the Perfection that glorifies that “I AM Presence,” then Its Heaven is made manifest on Earth, and your Earth becomes the Luminosity that is evidence of Ascended Master Perfection.

May we go forward to this greater Attainment; and enjoy without limit the use of these magnificent Commands that the Mighty Helios has given, any one of which will perfect you and your worlds. You have been showered with powerful Statements which, if used, will as surely glorify you and glorify the World with the Mighty Love from Beloved Helios’ own Heart.

As you live in that Glory will your own Light expand to glorify others, as the “Presence” has glorified you. In that Light is all of everything! Its Master Presence will forever take you to the greatest Heights of Attainment, and will perfect everything on your pathway with Joy that none can ever take away from you, so long as Eternity lasts. Into Its Heart do We call you tonight. Kneel at the Altar of Its Immortal Flame; and know yourselves as that Fire Being from the Heart of the Great Central Sun that says “I AM” and Perfection manifests in action, to glorify the Source of your existence.

May Its Love fill you tonight and draw to you every good thing. As you use It to fulfill the Divine Plan, more shall come to bless you, until your “Presence” has unconditional Freedom through you in the physical octave to bring Its Perfection here that is to transmute the Earth into the Ascended Masters’ Octave.

To the Glory of Its Love may We call you, and may you enjoy every step of the Way to the Attainment of your Eternal Glory in the Ascension. To the Honor Flame of God’s Cosmic Heart do We call you, that It may honor you and glorify everything in the physical world with the Light from Our Octave that is the Radiation of Our Love brought here to perfect all forever. To Its Eternal Mastery do I commend you tonight,

and may It bring you a Feeling of your Eternal Freedom that comes only within the Miracle Christ Fire of Our Love that illumines all.

Thank you with all My Heart, and I shall ever await every opportunity to glorify you with this Power of the Violet Consuming Flame and the Activity of the Cosmic Christ Fire that shall live around you forever, and bless you with Its Eternal Peace.

Thank you and good night.

## *Beloved Godfre's Birthday*

*July 28*

“BELOVED MIGHTY I AM PRESENCE” AND BELOVED MIGHTY GODFRE!

“I AM” now become Your Cosmic Christ Fire; for “I AM” That “I AM”! “I AM” Your God Obedience’s Great Command, and “I AM” Your Master Presence and Authority in my being and world! “I AM” the Giver of Your Gifts, and “I AM” the Glory of Your Presence! “I AM” Your Cosmic Obedience Flame now enfolding me, until I stand Ascended and Free for all Eternity!
