BELOVED SAINT GERMAIN'S INTRODUCTION:

MY BELOVED ONES OF THE LIGHT, the Light of My Heart, I come to you tonight to say a few Words that I trust will leave with you their Blessing for Eternity, and bring a Comprehending Presence to you that will bless you—and of which you will be consciously aware in all you care to ever do in the Service of the Light.

In your Mighty Calls for the Activity of the Violet Consuming Flame to pour forth through your Decrees at your Conscious Command, you provide Me with many opportunities for which I have long waited; and I am taking advantage of every one of them to the fullest possible capacity. You might not yet see quite as quickly as We do from the Inner Level the Action of your Calls for that Violet Flame. You cannot quite understand yet, unless you see from the Inner Level, what Its Ever-increasing, Intensifying Power is doing in your own Life Streams, your city, your Nation, and the World. But the Violet Flame is ever growing brighter to the enfoldment of the entire Earth, to that hour when It shall have purified all upon the Earth and made it a Violet Sun in space, for such is the Destiny of the Planet Earth. Such is the Privilege that is Mine in drawing forth the Power that shall bring Cosmic Freedom to all upon this Earth in the future.

While the responsibility is great, yet the Cosmic Powers of Life are greater; and remember, I have the same Life to use

in the Fulfillment of the Great Divine Plan of Life in My Cosmic Service to the Earth, that you have in the Fulfillment of the Divine Plan of your Life Stream and your service to the rest of mankind. Your Life and My Life are One Life; and Life is everywhere throughout the Universe—One Life of which you are a part, connected with all, yet individualized in your own Life Stream. Therefore, whatever you call forth in the Authority of Life, using the Great Cosmic Name of Creation—the “Mighty I AM Presence”—must move into outer manifestation; and so it is with Me. Whatever I wish to call into outer manifestation, using My Authority of Life in Its Cosmic Capacity, comes to pass in manifested form to the Fulfillment of the greater Perfection and expanding Glory of the Life which I use, or the Life which I bless, and the Life which I release from human qualities.

The Quality that mankind require the most is Freedom—or Purity and Freedom—because they have become bound in the impurity and limitations of their own desires. Then, in My Cosmic Authority of the Violet Consuming Flame, as the Angel Deva of that Flame, I have at My Command not only the Legions of Angels and the Legions of Light and the Sacred Fire, but the Forces of the Elements who are the Purifying Channels upon this Earth to render that Assistance by which the Divine Plan can be fulfilled.

In order to purify the atomic structure of mankind and their mental and feeling world, the use of the Violet Flame is absolutely imperative under the Demand of the Cosmic Law, because the time has approached wherein you have already moved into the Vibratory Action of the Violet Ray enfolding the Earth. Therefore, the Earth and all upon it must stand within the Cosmic Action of the Violet Flame by which Purification takes place. That is the Vibratory Action and Keynote of the incoming cycle, until that hour strikes when the permanent Crystal Golden Age to the Earth has taken full possession—because the Purification has already taken place by that time,

or will have already taken place.

In your Calls to the Seven Mighty Elohim, and especially the Elohim of Purity, the God and Goddess of Purity, the Angels and Legions and Great Cosmic Temple of Purity—in that Activity of the Blue Lightning of Cosmic Purity comes a certain concentrated Action from the Great Central Sun by which human animal creation is seized and compelled to let go of that to which it has attached itself, whether it be individuals, localities, or things. Therefore, those Great Beings who direct the Blue Lightning of Cosmic Purity from the Great Central Sun are with Me almost constantly in the Service which We are rendering to the Earth, and which must continue to expand until that which has been generated through war and the sinister force has been consumed from the Universe forever, and not even a record of it remains within the Life history of this Planet.

Such is the Great Mercy to Life; such is the Law of Freedom; and such “I AM” to the Earth, because before one can build, one must consume the debris wherever that building is to take place. So I come with the Legions of the Violet Flame, the Legions of the Cosmic Blue Lightning of Cosmic Purity, to prepare the Way for the Release of those Glories that should have been here centuries gone. Oh, could you see down through the centuries what mankind’s rebellion has done to the Gifts of Life, then would you stand with Me as never before—not that you have not stood, because you have. But, oh, there would come within you such a fierceness to be through with the human, everyone’s human, that the sinister force could never again trap you into even temporarily allowing it to manifest in your world, or use anything of your energy, or that around you. When you know, as We do, what has gone on through the centuries in the frightful misuse of the Divinest thing in Manifestation—Life—then will you develop a relentless determination to never let anything human ever again have its own way or manifest either through you or to you. Your decision will be one hundred

percent for Eternity. Then will you be alert and on guard to the point where the sinister force will soon let you alone completely. It is to bring you to that point that We constantly pour forth the Substance, the Flame, the Light, and Our Love to protect you; and to help purify, help harmonize, and to raise, raise, raise you, until you come to that point of decision where never again for a moment would you ever give in to any human feeling.

Now to help you reach that point as quickly as possible, that you may assist Us in more rapidly rendering service to the rest of mankind, the Great Cosmic Law has seen fit to send to you One tonight who comes from that Great Realm and Activity of the Secret Love Star in Its Ministry to the Earth. One of those who direct Its Activity to the Earth will speak to you a few Words—and it is the Beloved Messenger No. 1 from the Secret Love Star. I trust you will feel His Radiance, and henceforth become a Part of that Flame which He brings close to the Earth at your Call.

He comes from Transcendent Heights of the Mighty Cosmic Action of Cosmic Love, to more quickly raise those of Earth into greater Power for the Freedom of the whole. And I am sure with His Radiance poured to you, you will feel an Uplifting Presence and a great Harmonizing Action of the Flame, the Substance, and the Miracles from the great Secret Love Star for which you have called, and which He directs to the Earth as One of Those who will serve in that capacity for the next one hundred years to the mankind of Earth. May you give Him the full acceptance that will enable the Flame of His Love to make your pathway easier and more powerful in your onward journey through Life. He comes accompanied with two of the Cherubim, offering the Flame from the Secret Love Star to bless you eternally as only It can.

So, in that which you are to receive during the rest of the evening, I shall stand above, adding My Love to His. May the

Presence of your own “Beloved I AM Presence,” in Its full Cosmic Illumination, make you feel the Glory, the Reality, and the Power of this Love which is so great that this Being brings to your assistance Cosmic Love of such Intensity, of such Purifying and Harmonizing Power as shall make you feel that nothing of the outer can ever again disturb you or your world, or those to whom you direct this Mighty Flame.

I shall bless you, and will come again soon. I am never very far away. (*applause—audience rising*) Thank you, My Loved Ones. May I always be so close to you that My Flame of Love pours constantly into your world for Freedom to you, and through you to all. May you always have the Freedom of My Flame of Love to bless you in your onward journey to your Victory; and I shall be here and there, and everywhere in between, until that is complete. Thank you, and won't you be seated.

If you will just remain seated, at ease, with your hands and feet uncrossed, with your devotion offered to your “Presence”; and then in Love and Gratitude welcome this Glorious Being who brings the Power of Cosmic Love from the Secret Love Star to make your pathway easier and Victorious through Love, His Love—the Cosmic Love of Creation—focused, intensified, and consciously directed to this World for its Freedom and its Victory in the Light. The Presence stands above the building, and may the Radiance become so tangible about you that Its Substance becomes visible to yourself and to all. I leave you, and bow in Love and Gratitude to Him who has offered you His great Divine Gift of Life.
