

Our Beloved Saint Germain:

When using Our Violet Consuming Flame, when you think of It, hold the Picture of It within and around yourselves. See It around everybody you contact. See It on the highways everywhere. See It around every home you see, every building. Then see It fill every city within your Nation! See It fill the Nation! See It fill the world! See It fill the atmosphere! . . .

Your Blessed Violet Flame and Fiery Christ Blue Lightning Purity are all the Treasure-house of Blessings beyond words to describe that can flow through you and to you, to America and the world. It can release the Manifestations from the Ascended Masters' Octave which can move into outer physical conditions That which compels evil to cease to be. Please believe Me tonight! Please try this! Please experiment with this just twenty-four hours and see for yourself what the next day will bring. . . .

. . . May you be a part of Our Love which governs this Nation and this world forever with Us! "*I AM*" *that Freedom, that Peace and that Sacred Fire Love!* I will give It without limit, and I ask your own "Beloved Mighty I AM Presence" to take away everything else so you may stand with Us as the Legions of Sacred Fire Freedom! . . .
