*The Magic Presence*

# Thanksgiving Day

“**B**ELOVED MIGHTY I AM PRESENCE,” today, on this most wonderful Thanksgiving Day, we give Praise and Thanks that we are Students under the Radiation of the Blessed Master Saint Germain. We give Praise and Thanks for the great Privilege of having been chosen to receive this Instruction and to spread It to the rest of mankind, to draw all into this Understanding by the Light and Love Thou pourest forth through us. We give Praise and Thanks that we are among those who have been gathered together by Beloved Saint Germain, and that we are rallying at His Call. We give Praise and Thanks that we are being trained and prepared; and that we have been, are now, and will continue to be used in every way possible in the Service of the Light.

“Beloved Mighty I AM Presence,” we give Praise and Thanks for the Assistance, the Guidance, the Protection, and the Inspiration of the Beloved Ascended Masters of Light, Wisdom, and Love. We give Praise and Thanks for this Joyous Understanding of our Great Cause, and the Transcendent Vision of Perfection that has been revealed to us. We give Praise and Thanks that this Ideal is not only possible of attainment, but that even now, even this very hour, the Golden Age for America and the Earth is being ushered in.

We again offer ourselves, dedicate ourselves in the Service of “*The Light of God that never fails*”; in Thy Service, O “Beloved Mighty I AM Presence”—Thou Glorious, Shadowless Light of Infinity!

Beloved Ascended Master Saint Germain, as we strive now to express our Boundless Love and Gratitude to Thee through our Service, use this Outpouring from our Hearts where It will help the most to bless and illumine all mankind; and as we do now pledge our all to the Cause we now engage, do Thou fill

us with the Joyous Realization of the Glory of our Cause, the Transcendent Happiness and Freedom which *is* ours in this Service to the Light!

In Thy Name, and by Thy Love, Wisdom, and Power in Cosmic Action, *we bow before Thee this Thanksgiving Day, in humble Gratitude for Life!*

Mr. and Mrs. G. W. Ballard

# MIGHTY HARMONY'S DISCOURSE

*Through Mr. G. W. Ballard*

Chicago, Illinois

April 17, 1939

Musical

**B**ELOVED ONES OF THE LIGHT, while you are standing, will you accept the Currents of Light and Power flowing through your mind, your body, and your feeling world; accept It as My great Harmony. By your Power of Qualification, call to your "Presence" that It be forever sustained, your constant Guard, your Power of Poise and Self-control, that not one thing of the appearance world has power to disturb you because you *are* that Presence and Power of Harmony.

In all that has been released tonight — which We have utilized to Its fullest extent for your Blessing — may you, by your conscious attention to It, assist Us in that Eternal Mastery and Glory of yourselves. Thank you so much.

Little does the World understand all that is before it today in the two opposites: the seeming greatest chaos, and yet the greatest Light and Harmony that Earth has ever known since it left its great Height at the end of the second Golden Age. We are returning, Beloved Children of the Light, far more rapidly, far more permanently than anyone yet realizes. We, after long, long centuries of waiting for something that would once again turn mankind's attention back home to the "Presence" of Life — then to think that your Friend of the Ages should be the one to bring that Light! Oh, not only because He is Lord of the Seventh Ray, but because in His great and Loving Heart was that Determination that the World should once again come into its Perfection.

Beloved Ones, shall I tell you tonight what created that great Determination within Him? His great Love for Beloved

Jesus, and seeing His Mastery of Light; seeing all that He was leaving as an Example to mankind; then hoping that mankind would take advantage of It. But so soon, according to Our time, was It largely forgotten. Just the Memory of that great Name, Jesus the Christ—yet, that Memory has kept the Light within mankind alive as only That could do.

