

Discourse by
Beloved Saint Germain
Through Mrs. G. W. Ballard

Well, My Beloved Family of Denver, again we meet Heart to Heart, face to face, hand to hand. All things change in this world, and now your privilege to expand Perfection, the Good of the universe, is without any limit whatsoever as you go forward in the determination to draw the Violet Consuming Flame's Invincible Miracle Love into everything that you contact.

It is not your concern whether someone is worthy of something or not; your concern is about the Fulfillment of the Divine Plan of your own "Mighty I AM Presence," and your "I AM Presence" is only concerned with manifesting Perfection, in, through, and around you; and filling the universe around you with It, that you may remain Eternally Happy. And you cannot remain Eternally Happy without the Invincible Perfection and the Love of the Violet Consuming Flame, because Perfection is that Love; and the Violet Consuming Flame in Itself is the Eternal Perfection, the Eternal Purity that can never manifest anything but the Love that enables you to go forward and create Perfection, command It to forever expand and to flood about you the Glory of Its Light—the Blazing Sacred Fire of Its Almighty Dominion over everything in the universe.

Believe Me when I say the Sacred Fire of Our Miracle Love is the Dominion of everything in the universe! And you cannot be free until you have Dominion! And you cannot have Dominion without the Sacred Fire, which

is the Eternal Purity of this Miracle Love of which We speak. So if you are determined to be happy, you will compel the outer self to give the Decrees and demand the Manifestations of the Sacred Fire of that Miracle Love which sets you Free. If you are not determined enough, you won't be Free. If you *are* determined enough, the Sacred Fire of that Miracle Love will ever surge to force Itself through everything until It has produced the Perfection that sets you Free.

Mankind knows so little of what the Sacred Fire means, and they know so little of the Real Power of the Miracle of Life, the Miracle of Its Love, the Miracle of Its Light that is ever surging to expand Itself to produce Perfection and sustain It; to protect It and expand It, and to give without limit to Life, that Life may give back to you more of Itself. Since the Law of the universe is the Expansion of the Sacred Fire of that Miracle Love of Eternity—Its Immortal Manifestation—then, My Dear Ones, try to realize that as you give your “Beloved I AM Presence” a chance by your Love and Obedience to It to expand the Sacred Fire of Its Miracle Love through you, It clothes you with the Power to feel your Oneness with everything of Perfection that Life can give. Life is waiting and ever surging and seeking an opening by which It may bring to you Greater Perfection of Itself, more than you could ever dream in the outer intellect. Your “Presence” wants you to have more happiness than you even understand—your “Presence,” which is the Sacred Fire of the Universe. Your “Mighty I AM Presence,” the Electronic Body and the Higher Mental Body are the Sacred Fire of the Universe. They are the Miracle Love of Eternity. They are the Infinite, Ever-expanding Power of Life. They are Invincible Protection to all that is constructive. They are ever seeking an opening through the outer self to expand the Blessings

from the Octave of Light and from Our Octave into you and through you, and into the world around you, that you many know naught but Its Presence and Our Perfection of Life.

But We have to have your attention. We have to have your determination, your decision that That is what you want. And when you ask individuals that, they say, “Well, of course, I always want that.” And what is the feeling that makes them say it that way? Resentment. Because they do not have It in manifestation now; because if the feeling actually wanted It intensely enough, it would make the outer self give Obedience to the “Presence” and the Ascended Host by which the Manifestation could come. So the intellect often fools you by saying one thing, and the feelings deliberately feeling the opposite.

This is what I am coming to: when you demand fiercely enough that every bit of energy of this outer self be compelled to feel the Eternal Love of the Violet Consuming Flame, it will force the Purification of the energy and the substance of your flesh bodies and your mental and feeling world. And when you force that Purification, well, what have you done? You have just thrown out the human, and God remains! Doesn’t it sound simple? And it is! It is simple to accept God, the “Beloved Mighty I AM Presence” and all of Its Good. But the difficult thing is to force the attention away from the discord and compel the feelings to willingly let go; because the intellect knows that if it allows the attention to go to something destructive, the feelings follow and tie you to that.

