# DISCOURSE BY BELOVED MESSENGER NO. 1 FROM THE SECRET LOVE STAR

*Through Mrs. G. W. Ballard*

Evening

## BELOVED SAINT GERMAIN'S INTRODUCTION:

**MY** BELOVED ONES OF THE LIGHT, the Light of My Heart, I come to you tonight to say a few Words that I trust will leave with you their Blessing for Eternity, and bring a Comprehending Presence to you that will bless you—and of which you will be consciously aware in all you care to ever do in the Service of the Light.

In your Mighty Calls for the Activity of the Violet Consuming Flame to pour forth through your Decrees at your Conscious Command, you provide Me with many opportunities for which I have long waited; and I am taking advantage of every one of them to the fullest possible capacity. You might not yet see quite as quickly as We do from the Inner Level the Action of your Calls for that Violet Flame. You cannot quite understand yet, unless you see from the Inner Level, what Its Ever-increasing, Intensifying Power is doing in your own Life Streams, your city, your Nation, and the World. But the Violet Flame is ever growing brighter to the enfoldment of the entire Earth, to that hour when It shall have purified all upon the Earth and made it a Violet Sun in space, for such is the Destiny of the Planet Earth. Such is the Privilege that is Mine in drawing forth the Power that shall bring Cosmic Freedom to all upon this Earth in the future.

While the responsibility is great, yet the Cosmic Powers of Life are greater; and remember, I have the same Life to use

in the Fulfillment of the Great Divine Plan of Life in My Cosmic Service to the Earth, that you have in the Fulfillment of the Divine Plan of your Life Stream and your service to the rest of mankind. Your Life and My Life are One Life; and Life is everywhere throughout the Universe—One Life of which you are a part, connected with all, yet individualized in your own Life Stream. Therefore, whatever you call forth in the Authority of Life, using the Great Cosmic Name of Creation—the “Mighty I AM Presence”—must move into outer manifestation; and so it is with Me. Whatever I wish to call into outer manifestation, using My Authority of Life in Its Cosmic Capacity, comes to pass in manifested form to the Fulfillment of the greater Perfection and expanding Glory of the Life which I use, or the Life which I bless, and the Life which I release from human qualities.

The Quality that mankind require the most is Freedom—or Purity and Freedom—because they have become bound in the impurity and limitations of their own desires. Then, in My Cosmic Authority of the Violet Consuming Flame, as the Angel Deva of that Flame, I have at My Command not only the Legions of Angels and the Legions of Light and the Sacred Fire, but the Forces of the Elements who are the Purifying Channels upon this Earth to render that Assistance by which the Divine Plan can be fulfilled.

In order to purify the atomic structure of mankind and their mental and feeling world, the use of the Violet Flame is absolutely imperative under the Demand of the Cosmic Law, because the time has approached wherein you have already moved into the Vibratory Action of the Violet Ray enfolding the Earth. Therefore, the Earth and all upon it must stand within the Cosmic Action of the Violet Flame by which Purification takes place. That is the Vibratory Action and Keynote of the incoming cycle, until that hour strikes when the permanent Crystal Golden Age to the Earth has taken full possession—because the Purification has already taken place by that time,

or will have already taken place.

In your Calls to the Seven Mighty Elohim, and especially the Elohim of Purity, the God and Goddess of Purity, the Angels and Legions and Great Cosmic Temple of Purity—in that Activity of the Blue Lightning of Cosmic Purity comes a certain concentrated Action from the Great Central Sun by which human animal creation is seized and compelled to let go of that to which it has attached itself, whether it be individuals, localities, or things. Therefore, those Great Beings who direct the Blue Lightning of Cosmic Purity from the Great Central Sun are with Me almost constantly in the Service which We are rendering to the Earth, and which must continue to expand until that which has been generated through war and the sinister force has been consumed from the Universe forever, and not even a record of it remains within the Life history of this Planet.

Such is the Great Mercy to Life; such is the Law of Freedom; and such “I AM” to the Earth, because before one can build, one must consume the debris wherever that building is to take place. So I come with the Legions of the Violet Flame, the Legions of the Cosmic Blue Lightning of Cosmic Purity, to prepare the Way for the Release of those Glories that should have been here centuries gone. Oh, could you see down through the centuries what mankind’s rebellion has done to the Gifts of Life, then would you stand with Me as never before—not that you have not stood, because you have. But, oh, there would come within you such a fierceness to be through with the human, everyone’s human, that the sinister force could never again trap you into even temporarily allowing it to manifest in your world, or use anything of your energy, or that around you. When you know, as We do, what has gone on through the centuries in the frightful misuse of the Divinest thing in Manifestation—Life—then will you develop a relentless determination to never let anything human ever again have its own way or manifest either through you or to you. Your decision will be one hundred

percent for Eternity. Then will you be alert and on guard to the point where the sinister force will soon let you alone completely. It is to bring you to that point that We constantly pour forth the Substance, the Flame, the Light, and Our Love to protect you; and to help purify, help harmonize, and to raise, raise, raise you, until you come to that point of decision where never again for a moment would you ever give in to any human feeling.

Now to help you reach that point as quickly as possible, that you may assist Us in more rapidly rendering service to the rest of mankind, the Great Cosmic Law has seen fit to send to you One tonight who comes from that Great Realm and Activity of the Secret Love Star in Its Ministry to the Earth. One of those who direct Its Activity to the Earth will speak to you a few Words—and it is the Beloved Messenger No. 1 from the Secret Love Star. I trust you will feel His Radiance, and henceforth become a Part of that Flame which He brings close to the Earth at your Call.