Remember, Children of the Light, only that Memory could have kept the Light of Life in the Hearts of man as it has been today, in the Great Glory, the Restoration, Intensification, and Power of that Great Memory; then leading on to the Great Glory of the Acceptance of the Presence of Life, the “Mighty I AM,” that enabled Him to become Jesus the Christ. And do you know that every one of you who will one day be an Ascended Being in that Octave of Light—will also be the Christ! Your Higher Mental Body is the Christ; and when you carry that Perfected, Purified Substance of Earth into that Great Presence of Life, the “Mighty I AM,” then you, too, become the Christ, Wondrous Children of Light! What a pity mankind had not understood It long ago, when Beloved Jesus left such a magnificent Example.

One day, oh Beloved Children of the Light, you shall understand more of what that Concentration of Light, that correction of human form means; and you will see and understand the Glory of Its Great, Great Meaning. It is not possible even today to bring to you the full Truth of your Life. Do you realize just what that means? To understand the Fullness of your Life would be your instantaneous Freedom! But remember, in these great Harmonies that are coming forth to bless mankind, each has Its magnificent Work, Its magnificent Service that It will render to mankind, in lifting them and holding them sustained within that mightier Vibratory Action that releases the greater Presence and Power of Life, to hold Its Dominion through the human form.

Your bodies have become very important, Children of the

Light; and please remember it, because today those bodies must reach a certain state of Perfection because they are going to assist you to the Goal. You cannot do without them now. Once, some ages ago, it did not matter so much how long you held them, how soon you let them go; for do you realize that *you* are the one who determines how long you are going to keep those bodies, how long they shall serve you! You can scarcely believe it, can you? And yet it is so very true. You chose your embodiment; you alone determine to whom and where you are going.

I am speaking now of *you*, not these forms; they are but the garments you are wearing. The you, the Real You, is your Higher Mental Body, that chooses and determines into what environment, into what condition you will come, according to the requirements of your Life Stream—a very wise, very wise Intelligence. That you could realize, My Dear Ones, how wise is that Intelligence that is beating your human Heart and functioning the organs of your body!

Think of it! You pay no attention until something gets out of order. You don't even consider it. You just take it for granted that it is going to act all right; and it is quite well that you do, because usually the less you think about it, the better it acts. Did you ever notice that? When your attention is upon joy, happiness, and the harmonies of Life, you don't think much about your body; then you find it acting very beautifully. But when you begin to worry about it, then it begins to find one thing, then another, and directly you are in difficulty. So, My Advice would be to take your attention off your body and put it on its Source of Life; then see as you hold it There firmly, how quickly these things out here that have caused disturbance or the appearance of age would disappear.

You know, we have all lived a very long time; and you think after one span of Life you are quite old. But when you remember that you have lived approximately two and a half million years

since you started on the downward path, you are and have accumulated considerable age. So, don't be concerned about just one span. Don't accept it as power over you. Is it not ridiculous, Students of the Light, that mankind has allowed human concepts and qualities to say to you and to determine for you that at threescore and ten you shall become an elderly individual! Life never said so. Do you remember that? Life never once said that you could be old, but you have so determined that yourselves by mass accumulation of that idea. Why not now change all that?

Remember, you are still the determiner, you are still the Decreeer of how Life is going to act through those bodies. It must obey you because it is energy acting, and whatever you command it to do, it must obey. *You are the authority in your body!* You can make it Perfect. Since you have made it imperfect, then you can still make it Perfect. Oh, that you would realize that; what a change would come in such a short time!

Will you now, Beloved Students, determine not to continue to accept the mass accumulation of thought and feeling. Determine what your body shall be, when you are the "Presence" of Life. You know your "Presence" now. It is not as if you did not know It; but since you do know It, why not have Its Perfection instead of going on in old habits and ideas.

Now, We have established tonight for you, in several measures, the completeness of all you require to produce Harmony, Beauty, and Perfection in your body. Gentlemen, you can enjoy this as well as the ladies, for you know it is quite as natural for the gentlemen to look in the mirror as it is for the ladies. They would not like to have you notice that, but yet it is true.

