

# MIGHTY HARMONY'S DISCOURSE

*Through Mr. G. W. Ballard*

Chicago, Illinois

April 17, 1939

Musical

**B**ELOVED ONES OF THE LIGHT, while you are standing, will you accept the Currents of Light and Power flowing through your mind, your body, and your feeling world; accept It as My great Harmony. By your Power of Qualification, call to your "Presence" that It be forever sustained, your constant Guard, your Power of Poise and Self-control, that not one thing of the appearance world has power to disturb you because you *are* that Presence and Power of Harmony.

In all that has been released tonight — which We have utilized to Its fullest extent for your Blessing — may you, by your conscious attention to It, assist Us in that Eternal Mastery and Glory of yourselves. Thank you so much.

Little does the World understand all that is before it today in the two opposites: the seeming greatest chaos, and yet the greatest Light and Harmony that Earth has ever known since it left its great Height at the end of the second Golden Age. We are returning, Beloved Children of the Light, far more rapidly, far more permanently than anyone yet realizes. We, after long, long centuries of waiting for something that would once again turn mankind's attention back home to the "Presence" of Life — then to think that your Friend of the Ages should be the one to bring that Light! Oh, not only because He is Lord of the Seventh Ray, but because in His great and Loving Heart was that Determination that the World should once again come into its Perfection.

Beloved Ones, shall I tell you tonight what created that great Determination within Him? His great Love for Beloved

Jesus, and seeing His Mastery of Light; seeing all that He was leaving as an Example to mankind; then hoping that mankind would take advantage of It. But so soon, according to Our time, was It largely forgotten. Just the Memory of that great Name, Jesus the Christ—yet, that Memory has kept the Light within mankind alive as only That could do.

Remember, Children of the Light, only that Memory could have kept the Light of Life in the Hearts of man as it has been today, in the Great Glory, the Restoration, Intensification, and Power of that Great Memory; then leading on to the Great Glory of the Acceptance of the Presence of Life, the “Mighty I AM,” that enabled Him to become Jesus the Christ. And do you know that every one of you who will one day be an Ascended Being in that Octave of Light—will also be the Christ! Your Higher Mental Body is the Christ; and when you carry that Perfected, Purified Substance of Earth into that Great Presence of Life, the “Mighty I AM,” then you, too, become the Christ, Wondrous Children of Light! What a pity mankind had not understood It long ago, when Beloved Jesus left such a magnificent Example.

One day, oh Beloved Children of the Light, you shall understand more of what that Concentration of Light, that correction of human form means; and you will see and understand the Glory of Its Great, Great Meaning. It is not possible even today to bring to you the full Truth of your Life. Do you realize just what that means? To understand the Fullness of your Life would be your instantaneous Freedom! But remember, in these great Harmonies that are coming forth to bless mankind, each has Its magnificent Work, Its magnificent Service that It will render to mankind, in lifting them and holding them sustained within that mightier Vibratory Action that releases the greater Presence and Power of Life, to hold Its Dominion through the human form.

Your bodies have become very important, Children of the

Light; and please remember it, because today those bodies must reach a certain state of Perfection because they are going to assist you to the Goal. You cannot do without them now. Once, some ages ago, it did not matter so much how long you held them, how soon you let them go; for do you realize that *you* are the one who determines how long you are going to keep those bodies, how long they shall serve you! You can scarcely believe it, can you? And yet it is so very true. You chose your embodiment; you alone determine to whom and where you are going.

I am speaking now of *you*, not these forms; they are but the garments you are wearing. The you, the Real You, is your Higher Mental Body, that chooses and determines into what environment, into what condition you will come, according to the requirements of your Life Stream—a very wise, very wise Intelligence. That you could realize, My Dear Ones, how wise is that Intelligence that is beating your human Heart and functioning the organs of your body!

Think of it! You pay no attention until something gets out of order. You don't even consider it. You just take it for granted that it is going to act all right; and it is quite well that you do, because usually the less you think about it, the better it acts. Did you ever notice that? When your attention is upon joy, happiness, and the harmonies of Life, you don't think much about your body; then you find it acting very beautifully. But when you begin to worry about it, then it begins to find one thing, then another, and directly you are in difficulty. So, My Advice would be to take your attention off your body and put it on its Source of Life; then see as you hold it There firmly, how quickly these things out here that have caused disturbance or the appearance of age would disappear.