He comes from Transcendent Heights of the Mighty Cosmic Action of Cosmic Love, to more quickly raise those of Earth into greater Power for the Freedom of the whole. And I am sure with His Radiance poured to you, you will feel an Uplifting Presence and a great Harmonizing Action of the Flame, the Substance, and the Miracles from the great Secret Love Star for which you have called, and which He directs to the Earth as One of Those who will serve in that capacity for the next one hundred years to the mankind of Earth. May you give Him the full acceptance that will enable the Flame of His Love to make your pathway easier and more powerful in your onward journey through Life. He comes accompanied with two of the Cherubim, offering the Flame from the Secret Love Star to bless you eternally as only It can.

So, in that which you are to receive during the rest of the evening, I shall stand above, adding My Love to His. May the

Presence of your own “Beloved I AM Presence,” in Its full Cosmic Illumination, make you feel the Glory, the Reality, and the Power of this Love which is so great that this Being brings to your assistance Cosmic Love of such Intensity, of such Purifying and Harmonizing Power as shall make you feel that nothing of the outer can ever again disturb you or your world, or those to whom you direct this Mighty Flame.

I shall bless you, and will come again soon. I am never very far away. (*applause—audience rising*) Thank you, My Loved Ones. May I always be so close to you that My Flame of Love pours constantly into your world for Freedom to you, and through you to all. May you always have the Freedom of My Flame of Love to bless you in your onward journey to your Victory; and I shall be here and there, and everywhere in between, until that is complete. Thank you, and won't you be seated.

If you will just remain seated, at ease, with your hands and feet uncrossed, with your devotion offered to your “Presence”; and then in Love and Gratitude welcome this Glorious Being who brings the Power of Cosmic Love from the Secret Love Star to make your pathway easier and Victorious through Love, His Love—the Cosmic Love of Creation—focused, intensified, and consciously directed to this World for its Freedom and its Victory in the Light. The Presence stands above the building, and may the Radiance become so tangible about you that Its Substance becomes visible to yourself and to all. I leave you, and bow in Love and Gratitude to Him who has offered you His great Divine Gift of Life.

**B**ELOVED ONES who have called to the Secret Love Star, I come with the Angelic Host tonight to bring to you the Blessings that it is My great Joy to flood to those who acknowledge Our Existence. Great is the Love of the Angelic Host for those under Beloved Saint Germain's Direction! Great is the Blessing of the Cherubim who guard the Flame We bring! Great shall be the Love that pours to you all, because your love has been great to Him who opened the Door. Your love has come to Us in Cosmic Realms; and as that Light has flashed again and again into Our Octave, are We grateful for the opportunity to flood Our Love more powerfully to the people of Earth.

I bring an Activity of the Golden Flame of Cosmic Love from the Secret Love Star, within which plays the various colors of the rainbow—balancing, purifying, illumining, protecting, healing, and blessing you all. May It clothe you in Dazzling Substance that relieves every particle of pain, and brings you into that great Eternal Balance wherein the veil between your outer self and your Blessed “Presence” grows thinner and thinner; your feelings more and more at ease; and your love—expanding to your “Presence” and to the Great Host above, like a mighty Magnet raising you constantly upward, carries you forward on the Wings of Sacred Fire, within which you abide as you draw more of the Powers and Mastery of your “Presence” into your outer use. I have come here to bring that Flame to give you greater Protection in the use of those Powers, because whatever you draw forth in the future, Beloved Ones, in the great Release of those Magnificent Blessings and Secrets and Gifts from your Mighty Presence of the “I AM,” there must come always the Guard of the Flame of Love; and that is My Service to you.

In the Powers that you are calling forth which must come

into outer use, each particular Activity, as It flows forth at your Command, must be charged with the Enfolding Flame of the Love from Our Octave; and thus It goes on Its Way to Its destination, insulated against contact with anything in the atmosphere of Earth—carrying Its Blessings uncontaminated to Its destination. And there, if you so decree it, the help you desire to give can begin to increase Its gathering Momentum to the point where the complete Perfection for which you call outpictures in the physical octave, because of Our Sustaining, Protecting Flame of that Love which We direct to the Earth.

Just as We send that Flame of Love to enfold that which you sent forth and hold it protected and expanding, just so can there come from the Highest Octave of Creation—clothed always in that same Cosmic Flame of Love, can there come the Powers and the Assistance to the people of Earth through the Conscious Call of your “Mighty I AM Presence.”

Oh Beloved Ones, the Angelic Host have waited and waited and waited for your Calls. We get a few Calls now and then; but here We stand in those Great Octaves with all the Power that Cosmic Love can bring forth—We can project into the atmosphere of Earth to any point upon the Earth’s surface, any intensity whatsoever of the Cosmic Flame of the Mightiest Power of Creation. If mankind would but keep the Door open to Us through their attention and their Calls, they would know a Peace and a Power of Cosmic Love that could redeem the World, oh, so quickly. Therefore I have come tonight to acquaint you with some of the Activities of the Secret Love Star.

It gives of Itself to bless you. It enfolds and raises from you that which is your problem, because when the substance of this World, qualified with human creation, is caught and held within the Flame from the Secret Love Star, every Activity of the Fire Element is acting within that until it is completely purified. This is the Raising, the Redeeming Power of Cosmic Love, of which mankind know so very, very, very little. Divine

Love has been preached to mankind and abstract statements have been made concerning It; but none have recognized that It is a Living Flame from the Heart of Creation, qualified with that Power that soothes, heals, purifies, lifts, redeems, and returns unto Life the substance that mankind have wrongly used.