So, I say to you gentlemen, take notice when you have My Likeness before you. You can become like Me. Soon you will have My Likeness before you, and then you will see how an old gentleman like Me still has the beauty of youth. Oh, I have lived many ages; and now since I have this opportunity to render this

Service to the Earth, and find your loving, wondrous Hearts of Light giving response to That which We require, you think you are happy—but I still think We are happier than you are, because We possibly have just a little greater capacity at the present. But your capacity is expanding tremendously. Just let it go forth and let it expand, until you encompass everything your world touches in the Harmony of Beauty, the Perfection of Life, and the Glory of all that it holds.

I tell you, My Dear Ones, you, as the Center of the Almighty Focus of this Power of Light and Energy from the “Presence” of Life which you can call forth—oh, do not accept that you can’t call this great Power forth! Every one of you can call this Power forth without limit. Accept It! Determine to have It and bring It forth now. Oh, let us not be easy now since We have the great momentum started. Let us leap into action with the Power of Light, and bring Its great Powers forth here in the human octave where It is needed so much; and each of you draw that Power forth in Its great waves as It goes forth doing Its Magnificent Service everywhere.

I shall tell you tonight one point that has never been touched upon. Oh, it is so magnificent! In all the magnificent Decrees that have gone forth for Perfection in the mental and feeling world of mankind—still yourselves while I speak these Words—do you have any idea how many people It has prevented from committing suicide? My Dear People, that one Service alone is one of the most magnificent Services rendered by these mighty Decrees going forth in the mental and feeling world. You understand, in this condition that exists today in mankind’s unemployment and the conditions otherwise of discouragement, of desperation that strikes people and they feel unable to cope with it—I say to you, This has been one of the most marvelous Activities that the World has ever seen.

Therefore remember, aside from all other achievements that This is bringing about, that is one thing that mankind needs

tremendously at this time, until enough of the great Change comes forth that mankind will begin to see and understand that they are not at the mercy of destructive forces; that they are not at the mercy of these seeming limited conditions that mankind has created and drawn about them. Even though they have made those mistakes, still Life says, "Fear not, 'I AM' here!" (*applause—audience rising*)

" 'I AM' the Fullness of your Victory!"

" 'I AM' the Glory of your achievement!"

" 'I AM' the Power of Almighty Action that carries you forward in the Powers of Light and Life!"

Life is saying this to you with Its Infinite Power of Action:

" 'I AM' the Power of Health in your bodies tonight!"

" 'I AM' the Presence of Limitless Energy!"

" 'I AM' the Power of Eternal Harmony that stands dauntless, acting within your body and feeling world, that is the Master of Life; that is the Master of conditions which mankind has drawn about them, and is the Dissolver of those conditions!"

" 'I AM' the 'Presence' that is the Victor over all!"

" 'I AM' the 'Presence' that knows no disappointment!"

" 'I AM' the 'Presence' that knows no grief; for 'I AM' the Presence of Life, and Life knows no death. Therefore, 'I AM' the Victor over death."

" 'I AM' the Supremacy of Life!"

Tonight, Beloved Ones, as the Messengers so soon journey on, may this be a Memory that will live forever in your Hearts, with Its great Strength and Power to sustain you in all emergencies. In that Memory of the "Presence" of Life, so many hundreds of centuries forgotten, let It now take Its Full Command and release you forever. Your opportunity now is so far beyond any possible words to describe. You hear the Words, but try to comprehend in your feeling all that your Eternal Freedom means to you—to be there in that great Octave of Light! It is a Substance as tangible to you there as this is here, but wholly

Perfect. Because you have gone through so much distress, even in this embodiment, please do not limit your “Presence” longer. You cannot imagine what It might do for you at any time. Therefore weary not, for who of you knows how near that Goal you may be!

If We could be sad, it would be when individuals do not hold on when they are so near that Goal—possibly only a few days, a few weeks until they would have been beyond failure. So, remember, Beloved Students, you alone should be concerned with your Life—shutting out all human opinions; turning your faces to the Light of your “Great Presence”; and looking within Its Mighty Radiance, stand There firm and unyielding, regardless of any human opinions.

