

**DISCOURSE BY BELOVED SAINT GERMAIN
AND
BELOVED GOD TABOR**

Los Angeles, California — 1938
Through Mr. G. W. Ballard

Beloved Saint Germain:

I rejoice to feel how really chummy we are becoming; and today, in your happiness in the feeling that I might speak to you tonight, it has given an opportunity which We rejoice in — giving certain Assistance that *only* can come through your Call.

As your mental and feeling world clears and becomes more stabilized in not only the acceptance of your “Presence,” but the feeling of Our closer and closer Reality to you, it will enable Us to continue that Process within your mental and feeling world that will enable you to get the full clearness and feeling activity within you whether it is the “Presence,” or shall We say, the *Presence and Activity of the Ascended Masters’ Consciousness*, really. When I say “really,” I mean wholly untouched by your feeling, by your mental concept. That will enable a *feeling* to be released within you that is tremendously greater than you are yet accustomed to. But having entered into this Activity now in great sincerity and reality, let us push aside every solitary thing of the human intellect or concept that would longer interfere, and every time a single thought, let alone feeling, starts to rise — or question, or doubt, or whatever the condition may be — silence it instantly, like that! If you are where you can speak out loud say, “ ‘Beloved Mighty I AM Presence,’ silence this thing now and see that it never again occurs!” Then feel so certain in your human activities that it no longer attempts to assert itself. You see you can do this. There is no use in tolerating this human thing any longer.

Simply say, “ ‘Beloved Mighty I AM Presence,’ silence this thing now!” But be firm! You might as well do it in one sweep like that, and as you do it—shall I use your terminology—don’t mince around about it!

So today We have arrived at a point where We can bring into action instantly this Power of the “Presence,” whose Power and Energy really beats your Heart. Why feel longer you must wait or go through the process of attaining when now you have the Power of the “Presence” to act. Please, when I speak to you, feel This surging in and through you as the “Presence” sweeps it out, and the “Presence” replaces it with the *feeling* of Confidence and Courage; and Its only action is the Power of the “Presence” for you.

I speak individually to you, for We must cease to allow the human to intrude its feeling into your world. There is no further need of it. We don’t need to go on and feel we are subject to outside interference. The “Presence” is All-Powerful; therefore It knows It is the Authority, the Power, and the Greatest Activity in your world when you call It into action. Try to feel That and have it sustained.

Do you realize that there is—may I use one of your expressions again—only an eyebrow between My Invisible and Visible Presence. We might sweep the eyebrow out of the way, and you know, some day it shall be done! Do you remember the many times We have said that there is no barrier anywhere in the Universe to Love; and as your love and Call goes forth to Us, is there anything—will you answer Me this—is there anything in the World that could prevent Our Visible Presence to you? Think of it! There is no barrier to Divine Love anywhere in the Universe! Your Power of Divine Love is calling to Me for My Visible Presence and to the Ascended Host; therefore, could there be—now notice this, notice your feelings—could there be any barrier to that achievement anywhere else but in your feeling world?

As each one gains the Mastery in controlling his or her feeling will come the Victory of the Serenity and Expansion of your Light. Within that will enable anything that We require or that you require to be done for you. We could come forth at any time We choose. It is not a matter of Our Ability to come forth in Visible, Tangible Form to you, but it is a tremendous thing and a tremendous responsibility to Us, for if We step through and create a great intensification of the energy in your feeling world that might be requalified by you, We cannot do it. Therefore as you are gaining the Mastery and Victory over your feelings, one day you will find us as tangible with you as you are yourselves. And then what? We all might have a Precipitated Dinner!

May I say for your encouragement, your feeling worlds are very beautiful tonight—very beautiful. The Radiance is Glorious, the Love, Marvelous, and in that great, humble, powerful Outpouring of Divine Love, much can and shall be done. Won't you feel Me just as Real and Tangible to you as you are to each other? Oh, just because I have not yet appeared to you in the Visible, Tangible Form—it is not so important—but the fact that I am with you, even though still in the Invisible Form, which is just as tangible. However, try to be patient until the day when, in the Wisdom of the Light, all is ready—Perfect.

It is a great Joy, a very great Joy, to answer your Call when you call for Us; and We feel your feeling of Our Closeness more and more. Do you not see how really wonderful We all become—just One. We have a very rare combination in the Radiance tonight, and I rejoice in It. Remember, you know things never just happen, so somebody is responsible for it; and after all, to come to a point in understanding where We know no single thing just happens, but all is under Divine Law, Supreme, Commanding, Wonderful!