The World, My Dear Ones, is taking Its Initiation in Cosmic Love; and it knows not where to find It. It has sought the sensations of the physical world, and has held to itself that which is of the shadows. The distress can never cease until Our Flame of Cosmic Love has penetrated those shadows and made them the Great, Great Octave of Cosmic Love. The shadows must be replaced by Our Flame. That is the reason, in the first explanation of the Activities of the Secret Love Star, you were told that for the first time in the history of the World have the Rays from that Mighty Focus of Heavenly Perfection enveloped the whole World at the same time, and will be maintained for the next century, or longer perhaps—at least until the Purification of mankind, the Earth and its atmosphere has reached a certain point.

My Dear Ones, you cannot live without some of the Cosmic Flame of Cosmic Love within you, and may I say *around you*—because if there were no Cosmic Love in the atmosphere of your World, you could not breathe. The Light which the Physical Sun releases to your Earth, under the Direction of the Mighty Helios, is the Outpouring of His Cosmic Love; and That which comes from the Secret Love Star, while invisible to the physical sight, yet is nonetheless tangible. I grant you, Beloved Ones, mankind without It would wither and disappear from the Earth; and yet, but for your Beloved Saint Germain and your Beloved Jesus who have explained the existence of the Love Star, without That We would not even have had your recognition.

The Angelic Host, Beloved Ones, are the Guardians of the Power of the Secret Love Star. They are the Ones who send forth the Flames clothed in Their Protecting Consciousness, and

consciously expanding those Flames to Their destination—and mankind would do well to remember Them often. Guardians, truly, have They been—Guardians of the Sacred Fire; Guardians of the Cosmic Love to the Earth, that it might not disintegrate into complete darkness. Surely some of mankind need to understand Our Existence, and Our Service that has gone on through the centuries at intervals long enough to keep a certain balance sustained. But from now on the Earth moves into its permanent Cycle of the Cosmic Love that must come to bring about the permanent Golden Age.

It is that Power My Loved Ones, that is anchoring tonight at Our Conscious Direction—in and around you first of all, and then to the Earth, and then to enfold the World—and grow as a plant grows—for Our Flame of Cosmic Love must, by Its very nature, continue to expand. This is how It compels the dissolving and consuming of all unlike Itself wherever It moves, because that which is not of Its own Perfection is dissolved and consumed by the Flame which It is.

Will you always remember that the Flame I bring tonight to enfold each of you will continue to grow and grow and grow, in and around you, until you, yourselves, will see It occasionally like a Garment. Oh My Loved Ones, when you know the Cosmic Power of that Flame of Love which We wield, you will not be distressed by any outer thing, ever again! Why should you? We stand ready to come into the physical octave of Earth. We stand clothed in Living Fire that burns Its Way through all discord, and by Its very nature continues to grow and grow and grow, and press Itself forward into outer action. Then, My Loved Ones, will It reveal to you what is within Its Heart. Then will you hear your “Presence” speak clearly to you; and as that is maintained, it will enable you to see your “Presence” face to face.

That Cosmic Flame of Cosmic Love, Oh Beloved Ones of Light—It is the Magic of Creation! It contains within Itself all

the Beauty that has ever come out of the Sacred Fire, and It is the Heart of the Altar of the Sacred Fire. Oh Great, Beloved Ones, is the Blessing of Life, God's Life—the “Mighty I AM Presence” everywhere present. Great is Its Love and Its Blessing to Creation. Great is Its Healing Power, and Unlimited are the Powers within the Cosmic Flame of Cosmic Love from the Secret Love Star.

Why do you think that has been called the *Secret Love Star*? Because It holds within Its Heart the Secrets of all you could ever be required to know in this octave. It holds within Its Heart the Secret of the Treasures of the Universe. It holds within Its Heart the Secret of complete Annihilation of everything human. So on the Wings of that Flame have I come. The Wings of Its Flame shall sing the Song that stills the sound of distress upon Earth, and opening the Glories of the “Presence” to you, will await your Calls until Their Manifestation in outer action; because I wish you to thoroughly understand tonight that the Mighty Powers of Life's Manifestation for which you have called, can only come on the Wings of Love from that which is forever Above.

Great can be your Powers and Healing and Blessing and Manifestation to others—the Perfection that Life so graciously bestows; but you cannot draw these Powers from either your “Presence” or the Ascended Masters' Octave, except by the Cosmic Flame of Love, because They must be clothed in Its Sacred Fire and guarded by the Angels who are Those that have been entrusted by Life to use the Powers according to the Divine Plan.

The Angelic Host and Those governing the Action of the Secret Love Star know naught of disobedience. They know naught but the Service of Love; and Its Momentum for so long has been constantly increasing—until They stand, and just the Radiation of that Secret Love Star, enfolding a Planet, can enter into the shadows of the atmosphere of Earth and dissolve and

consume them like the Sun does a morning fog.

There are many who govern the Activity of the Secret Love Star—or rather, shall I say, are the Dispensers of Its Blessings. I am privileged to be One of those—just a Messenger from the Secret Love Star, accompanied by two of the Cherubim whose Love Flame clothes That which I offer to you tonight. They are Real, oh, just as real as you are—far more, because They are Eternal; not more Real than your “Mighty I AM Presence” and Higher Mental Bodies, but nevertheless, Real, because They are Beings who are wholly concerned with the Activity of the Cosmic Flame of Cosmic Love.