I say to you, Beloved Children of the Light, doubt is the most tragic thing in human experience. It will tear you, if possible, away from your Goal, even when you have but one step further to go. Never doubt! I would rather make a thousand mistakes than to doubt once.

Therefore, Life has permitted Us to warn you; and the Messengers have warned the Student Body of America many, many times. Today the great, great number of the beloved Student Body is seeing what their love and devotion to the Messengers has meant. Oh, once you understand that, how you will silence any word against this Light or them. Just because they have these human forms, do not think there is still any personality there. There is none in either one of them; but mankind think because these human forms look like other human beings, that there is still a personality there. There is not. That is why human creation deceives mankind, and wedges in the doubts and fears that turn them aside.

You who have witnessed some of this should be firm, so firm that nothing could ever tempt you to doubt Our Reality. We are Life! We are the Fullness of It, and because We have not yet made Ourselves visible to you—We are as Tangible as

your own physical Heart that sends the circulation through your body; as Tangible as your stomach that digests your food; as Tangible as your lungs that breathe in the Fire Breath of God that would charge and fill the human form with Light.

So, I say to you, remember, Children of Light—breathe in the Fire Breath of God; and no matter where you are, waking or sleeping, determine to breathe always the Fire Breath of God. Then Its Purity and Perfection will instantly dissolve and consume every imperfection that you might otherwise think is in the atmosphere which you breathe.

Man is a world in himself, a great world. You look upon your Earth as a World, as a sphere; but you individually are a world unto yourself, and you stand within the Light of your physical Heart—the Light of your Heart is the center of your world. Do you understand My Words, that the Light in your Heart is a physical light? Oh, could you see It above the Heart as hundreds of people have! When you are quiet and still enough, you will oftentimes see the Heart, its Light blazing forth like a tiny blue flame—sometimes two, three, four, sometimes ten inches above the chest. The day is approaching rapidly when thousands and thousands of the Students will see That every day. Then they will know that the Flame of Light is their Life; then they will know that That Power of Light within them sees and knows their every thought and feeling.

Remember, Beloved Students, oh, please do! You cannot deceive Life. You cannot deceive your Higher Mental Body. You cannot deceive Us. We must, if We are to help you, see and know your every thought, feeling, and motive. We have to, or We could not help you; but We never criticize. We never condemn. If only mankind could say as much—what a Heaven would be on Earth! Once you take command of yourself and refuse to listen to or speak a discordant word, a harmful word, then your world will quickly fill with Happiness and the Perfection and Use of every good thing. I thank you.

## BELOVED GOD OF GOLD'S DISCOURSE

*Through Mrs. G. W. Ballard*

Shasta Springs, California

August 18, 1958

Record—CD 503

MRS. G. W. BALLARD:

Now, as we offer our love and gratitude to the Beloved God of Gold and the Angels of the Golden Flame who minister to the people of Earth from the Physical Sun, we send our love, our gratitude, and our Eternal Blessing to all who direct that marvelous Blessing to Life everywhere. May the Violet Flaming Cosmic Christ Control of all in this System of Worlds be drawn in and around those under this Radiation, to hold forever purified and protected everything we attempt to accomplish in the great Fulfillment of the Divine Plan that must, and will, manifest for the Purification and Freedom of all. We offer our love to the Blessed God of Gold and all the Beings who bring the marvelous Blessings of all that is of gold to the Earth.