You know, we have all lived a very long time; and you think after one span of Life you are quite old. But when you remember that you have lived approximately two and a half million years

since you started on the downward path, you are and have accumulated considerable age. So, don't be concerned about just one span. Don't accept it as power over you. Is it not ridiculous, Students of the Light, that mankind has allowed human concepts and qualities to say to you and to determine for you that at threescore and ten you shall become an elderly individual! Life never said so. Do you remember that? Life never once said that you could be old, but you have so determined that yourselves by mass accumulation of that idea. Why not now change all that?

Remember, you are still the determiner, you are still the Decreeer of how Life is going to act through those bodies. It must obey you because it is energy acting, and whatever you command it to do, it must obey. *You are the authority in your body!* You can make it Perfect. Since you have made it imperfect, then you can still make it Perfect. Oh, that you would realize that; what a change would come in such a short time!

Will you now, Beloved Students, determine not to continue to accept the mass accumulation of thought and feeling. Determine what your body shall be, when you are the "Presence" of Life. You know your "Presence" now. It is not as if you did not know It; but since you do know It, why not have Its Perfection instead of going on in old habits and ideas.

Now, We have established tonight for you, in several measures, the completeness of all you require to produce Harmony, Beauty, and Perfection in your body. Gentlemen, you can enjoy this as well as the ladies, for you know it is quite as natural for the gentlemen to look in the mirror as it is for the ladies. They would not like to have you notice that, but yet it is true.

So, I say to you gentlemen, take notice when you have My Likeness before you. You can become like Me. Soon you will have My Likeness before you, and then you will see how an old gentleman like Me still has the beauty of youth. Oh, I have lived many ages; and now since I have this opportunity to render this

Service to the Earth, and find your loving, wondrous Hearts of Light giving response to That which We require, you think you are happy—but I still think We are happier than you are, because We possibly have just a little greater capacity at the present. But your capacity is expanding tremendously. Just let it go forth and let it expand, until you encompass everything your world touches in the Harmony of Beauty, the Perfection of Life, and the Glory of all that it holds.

I tell you, My Dear Ones, you, as the Center of the Almighty Focus of this Power of Light and Energy from the “Presence” of Life which you can call forth—oh, do not accept that you can’t call this great Power forth! Every one of you can call this Power forth without limit. Accept It! Determine to have It and bring It forth now. Oh, let us not be easy now since We have the great momentum started. Let us leap into action with the Power of Light, and bring Its great Powers forth here in the human octave where It is needed so much; and each of you draw that Power forth in Its great waves as It goes forth doing Its Magnificent Service everywhere.

I shall tell you tonight one point that has never been touched upon. Oh, it is so magnificent! In all the magnificent Decrees that have gone forth for Perfection in the mental and feeling world of mankind—still yourselves while I speak these Words—do you have any idea how many people It has prevented from committing suicide? My Dear People, that one Service alone is one of the most magnificent Services rendered by these mighty Decrees going forth in the mental and feeling world. You understand, in this condition that exists today in mankind’s unemployment and the conditions otherwise of discouragement, of desperation that strikes people and they feel unable to cope with it—I say to you, This has been one of the most marvelous Activities that the World has ever seen.

Therefore remember, aside from all other achievements that This is bringing about, that is one thing that mankind needs

tremendously at this time, until enough of the great Change comes forth that mankind will begin to see and understand that they are not at the mercy of destructive forces; that they are not at the mercy of these seeming limited conditions that mankind has created and drawn about them. Even though they have made those mistakes, still Life says, "Fear not, 'I AM' here!" (*applause—audience rising*)

" 'I AM' the Fullness of your Victory!"

" 'I AM' the Glory of your achievement!"

" 'I AM' the Power of Almighty Action that carries you forward in the Powers of Light and Life!"

Life is saying this to you with Its Infinite Power of Action:

" 'I AM' the Power of Health in your bodies tonight!"

" 'I AM' the Presence of Limitless Energy!"