These may sound like words to you tonight; you may think you comprehend them, and I trust the Illumination from your “Mighty I AM Presence” will make them very living in their expanding Light within you. But I say to you tonight—while I give It to you, you don’t yet comprehend what the Enfolding Flame that I bring from that Secret Love Star does for you, and through you to your Nation and to the Earth itself.

So, I have come on a twofold Mission: one, to enfold you and bless you, that your pathway may be illumined and harmonized and release its greatest Blessing to the rest of mankind. The other Mission is to pour into the structure of the Earth itself, through your bodies, that which eases the Beings of the Elements—gives them ease and love and protection against the pressure of discord under which they have struggled—that discord generated by mankind and so thoughtlessly imposed upon the Beings of the Elements. Mankind, when they generate discord, do not understand that if a wave of that has gone forth, some Being—sometime, somewhere—must pour the Cosmic Flame of Cosmic Love to consume it from the Universe. Mankind know not what they do when they create discord. Uncountable Legions of the Ascended Masters, of Cosmic Beings, and of the Angelic Host stand in the Octave of Light and in the Ascended Masters’ Octave, watching and waiting and pouring forth the various

Activities of God's Perfection to undo the constantly generating discord that mankind send forth into the atmosphere of Earth against Life—their own Life, and the Life of all around them.

Do you not see then that Our Cosmic Flame of Love from the Secret Love Star is the great Mercy that Life extends to those who are awakened to Our Presence. *"I AM" Real!* Because you, who are still clothed in the atomic structure that is itself full of discord—because you don't see Me with your physical sight, does not prove that I do not exist in the Universe. Beloved Ones, whenever that sinister force of doubt would attempt to register in your consciousness, ask yourselves what would be the condition of this whole System of Worlds if there were no Beings in it except those like mankind. When mankind have weighed the Earth down with a worldwide war, destroying the "Temples not made with hands"—if the other Planets of this System were generating a like destruction and accumulation, where think you would be the System?

The Powers of Nature rebel, My Loved Ones, against every discord sent forth; and We bring the Cosmic Flame of Love from the Octave of Light and from the Secret Love Star, and intensify that Flame until It burns out the rebellion of human discord.

I could pour into this room tonight such an intense Pressure of this Cosmic Flame of Love which I direct, that you would feel It as a Living Flame about you. And if I so chose, the Cherubim could keep that Love Flame burning, intensifying, and closing in around you, and you would know in a very short time Its Reality, I am sure. But I shall not use Manifestations to battle your doubt, if doubt abides within you. It is your responsibility to consume it, not Mine.

My Responsibility to Life, to the Universe above, and the Universe below, and the Universe around Me, is to expand the Gifts of Beauty and the Perfection of the Love from God's own Heart. If you agree with Me and enjoy doing that same thing,

you shall have all the Manifestations that any one individual could desire of the Proof and the Reality of Our Presence, Our Power and Our Wisdom, and the Flame of Our Love. But We do not argue with anyone concerning doubt. We live the Law of Love and We pour Its Flame upon all; and one day It burns through all doubt, all fear, all human selfishness, and mankind but look back and realize how childish and absurd has been the doubt of That which is Supreme.

As One who bears the Flame from the Secret Love Star, I am obligated to leave you clothed in Its Presence, to establish Its Flame through you within the structure of Earth, that It may spread Its Radiance through the Powers of Nature and dissolve and consume that which would otherwise be destruction around you. I have come, as did the Angel Deva of the Jade Temple, to bring the Radiation that is to come in preparation for the Power to be drawn, and that is to act through you to the greater Freedom of your Nation and the World.

Freedom, My Dear Ones, is based on God's Love; and that is why in the beginning of Saint Germain's Work the attention of the Student Body was turned to the Secret Love Star, that they might accept and call forth Its Powers into His Activity to fulfill the Requirements of the Cosmic Law. May I remind you that while They have been portrayed according to mankind's concepts, yet the Angelic Host always move clothed in the Flame. Because of Their great Purity, because of the Power They guard, the Fire Element is Their Home and Their Scepter of Power. Give conscious, daily recognition to the Miracle Manifesting Flame from the Secret Love Star and see what will come into your experience. You can surely try it out and prove to yourself that It is not the figment of anyone's imagination; that I am no myth, but just a Real Being of God's Love who loves you all and is willing to help dissolve that which is your limitation.

If you were to fully accept Me in your feeling, your words,

**GODFRE, OUR LOVED ONE ASCENDED**

**LOTUS, OUR LOVED ONE ASCENDED**

and your Calls, and you were to *call forth My Cosmic Flame from the Secret Love Star to take the place of every problem in your world today*, you would be amazed to find how *Real* am I, how *Real* is that Flame, and how *Real* is the existence of the Love Star. I think it quite consistent with Our Great Service to Life to offer you that Proof to dissolve your problems by My Flame of Love, if you will call.

If you will try, I will prove a Friend of the Sacred Fire whose Heart of Love fails not one thing of Life anywhere in Creation. I cannot fail! I never have failed, because that Flame of Love from the Secret Love Star is the Gift of the Sacred Fire from the Life Streams of the great Groups of Ascended Masters who have drawn Its Focus into outer activity, and have sent forth Its Flame and Its Rays of Light in Blessing to the Earth, to dissolve the shadows and let the dark hours of mankind's distress pass into Eternity—forgotten; consumed; replaced forever by the Beauty and Perfection of God's Divine Plan, clothed in the Flame of Cosmic Love from the Secret Love Star. It will give you Illumination, Protection, and Freedom. It does not take the place of your "Mighty I AM Presence," but It can tremendously assist. Every Call that you make to your "Presence" can be clothed in Its return Blessing to you with Our Flames from the Secret Love Star.