BELOVED GOD OF GOLD:

**B**ELOVED OF MY HEART, I trust I may make you feel tonight the Peace that comes within the Golden Ray and Golden Flame, which it is My Privilege to direct and to draw within the structure of Earth, and to draw into outer manifestation for the Blessing of Life everywhere. I would like you to understand that the color of the Sacred Fire that plays through the brain structure of the physical body is gold. It is the color of the mind when the mind is purified. It is the color from the Heart of Creation that abides within the Heart of every human being, for the Sacred Fire of Life itself within the atomic structure of the physical body blazes ever a Golden Sun Presence whose Radiation pours forth the

## Healing Love of Eternal Peace.

So, tonight, in drawing this to your attention, We are increasing the substance of that gold which must be intensified within the structure of the Earth, because gold grows in the structure of Earth as plants grow upon the surface of the Earth. And now, may you understand how ready and willing your own “Beloved I AM Presence” and the Ascended Host are, at all times, to bring into your outer use whatever Substance will purify and maintain purity, will protect and forever illumine—to bless without limit all Life, everywhere.

The Great Presence of Life—the “Beloved I AM”—and the Ascended Host will not withhold one thing that is of good from unascended mankind, if individuals would but keep the Door open by continued harmony, to allow the natural flow of all these Blessings to flood your beings and worlds without limit, so you would never know limitation again. But since the discord has been created, We are privileged to continue to intensify and expand, again and again and again, the great Gifts that have been placed in this World for the Blessing of Life.

Now, let Me explain to you what takes place in the Powers of Nature. We must continually replace, by expansion and addition to the elements already in the structure of the crust of the Earth, We must continually replace those blessings and activities, because mankind uses them up. In other words, the discord of mankind wears out the crust of the Earth—like you wear out garments—or would wear it out if it were not for Our continual Supply and ever-expanding Activity of all that has been placed in the crust of the Earth to produce manifestations that fulfill the Divine Plan.

Now, since you are authority to demand this Purifying Power and Substance into yourselves and into your worlds, it will be My Privilege to draw the Golden Flame as a Sun Presence in and around you, to sustain and expand and protect all that is of Love and Peace, Illumination, and the Directing

Intelligence that your “Mighty I AM Presence” must have in your outer self if It is to fulfill in the manifested world around you the Divine Plan that brings happiness to all.

Since certain channels of the destructive forces have sought to withdraw from America the substance of gold, withhold it from the people, that the hordes of evil may desecrate this Nation—since those unfortunate channels of evil have sought to remove that which sustains Peace, through your Calls We are privileged to replace and draw within this Nation a Sun Presence, not only of the Golden Flame of Our Love and Peace and Power of Purity, Our Love and Protecting Intelligence, but We are also privileged to draw within this Nation at the Inner Level, which those evil forces cannot control, certain substance of gold into the atmosphere of Earth; into the waters of the Planet; into the plant life of the Planet; and into the mental and feeling world of mankind, to protect the Love and the Peace that enables the great Divine Plan to be fulfilled.

Blessed Ones, since the sinister force has sought to remove the actual physical substance, since they are not Masters of the Inner Activities of Life, We are still their Masters and always will be—and especially through the Powers of Nature and the Forces of the Elements. Evil forces are not wise, My Dear Ones. They are not intelligent. They may have a certain cunning, a certain stubborn selfishness which forces certain secrets from nature, but I tell you, they are not wise, else they would serve the constructive way of Life.

Now, since you must have Protection, since you require Healing, since you want Peace, and since Illumination must come to those who are seeking and holding to the constructive way of Life, the Cosmic Law provides at the Inner Level many, many, many things—many Blessings that are yours, as freely as the air you breathe, and with which all destructive forces on Earth can never interfere and dare not touch. So, if you will remember, that once you were told by the Mighty Saint Germain

and Others—I think several times It has been referred to as the Inner Essence from the Physical Sun, is sent forth to the atmosphere of Earth and into the mental and feeling world of mankind. This Inner Essence has been spoken of as “Dripping Sunshine.” The medical world might call It Vitamin D (*laughter*) and several other things, but they know so little about It.