If you, each one, just knew how easy it would be for you:

on retiring, give such a sincere, earnest Command to go forth and retain the Memory of your presence with Us during sleep; but don't get too tense in it. You know, We hesitate to say certain things because the human is so prone to get tense instead of intense; then We have to wait again; and of course, if We say something that causes that tenseness, then the fault is Ours. So we try always to be careful in the selection of Our Words, and especially the Feeling that goes out—that all that kind of thing may be avoided. To use another phrase of yours, you get too “pepped up.” Your expectation is good—fine; but when your concept of its appearance may not be in harmony with the Great Law, don't be disappointed. If you knew what it meant, without a single feeling or thought of the time of Its Manifestation, to just go on calling your “Presence” into action: “*‘Beloved Mighty I AM Presence,’ take command of my mind and body. ‘Mighty I AM Presence,’ You see that the condition is made right, and Your Self Control is sufficient to make it possible for the Ascended Masters to come forth in Their Visible, Tangible Forms; and do It now, and see that It is sustained!’*” It might be a great help!

I know how happy you would be to have our Visible Presence with you. It has to come. The matter of its time is not so important—much as you would appreciate it now—but you see, We must look at all these things in a practical way. The human wants it right now. That is all right, but it must have self control in action established and maintained. Will you believe me when I say you could not be half as anxious for Our Presence, Tangible Presence, as *We* are to be there! But the Great Wisdom will not let Us act, and We would not want to, without producing Perfection. But the Great Law of your being and Our Being, in this earnest Call for the Light, will not permit a thing that might be just temporary. I assure you, the human part of you is a most curious thing. It never can be satisfied, and it is very hard to silence—but one day that Victory

is gained. It is very wonderful, and to be just filled with that Patience—that really is the Release.

Think of the Infinite Patience of the centuries, waiting for mankind, or something, to call mankind's attention once again to this Omnipresent Individualization of God, the "Beloved Mighty I AM Presence" that gives you Life. Isn't it a wonderful, wonderful thing? And to think, through the centuries and centuries and centuries have the Great Ones waited. But look, through all the centuries, one after another, has come constant progress, the progress wherein just centuries pass when the idea of sustaining Life in the body was the paramount thing. Now today, and especially during the last two thousand years, the opportunity has been waiting and reaching, and waiting and reaching forth, to bring the attention of mankind to the Final Goal, which is the Ascension.

It is good and it has been wonderful to have the knowledge and the ability to sustain Life in the body; but still, that is but a temporary thing in comparison to the Fullness of the Goal in attaining your Ascension. That is the reason why every step gained in the acknowledgment of your "Presence" becomes a permanently-sustained Activity. You are gaining such mighty progress. Don't be impatient, but go on in that great, calm, firm, mighty, determined Application in calling your "Presence" into action. But oh please, do not lay down on the job! You Precious, Beloved Children, if you will start in making your firm, calm Application, calling your "Presence" into action, the progress of the last year would be but a fragment in comparison to That which would be accomplished in this year. May I be able to impress this so firmly within your feelings that you will allow nothing to interfere with your definite Application, three times a day, for your Freedom, for your Supply, to be placed in your own Perfect Activity of Service, and to charge your home with Ascended Masters'—not only Consciousness, but Presence—calling them to take Command of your home

and keep everything out of your home but the Harmony and Perfection of the Ascended Masters; and to stand place on guard at your doors so that no person, place or condition comes into your home that can carry anything but the Perfection and the Harmony of the "Presence." Then you will establish such a Mighty Focus within your home—that already has a beautiful atmosphere—that your Call, your Decrees, may find almost Instantaneous Manifestation.

Never joke about the Law—anyone! Always be happy and full of fun—that is wonderful. I rejoice so much to see it. Don't become too serious. Give each other absolute freedom in every way; then see the great Happiness that will fill your world and being that is the same to all.

Oh how We rejoice to give Assistance as mankind's great love and happiness comes to us. Oh that you might really feel Our Great Reality! And one day you shall! Don't be discouraged. One day you shall all feel and know the Great Reality, really, and I hope it is not long. You Blessed Ones, all of you, don't fear that every earnest, sincere effort that you put forth ever fails to receive its answer. Oh it is so wonderful, and I know the Freedom that stands before you in your firm, determined Application. Nothing can keep you from it. Don't let any feeling ever talk back to you and say you can be deprived one moment of that Freedom and the Goal of your Ascension.

One who will speak to you now needs no introduction, I am sure—the Beloved God Tabor.

The Beloved Mighty God Tabor:

As I have held you in My Embrace of Light for many months, so do I consider it a Privilege in rendering that Service which will enable you to feel more deeply your Freedom in the Call to your "Presence." Having been so closely in touch