My Dear Ones, you have never seen Beauty—never—until you have seen the Colors in the Flame from the Secret Love Star. Then will you know that Love and Youth and Beauty and Perfection are One, and that there is no substitute anywhere for that Cosmic Flame of Cosmic Love Supreme.

If you have enough of that, no other thing can exist in your worlds; for this is Self-sustaining, Self-revealing, Self-illuminating, Self-protecting, and is *all* of God's Authority. Mankind truly needs the Flame from the Secret Love Star in the place of war; in the place of poverty and distress; in the place of human concepts.

So tonight, as I return to those Realms of Mighty, Mighty Cosmic Action, I shall leave this Flame of Love which has been drawn from the Secret Love Star, anchored around each of you. I ask you to give It recognition and command Its Blessing into the earth under your feet, that Our Enfolding Flame may carry through the structure of Earth the Blessing, Authority, and Power from Our Octave. You, being willing to be the Open Door through which It passes, will be the recipient of Its Gifts Divine, Its Power Eternal, Its Love Invincible! Victory, My Dear Ones, is to him who knows the Power of the Secret Love Star and moves clothed in Its Flame, Beloved of the Light forever.

Oh My Loved Ones, you do not yet know the Magic of that Love so Great that the Powers of Creation flood forth through It to produce Perfection to fulfill the Divine Plan. Truly is It the Throne Room of the Almighty, and the Altar of the Sacred Fire of your “Beloved Mighty I AM Presence”; of the Ascended Host and Cosmic Beings; of Worlds and Suns, and Systems of Suns—all having within Them and enfolding Them that Supreme Cosmic Flame of Cosmic Love. The Secret Love Star holds within It those Secret Gifts from the Great Beings who direct Its Activity to the Earth. May They shower those Gifts upon you; clothe you in the Mantles of Their Substance; and hold you at Peace, expanding that Flame in and around you until the Initiation of the World is finished, and the Flame, revealing Itself in the atmosphere of Earth, pours Its Gifts of the Outpicturing of the Divine Plan in Its Perfection and Beauty to all upon Earth for Eternity.

Make your Calls, Precious Ones, if you choose tonight to come into the Heart of the Secret Love Star, after you have visited the Cosmic Temple of Purity. If you wish to call on Us, We will show you some of the Powers contained within the Action of the Fire Element. So, if you *call to be taken into the Heart of the Secret Love Star, that you may learn the Law of Its Cosmic Manifestation and retain Its Illumination into the*

*physical octave*, then will your feelings be the criterion of that which you have received. You make it a practice of coming to the Secret Love Star each night, and calling forth Its Flame each morning around all you contact that day—to just give It in Love and Blessing to everybody and everything—and see for yourselves whether My Words are true this night and whether or not I am Real. I simply offer you the Perfection that Life has created and so graciously bestows. The acceptance must be with yourselves; and your own feeling world can become this Cosmic Flame that enfolds all that is of discord in Its Sacred Fire, and the dissolving in an instant of that which would otherwise cause you distress.

I stand above the building, blazing these Great Flames in and around you; and were you to accept and feel this deeply enough, It would penetrate every atom of your flesh. I am sure you must be feeling the Peace, the Relaxation, the Ease that sets all things into Divine Order, and will one day enable you to see your “Presence” face to face, before your Ascension.

It but takes your attention upon Us and this Activity to draw Its fullest Blessings into your outer use; but if you will give Us that attention, We will come back to you with all that is required to set you Free by that Flame of Love; and your manifested Freedom surely should be Proof of Our Reality and Our Love and Our Blessing to you and the Earth.

The Cherubim that have come with Me will guard the anchorage of this Flame of Cosmic Love within this Sanctuary that abides here and awaits you each evening in the acceptance of Its Blessings of all that you can absorb and all you can ever require. Remember It, and give It the opportunity to bless you—and through you, the World.

The Angelic Host offer an Assistance, Beloved Ones, through your Calls; for They will go wherever you ask Them, and establish permanently any Action of the Sacred Fire required to correct conditions, or to illumine the people to set

them Free and purify them by the Power of the Secret Love Star. Great is Their Power! Limitless is Their Help! Transcendent is Their Love! Let Them abide with you and show you all that God, the "Mighty I AM Presence," wants you to have.

In that Love Supreme and Victory Eternal, may Our Blessing and Release from the Secret Love Star clear your way so that the Mighty Saint Germain may accomplish His Victory; clothe you with His Flame of Freedom; and bless the Earth with that Release which He alone can give, and which it is Our great Joy to assist Him in accomplishing.

May We call you the "Friends of the Angelic Host," until such time as We step through the veil of the human atmosphere, and together We serve in perfect cooperation, until the great Cosmic Perfection has claimed all into Its Glory, Its Freedom, and Its Victory forever.

I bless all under this Radiation this night. I bless you for the opportunity to pour this Flame into the structure of Earth, connected through your physical forms to the Blessing of this city, your Nation, and the World. It is not that We cannot enfold the Earth in Our Love and Radiance, for We do; but there is a different Action in the Flame Activity as It passes through your bodies and anchors permanently within the structure of Earth. And tonight, because of your attention to Us, We are anchoring Its Eternal Connection into the structure of the Earth itself, to more quickly intensify the Purifying Action of that Fire Element to bless all more quickly to their Freedom.