When healing in the body takes place they say, “Well, nature does it,” and they have a very hazy idea of what nature is. But if you will learn to dwell within the Sun Presence of the Heart’s Golden Flame of Eternal Peace—that means your Heart, the Heart of the System, the Heart of the World, the Heart of the Central Sun; if you will demand that you be forever sealed within and dwell within the Heart Presence, and the Sun of Its Inner Essence floods Its Substance in and around you and forever compels Peace and boundless Supply to you wherever you abide, I think you will have some of the most wonderful experiences you could ever desire. And every experience will bring you such Illumination, such Explanation, such Happiness, such Mastery as no words will describe, until you become that “Presence” little by little, by your own use of this Law.

It is My Privilege to come into more outer, close association with you, if you care to draw this Inner Essence of the “Dripping Sunshine” from the Physical Sun into yourselves, into your world, into all things to produce the Peace that only Love can give. This is the very Essence of the Sustaining Love of the Universe, and only Love can give that Peace. So, Precious Hearts, the marvelous Blessings that are ever waiting to serve you, that are flooding everywhere that Life flows, you are privileged to call into outer manifestation and your outer use by your recognition of the Golden Flame, the Golden Substance, and the Golden Inner Essence of the Physical Sun and the Great Central Sun.

It is the Healing Magic of all centuries. People have sought the Elixir of Life; they have sought Eternal Youth and Beauty—

and all the time gone on destroying both, or trying to. But this, if you hold to It with the Love and Devotion that Its Peace will bring you, your own experiences will seem like magic to the outer world. And in this Inner Essence and use of the Sun Presence, the Heart Presence of the Golden Flame from the Physical Sun and the Great Central Sun, you will find within and around you, coming to your Assistance, many of the Blessings of the Powers of Nature and Forces of the Elements, and many of the Blessings from Our great Octave of Life.

Blessed Ones, I am sure you feel the Peace tonight within the room. If you will recognize, or *give your Calls for the Release of this Inner Essence of the Golden Flame from the Great Central Sun, and ask that It fill you and your world with all the Blessings that Physical Sun can bestow*, My Loved Ones, what the World calls Miracles would flood you with their Blessings until there would not be room to receive those Blessings poured forth. And if you will open the windows of your world, I will see that this Inner Essence of the Golden Flame from the Great Central Sun is drawn to you through many channels in outer world activities that will surprise you with the Blessings which they will bestow. If you will give Me the opportunity, I shall not be found wanting. (*applause—audience rising*) Thank you so much, Precious Ones. Won't you be seated please, and just remain so.

I will not hold you long. But since so few people in the unascended state know of My Presence or the Service I render to this World, and since you have been told something of My Existence, I am very willing and anxious—if I may use that term—with the Power of Love which “I AM,” to flood into your outer use some of the Blessings that now will be very practical for you to have and very joyous for you to use. This Inner Essence of the Golden Flame from the Great Central Sun has Blessings beyond words to describe. If you care to accept Its Mighty Outpouring and you give It daily recognition, also call forth Its

**GODFRE, OUR LOVED ONE ASCENDED**

**LOTUS, OUR LOVED ONE ASCENDED**

Healing Blessing to Life for Its Purification and Its Power of Love. That great Cosmic Christ Love from the Heart of the Universe is ever ready to open every door ahead of you into those constructive activities that are the Fulfillment of a great Divine Plan, and you may become the Healing Presence wherever you abide. The Healing Essence may fill you with Itself; and you, the "Presence of Peace," may pour the Love that will make the rest of mankind desire to be like you.

Beloved Ones, Angels of the Golden Flame will hover near you as you draw this into outer use. And I assure you, They will protect and bless and ever carry forward your every Heart's Desire to free your fellowman from that which is not Love.

The world says, "Pray for Peace," and spends everything to produce war. Do you not see how insane is the human idea of Life? But since We are the Balancing Power from the Physical Sun, and since you do understand something of this Law, We can offset that which has tortured Life so long. Now, I trust you may be a Sun Presence of the Power of Peace by the Golden Essence, the Inner Essence of the Golden Flame from the Physical Sun. And if you will so remember yourselves as Our Ambassadors of the Power of Peace wherever you abide, the Love of Peace will heal, just as certainly as you send It forth.