" 'I AM' the Power of Eternal Harmony that stands dauntless, acting within your body and feeling world, that is the Master of Life; that is the Master of conditions which mankind has drawn about them, and is the Dissolver of those conditions!"

" 'I AM' the 'Presence' that is the Victor over all!"

" 'I AM' the 'Presence' that knows no disappointment!"

" 'I AM' the 'Presence' that knows no grief; for 'I AM' the Presence of Life, and Life knows no death. Therefore, 'I AM' the Victor over death."

" 'I AM' the Supremacy of Life!"

Tonight, Beloved Ones, as the Messengers so soon journey on, may this be a Memory that will live forever in your Hearts, with Its great Strength and Power to sustain you in all emergencies. In that Memory of the "Presence" of Life, so many hundreds of centuries forgotten, let It now take Its Full Command and release you forever. Your opportunity now is so far beyond any possible words to describe. You hear the Words, but try to comprehend in your feeling all that your Eternal Freedom means to you—to be there in that great Octave of Light! It is a Substance as tangible to you there as this is here, but wholly

Perfect. Because you have gone through so much distress, even in this embodiment, please do not limit your “Presence” longer. You cannot imagine what It might do for you at any time. Therefore weary not, for who of you knows how near that Goal you may be!

If We could be sad, it would be when individuals do not hold on when they are so near that Goal—possibly only a few days, a few weeks until they would have been beyond failure. So, remember, Beloved Students, you alone should be concerned with your Life—shutting out all human opinions; turning your faces to the Light of your “Great Presence”; and looking within Its Mighty Radiance, stand There firm and unyielding, regardless of any human opinions.

I say to you, Beloved Children of the Light, doubt is the most tragic thing in human experience. It will tear you, if possible, away from your Goal, even when you have but one step further to go. Never doubt! I would rather make a thousand mistakes than to doubt once.

Therefore, Life has permitted Us to warn you; and the Messengers have warned the Student Body of America many, many times. Today the great, great number of the beloved Student Body is seeing what their love and devotion to the Messengers has meant. Oh, once you understand that, how you will silence any word against this Light or them. Just because they have these human forms, do not think there is still any personality there. There is none in either one of them; but mankind think because these human forms look like other human beings, that there is still a personality there. There is not. That is why human creation deceives mankind, and wedges in the doubts and fears that turn them aside.

You who have witnessed some of this should be firm, so firm that nothing could ever tempt you to doubt Our Reality. We are Life! We are the Fullness of It, and because We have not yet made Ourselves visible to you—We are as Tangible as

your own physical Heart that sends the circulation through your body; as Tangible as your stomach that digests your food; as Tangible as your lungs that breathe in the Fire Breath of God that would charge and fill the human form with Light.

So, I say to you, remember, Children of Light—breathe in the Fire Breath of God; and no matter where you are, waking or sleeping, determine to breathe always the Fire Breath of God. Then Its Purity and Perfection will instantly dissolve and consume every imperfection that you might otherwise think is in the atmosphere which you breathe.

Man is a world in himself, a great world. You look upon your Earth as a World, as a sphere; but you individually are a world unto yourself, and you stand within the Light of your physical Heart—the Light of your Heart is the center of your world. Do you understand My Words, that the Light in your Heart is a physical light? Oh, could you see It above the Heart as hundreds of people have! When you are quiet and still enough, you will oftentimes see the Heart, its Light blazing forth like a tiny blue flame—sometimes two, three, four, sometimes ten inches above the chest. The day is approaching rapidly when thousands and thousands of the Students will see That every day. Then they will know that the Flame of Light is their Life; then they will know that That Power of Light within them sees and knows their every thought and feeling.

Remember, Beloved Students, oh, please do! You cannot deceive Life. You cannot deceive your Higher Mental Body. You cannot deceive Us. We must, if We are to help you, see and know your every thought, feeling, and motive. We have to, or We could not help you; but We never criticize. We never condemn. If only mankind could say as much—what a Heaven would be on Earth! Once you take command of yourself and refuse to listen to or speak a discordant word, a harmful word, then your world will quickly fill with Happiness and the Perfection and Use of every good thing. I thank you.