I am but a Messenger of that which is so Great; and These that come with Me are Beings of such Love that just Their Flame, flashing constantly through the room as They pass by, stills and consumes human discord and prevents it from acting to cause distress. Truly that Service is Divine! Make Them your daily Companions! Call to Them! Accept Them! Love Them and bless Them; for They are Beings of Great Beauty and Power, and will love you very dearly and show you how real Cosmic Love

can be at Their Direction.

Great is the Glory of this day and its Cosmic Accomplishment. Blessed are ye who have been clothed in Its Flame! May the Mighty Victory and His Great Angelic Host charge you with His Feeling of the Victory of that Love which We direct; and let us all together release Its Power, that Saint Germain's Cosmic Freedom may be the Ruling Authority throughout the Land and the World, by the Flame of Love and Victory, of Purity and Peace. May It expand and bring your loved ones the release for which they call, and show mankind in the atmosphere of Earth these Great Beings and Their Reality, and the complete consuming of all human concepts and veils of human discord.

Love alone is Supreme, and in Its Cosmic Action is the Great Treasure-house of the Universe. Its Cosmic Power must consciously be called forth into the physical octave; and then will It show you God's Heart, and God's Love, and God's Perfection made manifest through you to all. May your flesh become the Garments of that Cosmic Love, and reveal the Power of Its Cosmic Authority this night and for Eternity.

Thank you for singing to the Secret Love Star. Now, I am sure you will sing to It with more conscious understanding; therefore, Its Power to bless you will flood through you in greater Victory. I thank you, and clothe you tonight in the Secret Love Star's Mighty Heart of Flame and Its Garments of Transcendent, All-powerful Protection.

Thank you again with all My Love and all My Heart, and *all, all, all* the Love Star contains forever!

I thank you and bless you, and bid you adieu.

# DISCOURSE BY BELOVED MESSENGER NO. 1 FROM THE SECRET LOVE STAR

*Through Mrs. G. W. Ballard*

Chicago, Illinois

December 27, 1953

Record—CD 172

**B**ELOVED OF MY HEART, let us enter in today to a deeper understanding of what the Great Secret Love Star does for the Earth, and how you can have without limit Its Boundless Power, to use either individually or for the World or for other individuals.

Now in understanding something of Our Work, or Our Cosmic Activity, I wish you to know that everything that is constructive is moving forward to something greater and better; and if it moves forward in the Fulfillment of the great Divine Plan to give a greater Blessing to the Universe, then there must be a Magnet, a Source that draws it into something greater, and moves it forward to fulfill the great Divine Plan of Creation.

The Power that draws all that is constructive up into something greater and more powerful in its Release of the Blessings to Life—that Drawing Power must come from the Great Central Sun, and from various Suns and Stars in space which are connected with the Great Central Sun, and which act in a way that you might call local power stations. In the great, all-encompassing Scheme of God's Almighty Perfection, I assure you, there is no such thing as failure of that which is constructive. There may be change. There may be temporary manifestations that change, but there is no such thing as failure to that which is constructive; and I want to assure you of that today as never before. All that is constructive is the Christ, and It cannot fail because It is the very Heart Center of the Great Central Sun Itself. And therefore, having the Power to draw upon the rest of the Universe, all energy and substance that is

constructively qualified, It can, at all times, be called into action as the Raising Power that withdraws from destructive forces the energy by which they produce manifestation.

Now since all the energy of Creation is owned by the Great Beings in the Central Sun, I assure you, any energy that has been misused by mankind or misqualified by temporary discord, can be taken away from the channel or the source that misuses it, and make that source collapse completely. We, from the Great Central Sun, draw the Power of Its Love into a Focus which is known as the Secret Love Star, and in which We anchor for the Blessing to the Earth That which Our Love wishes to give. We anchor a Power from the Great Central Sun Magnet that continually surges forth, and to enter in to seek out the electronic force in destructive activities and withdraw it, that their vibratory action may cease in the Universe.

Each of you, when you understand the Power of your “Mighty I AM Presence” and the Power of the Great Central Sun Magnet to withdraw energy from destructive activities, you should realize that as you *make the Call to your “Mighty I AM Presence” to release the Power from the Great Central Sun that compels the withdrawal of the sustaining energy from destructive activities*, then We move into action with your “Mighty I AM Presence” and begin the concentration of relieving destructive forces from any further way and means of existence. Mankind, through human desire, human habit, human feeling, have set up one vortex after another of discord. When Our Command goes forth for the Secret Power from the Great Central Sun to compel the Annihilation of that focus of discord, then all We do is to come near with the Power of the Central Sun Magnet, and the Electrons within that condition jump, as it were, like a needle to the magnet, and that comes into Our Use and Our Command; and We hold it within a Flame for conscious direction and constructive activity. Some of these magnificent Activities of the Sacred Fire and the Cosmic Light

that go on everywhere in the Universe in magnificent Action, must be brought to the consciousness of mankind now, and some explanation given, that there may be the Awareness of the Power within each Life Stream to reach up and have this Assistance by which it helps to free itself and helps to free the rest of mankind.