My Beloved Ones, I shall visit you more frequently in the future, because your Nation must have this Inner Essence of the Golden Flame to protect what is constructive and be the Strength that enables your freedom to survive. So, you are very necessary to the National Defense of this Land of Freedom. I did not come tonight just to give you the personal Blessings of this Inner Essence. It is far-reaching, and the Nation must have It to sustain the Freedom and the Fulfillment of the Divine Plan. So, in your willingness to do this, as you serve the Nation, will the happiness come within you of your own use of these greater Powers. You have longed to use Them, and now They are ready to serve you. And I hope I may be privileged to walk with you,

and talk with you, and show you some of the marvelous Wonders of My Realm of Life's Service, until your love and My Love has purified enough of the Nation to bring the Peace that does expand for Eternity.

Blessed Ones, please feel, when your physical body requires assistance, stop and ask your "Beloved I AM Presence," and call to Me if you like, to *fill you with the Inner Essence of the Golden Flame from the Physical Sun and let It do Its Perfect Work*. Oh, It will take so much struggle away from you! You will feel so much better physically, and We need you to become as strong and powerful and harmonious as possible. May every Blessing of My Realm, and the Substance which it is My Privilege to create and to send forth into the structure of Earth, may It pour Its Inner Essence into you all, until It becomes one day in your outer use the Fullness of all good things.

Go forward! Call this into your outer action, outer use, outer service; and feel Its Power to enable you to serve Life, and in that Service, set yourselves free. So My Love will ever enfold you, go before you, and hold Protection by that Power of the Sacred Fire from the Physical Sun that is Love Supreme, and is the Cosmic Christ Control of this World and this System of Worlds. May My Legions that draw forth that Inner Essence attend you and be ever near you, to supply every good thing as you move into action and call this Inner Essence into yourselves to be the Perfection that brings Peace everywhere, through the Love of the Great Beings who control this System of Worlds. Your "Beloved I AM Presence" will be enabled to do through you that which It has waited centuries to do, as you give Service to your Nation and the World. Thank you with all My Heart for Eternity.

MRS. G. W. BALLARD:

To You, Beloved, Blessed God of Gold, thank You for Your Love to us tonight. May we be Your Healing Presence of that

Inner Essence of Pure Gold, the Golden Flame from the Physical Sun, and ever spread Its Blessings wherever we abide. And may It be the Fullness of every good thing to all under this Radiation for Eternity; and wherever we abide, Its Presence compels Peace forever.

## Christmas Class

Let us turn our attention to the Chart; and regardless of anything in the physical world, our duty is to turn to the "Presence" and hold there until we prove to the anti-Christ that nothing can come between us and our "Beloved Mighty I AM Presence" in the Command for the Perfection for which we call.

Just as surely, Beloved Ones, as the Life flows from the Heart of your "Presence" down through this Ray into your own Heart, so long as your Heart keeps beating, the Life of your "Presence" is in you! So long as your attention and Call go to the "Presence" shall the return Current *come down into you*, of the Love which your "Presence" gives—*come back to you* on the energy of your own Call. That is why Beloved Godfre said, "*Within the Call is the Answer*," because the very energy with which you call as your attention goes to the "Presence," since the "Presence" is all Perfection, that energy is qualified with the Perfection of the "Presence"; and as It returns to you, It carries the Fulfillment of the Call.

You do know this intellectually, but we will have to take the *feelings* in hand and command them to feel what the "Presence" feels, because when the Call has gone forth to the "Presence," the desire has been here; and when the energy of that desire goes into the Heart of the "Presence," then whatever is necessary to make that desire the Eternal Divine Desire of the "Presence" with Its Eternal Satisfaction and Contentment is added to your own energy. It is always like another Heartbeat.

