MRS. G. W. BALLARD:

Now, as we offer our love and gratitude to the Beloved God of Gold and the Angels of the Golden Flame who minister to the people of Earth from the Physical Sun, we send our love, our gratitude, and our Eternal Blessing to all who direct that marvelous Blessing to Life everywhere. May the Violet Flaming Cosmic Christ Control of all in this System of Worlds be drawn in and around those under this Radiation, to hold forever purified and protected everything we attempt to accomplish in the great Fulfillment of the Divine Plan that must, and will, manifest for the Purification and Freedom of all. We offer our love to the Blessed God of Gold and all the Beings who bring the marvelous Blessings of all that is of gold to the Earth.

BELOVED GOD OF GOLD:

BELOVED OF MY HEART, I trust I may make you feel tonight the Peace that comes within the Golden Ray and Golden Flame, which it is My Privilege to direct and to draw within the structure of Earth, and to draw into outer manifestation for the Blessing of Life everywhere. I would like you to understand that the color of the Sacred Fire that plays through the brain structure of the physical body is gold. It is the color of the mind when the mind is purified. It is the color from the Heart of Creation that abides within the Heart of every human being, for the Sacred Fire of Life itself within the atomic structure of the physical body blazes ever a Golden Sun Presence whose Radiation pours forth the

Healing Love of Eternal Peace.

So, tonight, in drawing this to your attention, We are increasing the substance of that gold which must be intensified within the structure of the Earth, because gold grows in the structure of Earth as plants grow upon the surface of the Earth. And now, may you understand how ready and willing your own “Beloved I AM Presence” and the Ascended Host are, at all times, to bring into your outer use whatever Substance will purify and maintain purity, will protect and forever illumine—to bless without limit all Life, everywhere.

The Great Presence of Life—the “Beloved I AM”—and the Ascended Host will not withhold one thing that is of good from unascended mankind, if individuals would but keep the Door open by continued harmony, to allow the natural flow of all these Blessings to flood your beings and worlds without limit, so you would never know limitation again. But since the discord has been created, We are privileged to continue to intensify and expand, again and again and again, the great Gifts that have been placed in this World for the Blessing of Life.

Now, let Me explain to you what takes place in the Powers of Nature. We must continually replace, by expansion and addition to the elements already in the structure of the crust of the Earth, We must continually replace those blessings and activities, because mankind uses them up. In other words, the discord of mankind wears out the crust of the Earth—like you wear out garments—or would wear it out if it were not for Our continual Supply and ever-expanding Activity of all that has been placed in the crust of the Earth to produce manifestations that fulfill the Divine Plan.

Now, since you are authority to demand this Purifying Power and Substance into yourselves and into your worlds, it will be My Privilege to draw the Golden Flame as a Sun Presence in and around you, to sustain and expand and protect all that is of Love and Peace, Illumination, and the Directing

Intelligence that your “Mighty I AM Presence” must have in your outer self if It is to fulfill in the manifested world around you the Divine Plan that brings happiness to all.

Since certain channels of the destructive forces have sought to withdraw from America the substance of gold, withhold it from the people, that the hordes of evil may desecrate this Nation—since those unfortunate channels of evil have sought to remove that which sustains Peace, through your Calls We are privileged to replace and draw within this Nation a Sun Presence, not only of the Golden Flame of Our Love and Peace and Power of Purity, Our Love and Protecting Intelligence, but We are also privileged to draw within this Nation at the Inner Level, which those evil forces cannot control, certain substance of gold into the atmosphere of Earth; into the waters of the Planet; into the plant life of the Planet; and into the mental and feeling world of mankind, to protect the Love and the Peace that enables the great Divine Plan to be fulfilled.

Blessed Ones, since the sinister force has sought to remove the actual physical substance, since they are not Masters of the Inner Activities of Life, We are still their Masters and always will be—and especially through the Powers of Nature and the Forces of the Elements. Evil forces are not wise, My Dear Ones. They are not intelligent. They may have a certain cunning, a certain stubborn selfishness which forces certain secrets from nature, but I tell you, they are not wise, else they would serve the constructive way of Life.

Now, since you must have Protection, since you require Healing, since you want Peace, and since Illumination must come to those who are seeking and holding to the constructive way of Life, the Cosmic Law provides at the Inner Level many, many, many things—many Blessings that are yours, as freely as the air you breathe, and with which all destructive forces on Earth can never interfere and dare not touch. So, if you will remember, that once you were told by the Mighty Saint Germain

and Others—I think several times It has been referred to as the Inner Essence from the Physical Sun, is sent forth to the atmosphere of Earth and into the mental and feeling world of mankind. This Inner Essence has been spoken of as “Dripping Sunshine.” The medical world might call It Vitamin D (*laughter*) and several other things, but they know so little about It.

When healing in the body takes place they say, “Well, nature does it,” and they have a very hazy idea of what nature is. But if you will learn to dwell within the Sun Presence of the Heart’s Golden Flame of Eternal Peace—that means your Heart, the Heart of the System, the Heart of the World, the Heart of the Central Sun; if you will demand that you be forever sealed within and dwell within the Heart Presence, and the Sun of Its Inner Essence floods Its Substance in and around you and forever compels Peace and boundless Supply to you wherever you abide, I think you will have some of the most wonderful experiences you could ever desire. And every experience will bring you such Illumination, such Explanation, such Happiness, such Mastery as no words will describe, until you become that “Presence” little by little, by your own use of this Law.