You see, for long centuries mankind has not wanted the God Desires of the Universe fulfilled. So, now comes the time when the energy must be withdrawn from mankind's human desires if vicious, destructive conditions are to be prevented from going on with their destruction. War after war has but gathered the destructively qualified energy into one vortex after another, until it bursts like a rain cloud and draws another war into outer action. Now you, with Conscious Knowledge of this "I AM Presence" and your Calls to the Great Central Sun, with Our Assistance, can release now into physical conditions, by physical Command, the Power, the Secret Power from the Great Central Sun that will move into action various conditions that the sinister force does not comprehend and which they cannot use. With all the energy they have gathered—God knows how much it is—and all the damage they've done, yet, My Dear Ones, there is the Great Law of the Universe that does not give them unlimited energy, nor infinite time, nor infinite opportunity to continue their destruction. Thank God for that! (*applause—audience rising*) Thank you, Precious Ones.

Now, I have said that much. Now I want to give you the hopeful attitude and the viewpoint, whereby you understand that when you begin to call these Activities of the Heart Flame of the Miracle Love in the Great Central Sun into physical conditions to force the Purification, then it means that Love has come into the energy and the substance of this World to consume the hate. When you consume the hate, you have consumed a certain proportion of selfishness and certain human feelings; and that continues to weaken the sinister force. It deals

principally with hate and doubt and fear. And I want to say to you, any force—no matter what it is—that tries to make mankind believe there is no God, and that there is no retribution that has to be demanded from destructive causes, I tell you is wholly insane and is treason to God. It is treason to man. It is treason to the Nation. It is treason to Life.

So, if you want to *call forth the Secret Power of Annihilation from the Great Central Sun to force the annihilation of all treason to God, to man, and to Life*, you will see much of the atheistic, communistic element collapsing under the weight of its own iniquity. The Powers of Nature will be very grateful to you for receiving relief from that which tortures and enslaves them. Nature does not too long tolerate man's iniquity to man. So, when you begin to call for the Secret Fire of Annihilation from the Great Central Sun, It can have many Actions in this World that mankind have never beheld, because some of It has never acted in this World yet, and the sinister force can't understand that. It's one thing they do not know anything about. They do not even know of Its existence. Therefore, those Great Cosmic Beings who are Master over all the Fire Element in the Universe, when They are called upon to release the Secret Fire of Annihilation into that which is treason against God, I assure you, They will be happy to move into physical conditions and answer your Calls. (*applause—audience rising*) Thank you, Precious Ones. Won't you be seated please, and just remain so.

I will not stay long, but I want to bring This to you very forcefully to make you feel that the Mighty God Presence, the "Mighty I AM" in the Great Central Sun, has Limitless Ways and Means of shutting off mankind's frightful defiance of the Christ—when I say that, I include the Beloved Master Jesus. That defiance shall leave the Earth! That desecration of the Gift He gave shall be dissolved from Creation, and not all mankind on the Planet put together can prevent it. (*applause*) Thank you so much, Precious Ones.

If I were you, I would call for the Great Central Sun's Secret Fire of Annihilation to all treason to God. That means all treason to Good; everything that desecrates Good; everything that thinks that the hordes of darkness are going to overrule the Christ. It cannot be! So when you set into action that Call, be prepared for many things that this World has never beheld before, but which mankind must observe and obey.

There is a Secret Fire of Cosmic Annihilation that can be consciously directed from the Great Central Sun into all that is treason to God; if it is necessary to draw That into action for America's Protection, then so be it! (*applause*) Thank you, Precious Ones.

Now, if you will remember this Phrase, and *demand the Great Central Sun's Secret Fire of Cosmic Annihilation of all treason to God*, I tell you, you will release the feeling world of mankind and the Hearts of the people from a pressure of fear and viciousness that has limited them for centuries. There must come the time of its annihilation; and in the capacity which I serve, as Messenger from the Secret Love Star, it is My great Privilege to help focus This through your Calls and set into action a Force that will ramify throughout the World.

When people think that they can go on indefinitely with their frightful determination to desecrate the Christ Love of the Universe, the Christ Gifts of Life, the Christ Authority of Perfection, then there must come a Force which they will be compelled to face and obey! These Mighty Activities of the Sacred Fire are not to be mocked because of mankind's ignorance. The Secret Fire of the Great Central Sun is the Command and Authority of all Creation, and none can change It!

So go forward with happy Hearts. Lift your Hearts to the Heart of Creation; and know that your own Heart Flame is part of that, is one with It—can never be separated! And therefore, when It calls to Itself for the Release of the Secret Fire of Cosmic Annihilation of that which is treason to God, then certain

Beings can come into the lower atmosphere of Earth and set into action Forces that will fulfill your Calls. (*applause*) Thank you, Precious Ones.

I say to the warring nations of the World, I say to the scientists of the World, I say to the governments of the World and to individuals—unless they use atomic energy constructively, then the Secret Fire of Cosmic Annihilation must teach them a lesson. (*applause*) Thank you, Precious Ones. I assure you that the use of the atomic bomb for warring conditions is treason to God. (*applause*) Thank you. It doesn't make any difference what all the munition-makers, and all the governments, and all the politicians, and all the money control of the World thinks; it will find the Master Hand of Cosmic Authority and Control producing conditions that they cannot understand for many centuries to come.

So Beloved Ones, be of good cheer! There are unlimited Friends—Ascended Master and Cosmic Friends, from the various Planets of the System and of other great Activities of God in the Universe—who are glad to come to your assistance when your Heart calls forth to the Heart of Creation for the Secret Fire of the Cosmic Love of Annihilation to that which is treason to God. (*applause*) Thank you, Precious Ones. If you will call that Secret Fire of the Great Central Sun's Cosmic Annihilation into every limitation that holds mankind enslaved to the hypnotic control of the war forces of the World, that Secret Fire will render Its Service! May I be privileged to wait for your Calls and cooperate by the Release of that Sacred Fire which I do direct, and whose Command of Love in the Great Central Sun can concentrate any activity of It, in, through, and around conditions that must be compelled to leave the Earth and be consumed from the Universe.