The "Presence" that gives you Its own Life and Energy in your own Heartbeat—when your own desire is constructive and it reaches to the "Presence" for greater Perfection, It automatically expands Its own Life. Therefore, when the Greater Light from the "Presence" comes in and around your own

Heart's Flame to fulfill your own constructive desire, it is another wave of Energy from the Great Central Sun. The Flame in your Heart is the extension of the Flame of Life from the Great Central Sun, and when Its own Eternal Divine Desires go to that "Presence" with the Demand for their Fulfillment in the physical octave, there comes down with the return Energy the greater Expansion of the Flame of your whole Life Stream from the Great Central Sun.

That is the Purpose of our calling forth the Activities of the Sacred Fire—in order to permit the Unfed Flame in our own Hearts to expand. That is why It came into manifestation, because It comes forth from the Great Central Sun *one Flame*, and through Its experiences goes into Cosmic Action as a *Three-fold Flame*. Therefore, as we use the Three-fold Flame Activity of the Unfed Flame when both Twin Rays are Ascended, does the individual move into Cosmic Action using all Cosmic Powers—because that which was the one Flame has become the Three-fold Flame. That is the *Purpose* of our travel through the physical world.

It is through conscious drawing forth of all the Attributes that are within that Unfed Flame into outer physical condition and action, by Conscious Command, that the Flame expands. I know you have all felt in this Class where we have drawn forth so much through our Calls and Demand for our Cosmic Christ Victory of the Sacred Love of the Sacred Fire, or the Cosmic Christ Victory of our Freedom in this World—you have all felt a definite Charge of Energy in this Class greater than we have ever had before.

Those who accept this Trust from the Ascended Ones but don't *feel* that Trust, open the door, and the sinister force is going to take advantage of it and drive in. Every human being who has been blessed by this "I AM" Activity and the Knowledge our Blessed Saint Germain has given is obligated and honor-bound to carry the Trust of defending His "I AM" Activity,

and draw Its Power into outer action and guard everything He has given us—because that is what we owe back to Life that we may hold It and expand It. And if we do not accept that Trust or feel obligated to that Trust, then there can only be distress and limitation until we give Obedience to the Law.

Everybody, someday, sometime, somewhere has got to *be* this Law. *This Knowledge of the "I AM Presence" is the only thing in the Universe that is based on the Law of Energy and Vibration as the actual Life within the individual.* Therefore, as we place the energy of our feelings in the atmosphere for the Fulfillment of the Great Divine Plan, Life will as surely release that Energy as our energy goes to the Heart of the "Presence." When our love goes from our own Heart to someone else or some Ascended Being, then that sends back the Cosmic Qualities of whatever Activity that one pours to the Earth. Therefore, we can receive those Qualities just as surely as we make the Call; and there is nothing in the Universe that can prevent the Answer to these Calls. Let us become that assurance tonight, no matter what the appearance may be. *We stand, face, and conquer*—look that thing in the eye, and if it be wrong, demand all the Cosmic Christ Fire in the Universe to descend and consume it. Stand, protect, and expand That, and offer everything into the Service of that "Blessed I AM Presence," until the momentum through the outer self reaches the point where you demand that Instantaneous Action, and the Cosmic Energy comes with speed enough and pressure enough to produce Instantaneous Action.

Then we can be trusted with the use of the greater Powers of our own Life Stream—these Powers of Precipitation, Illumination, and Etherealization that have been given all through the ages; and if one part of Life can have It, we can have It.

Therefore, as we go into our Decrees we take our stand for the Fulfillment of our every Call, even as the Words are spoken. We ask that our feelings be charged with whatever

Cosmic Christ Love of the Cosmic Christ Fire will absolutely consume everything that causes a delay, and force the sinister force to make restitution to everybody and everything that is of Life; for it has imposed its destruction upon God's Life, Substance, and Energy for no reason. And if we make the Demand for that restitution, as surely as the Call goes forth It will be answered; and we are going to continue to make that call regardless of appearances.

Thank you.