It is My Privilege to come into more outer, close association with you, if you care to draw this Inner Essence of the “Dripping Sunshine” from the Physical Sun into yourselves, into your world, into all things to produce the Peace that only Love can give. This is the very Essence of the Sustaining Love of the Universe, and only Love can give that Peace. So, Precious Hearts, the marvelous Blessings that are ever waiting to serve you, that are flooding everywhere that Life flows, you are privileged to call into outer manifestation and your outer use by your recognition of the Golden Flame, the Golden Substance, and the Golden Inner Essence of the Physical Sun and the Great Central Sun.

It is the Healing Magic of all centuries. People have sought the Elixir of Life; they have sought Eternal Youth and Beauty—

and all the time gone on destroying both, or trying to. But this, if you hold to It with the Love and Devotion that Its Peace will bring you, your own experiences will seem like magic to the outer world. And in this Inner Essence and use of the Sun Presence, the Heart Presence of the Golden Flame from the Physical Sun and the Great Central Sun, you will find within and around you, coming to your Assistance, many of the Blessings of the Powers of Nature and Forces of the Elements, and many of the Blessings from Our great Octave of Life.

Blessed Ones, I am sure you feel the Peace tonight within the room. If you will recognize, or *give your Calls for the Release of this Inner Essence of the Golden Flame from the Great Central Sun, and ask that It fill you and your world with all the Blessings that Physical Sun can bestow*, My Loved Ones, what the World calls Miracles would flood you with their Blessings until there would not be room to receive those Blessings poured forth. And if you will open the windows of your world, I will see that this Inner Essence of the Golden Flame from the Great Central Sun is drawn to you through many channels in outer world activities that will surprise you with the Blessings which they will bestow. If you will give Me the opportunity, I shall not be found wanting. (*applause—audience rising*) Thank you so much, Precious Ones. Won't you be seated please, and just remain so.

I will not hold you long. But since so few people in the unascended state know of My Presence or the Service I render to this World, and since you have been told something of My Existence, I am very willing and anxious—if I may use that term—with the Power of Love which “I AM,” to flood into your outer use some of the Blessings that now will be very practical for you to have and very joyous for you to use. This Inner Essence of the Golden Flame from the Great Central Sun has Blessings beyond words to describe. If you care to accept Its Mighty Outpouring and you give It daily recognition, also call forth Its

Healing Blessing to Life for Its Purification and Its Power of Love. That great Cosmic Christ Love from the Heart of the Universe is ever ready to open every door ahead of you into those constructive activities that are the Fulfillment of a great Divine Plan, and you may become the Healing Presence wherever you abide. The Healing Essence may fill you with Itself; and you, the "Presence of Peace," may pour the Love that will make the rest of mankind desire to be like you.

Beloved Ones, Angels of the Golden Flame will hover near you as you draw this into outer use. And I assure you, They will protect and bless and ever carry forward your every Heart's Desire to free your fellowman from that which is not Love.

The world says, "Pray for Peace," and spends everything to produce war. Do you not see how insane is the human idea of Life? But since We are the Balancing Power from the Physical Sun, and since you do understand something of this Law, We can offset that which has tortured Life so long. Now, I trust you may be a Sun Presence of the Power of Peace by the Golden Essence, the Inner Essence of the Golden Flame from the Physical Sun. And if you will so remember yourselves as Our Ambassadors of the Power of Peace wherever you abide, the Love of Peace will heal, just as certainly as you send It forth.

My Beloved Ones, I shall visit you more frequently in the future, because your Nation must have this Inner Essence of the Golden Flame to protect what is constructive and be the Strength that enables your freedom to survive. So, you are very necessary to the National Defense of this Land of Freedom. I did not come tonight just to give you the personal Blessings of this Inner Essence. It is far-reaching, and the Nation must have It to sustain the Freedom and the Fulfillment of the Divine Plan. So, in your willingness to do this, as you serve the Nation, will the happiness come within you of your own use of these greater Powers. You have longed to use Them, and now They are ready to serve you. And I hope I may be privileged to walk with you,

and talk with you, and show you some of the marvelous Wonders of My Realm of Life's Service, until your love and My Love has purified enough of the Nation to bring the Peace that does expand for Eternity.

Blessed Ones, please feel, when your physical body requires assistance, stop and ask your "Beloved I AM Presence," and call to Me if you like, to *fill you with the Inner Essence of the Golden Flame from the Physical Sun and let It do Its Perfect Work*. Oh, It will take so much struggle away from you! You will feel so much better physically, and We need you to become as strong and powerful and harmonious as possible. May every Blessing of My Realm, and the Substance which it is My Privilege to create and to send forth into the structure of Earth, may It pour Its Inner Essence into you all, until It becomes one day in your outer use the Fullness of all good things.

Go forward! Call this into your outer action, outer use, outer service; and feel Its Power to enable you to serve Life, and in that Service, set yourselves free. So My Love will ever enfold you, go before you, and hold Protection by that Power of the Sacred Fire from the Physical Sun that is Love Supreme, and is the Cosmic Christ Control of this World and this System of Worlds. May My Legions that draw forth that Inner Essence attend you and be ever near you, to supply every good thing as you move into action and call this Inner Essence into yourselves to be the Perfection that brings Peace everywhere, through the Love of the Great Beings who control this System of Worlds. Your "Beloved I AM Presence" will be enabled to do through you that which It has waited centuries to do, as you give Service to your Nation and the World. Thank you with all My Heart for Eternity.

MRS. G. W. BALLARD:

To You, Beloved, Blessed God of Gold, thank You for Your Love to us tonight. May we be Your Healing Presence of that

Inner Essence of Pure Gold, the Golden Flame from the Physical Sun, and ever spread Its Blessings wherever we abide. And may It be the Fullness of every good thing to all under this Radiation for Eternity; and wherever we abide, Its Presence compels Peace forever.