Please feel that the Secret Love Star is your Friend, more than you know, and It is like a Magnet that will draw everything that is of God up and into greater Manifestation with a Power

that is irresistible, and that commands the Universe. So, feel very close to those of Us from the Secret Love Star who are privileged to use Its Sacred Fire in Cosmic Action to control World conditions according to the Demands of the Cosmic Law. I bear to you today the Love of the Ruler of the Secret Love Star. (*applause*) Thank you, Precious Ones. And may you feel the Power of His own Heart Flame of Love, so Cosmic in Its Intensity and Almighty Power, as to forever enfold you in His Feeling of Command and Control of anything wherever you abide, by the Harmony and the Love of His Great Heart of the Sacred Fire in the Secret Love Star. May you know Him and love Him, and receive from Him the Mighty Gifts He can bestow. In the Fullness of that Assistance to the Earth which We want to give, may you always feel *One* with the Heart of Love that loves you, and serves you, and wants to help all on Earth be released from that which is not the Heart of Eternal Perfection. May you feel the Mantle of His Enfolding Love, Authority, and Power ever about you, to dwell with you and give you Its Blessings for Eternity.

Thank you.

# Chart Talk

*Use the following Visualization for your "I AM" Temple or Sanctuary:*

Visualize this building as a Palace of Light made of myriads of diamonds, blazing forth a dazzling Golden-White Radiance for many miles in every direction, drawing all here who can be benefited. See the building held in a Pillar of Violet Consuming Flame, purifying everything and everyone within or around the building. See outside of the Pillar of Violet Flame a great Tube of steely-white Light, one hundred feet thick, going deep into the Earth and miles above it. Know that this Tube of Light is an Invincible Wall of Protection. Outside of this Tube of steely-white Light, see a Circle of Blue Flame which nothing destructive dares to approach.

*(Beloved Jesus' Words regarding the Chart of the "Beloved Mighty I AM Presence."—Christmas Day, 1935)*

"In holding the vision of the position of the 'Presence' before the individual, it compels the outer consciousness to accept the Truth that the 'Presence' *is* there; that It actually beats the Heart of everyone!"

*(Note: In looking at the Chart, let us remember that It is the Picture of anyone who has not yet made the Ascension. Before Beloved Jesus made His Ascension, His "Mighty I AM Presence" stood above His physical body, just as yours does now.)*

"When the shell—which means the discord of the outer self—is dissolved, not by passing through so-called death, but by consciously raising and illumining the body and its every

activity by the Light of the ‘Mighty I AM Presence,’ then the Power of your God Flame is released into the outer world through your personal self and you manifest complete Mastery, the Dominion which was given to the Son by the Father in the beginning. Then and then only can your physical body be raised and blend with your Electronic Body, and become the Ascended Master Body.

“All that is within your God Flame flows into your Electronic Body, where the Tremendous Power and Intensity of your ‘Mighty I AM Presence’ is stepped down to a degree that can act in the vibratory action of your physical world. From the Heart Center of your Electronic Body flows a Stream of Life Essence or Liquid Light, which enters your physical body through the pineal gland and anchors in the Heart.

“This Stream of Light has often been referred to as the Silver Cord. This Liquid Light pulsates continually through the flesh body by way of the nervous system. This mighty, concentrated Electronic Force or Life Essence flows wherever the attention directs It. It is a Mighty Energy, and It energizes whatever the attention rests upon. This Pure Liquid Light becomes colored by whatever quality your personality imposes upon It—through your thought, feeling, spoken word, and visualization. Here lies your responsibility as a creator, and the means by which you can correct and purify whatever has been wrongly created. Then you can live once more in the Center of your Being—in the Light and Freedom of your God Self, *One* with the Father!”

Let us close our eyes and be deeply aware that this Chart at which we have been looking is a Picture of *all* of each one of us. Think of It as your Picture—your physical body and your Electronic Body; a Picture of your God Self, your “Mighty I AM Presence.” Now in the deepest silence, *feel* intensely:

“I AM” that Majestic “Presence”!  
“I AM” that Conquering Power!  
“I AM” the Light that lighteth every man that cometh into  
the World!  
“I AM” the Light of the World!  
“I AM” the Light of God that never fails!  
“I AM” the Full Manifestation of that Light and Love that  
rules the Universe!  
“I AM” the Full Liberation of Divine Love acting!  
“I AM” the Law of Forgiveness and the Consuming Flame  
of all inharmonious action and human consciousness!  
“I AM” the Mighty Magic Circle of Protection about me!  
and  
“I AM” the Perfection of my world!

I give all Power to the “I AM Presence” which “I AM”;  
and I refuse with determination, acceptance to anything else  
ever again. There is only One Power acting, and I give It full  
Freedom. I stand with It and let It act! I stand in It and by  
It! There is no other Power to act!

“I AM” Master of my world! “I AM” the Victorious In-  
telligence governing it! I send forth into my world this Mighty,  
Radiant, Intelligent Energy of God. I command It to create  
all Perfection, to draw to me the Opulence of God made visi-  
ble in my hands and use. I am no longer the Babe of Christ,  
but the Master Presence grown to full stature; and I speak and  
command with Authority; and “I AM” the Supreme Author-  
ity, God in Action!