Now analyze your feelings. When there is a sudden excitement or accident, what is the pull of your feeling? The curiosity to go see what has happened, isn’t it? Oh yes it is! When there is a fire, what happens? Everybody runs to the fire, don’t they? And why do they run? Out

of curiosity. They are not concerned about calling to the “Mighty I AM Presence” or God as they know it to put the fire out or protect what is constructive; they are just curious to go and see the destruction go on.

That is what your feeling world has done to you through human desire; and if you want your feelings to let go of the human, then you will have to decide within yourselves that you are going to master the energy of your feeling world. You are going to take that thing in hand, and you are going to say with every atom of your being: *“Beloved Mighty I AM Presence” and Great Ascended Host! Blast! Annihilate! and keep out of me forever all human desire, all human feeling, all human creation; for “I AM” through with all that is not the Eternal Perfection of Your Love, and the Sacred Fire of Its Ever-expanding Power.* The day you do that with fierce, relentless determination to be free from human desire and the human habits and human creation which it has imposed upon you, you will be Free. And when you decide you want your Freedom, I will be there! Now do you want Me or don’t you? (*applause—audience rising*) Thank you, Precious Ones, with all My Heart’s Love. Won’t you be seated please.

Now this is the crucial point. When you decide that you are going to be free from human desire and human creation and human habit, then when you really mean that with all you are and have, then the Cosmic Law says to Me, “Set free the Life Stream that has decided to manifest the Fulfillment of Its Eternal Destiny.” So when you are determined to fulfill your Destiny, I will be there with you, and we will fulfill It together! Now then, My calling upon you will be dependent upon how determined you are to be Free! Do you know why We have not come, except in this way? Do you know why We do not walk

among you, Visible and Tangible to you all? Can you guess, after what I have said? When you want Me enough, I will be there; but you cannot decide to want Me one day and the next day allow the curiosity in you to go hunt up some more human creation and find out what's in it; because the Cosmic Law knows whether you really want Me and My Freedom, or whether you are not yet through with your experiments with misery. I know when the misery gets great enough you temporarily think you had better go back to God, and as soon as the Great "God Presence" releases the misery, you begin to get curious again about human creation, and you turn away.

Mankind has done it. Two and a half million years is a long time to experiment with misery—that is as self-evident as Life exists. So when you want the Presence of the Ascended Host, when you want Our Assistance for your Nation, when you want the Manifestations that compel Freedom to Life, you will decide to be through with human desire. And My Idea would be, if I were you, that when I said to my "Mighty I AM Presence" and the Ascended Host: *"I demand my Freedom unconditionally, eternally and immediately with Full Power from all human desire and its creation of the centuries! I demand also that it be replaced by the Fulfillment of the Eternal Divine Desires of my "Beloved I AM Presence" and the Ascended Host, to the Fulfillment of my Destiny in setting the rest of Life free as quickly as possible;* then you won't even know or miss your human desires, because you will be so full of the Fulfillment of the Divine Desires and so occupied with their Happiness, so active with the Expansion of their Perfection that the old limitations will have dropped away like an old garment, and you will forget that you have left your overcoat somewhere else.

You know how often you do that. You leave your

hat or overcoat lay somewhere, and you go off. Sometimes you come back and find it, and sometimes you don't. I hope if you decide to get rid of your human desires, that if you ever turn back, you won't even find them! (*applause*) Thank you. Now if I can turn your desire, or curiosity—they are different—into the Eternal Divine Desire to know the Fullness of your “Blessed I AM Presence,” if I can keep your attention There, and your Desire to know the Power of the Sacred Fire of Eternal Love, then We will have raised that quality of curiosity into a useful Activity, a constructive Power that will draw the outer self, or draw to the outer self, the Illumination from the “Presence” that sets you Free.

Don't fail to *call for the Ascended Masters' Illumination, Comprehension and Understanding of what you need to have in the outer world to do what you want to do to fulfill the Divine Plan*; because the outer world doesn't contain the Knowledge you require to fulfill the Divine Plan of your “Presence” or Our Octave. You have got to call your “Presence” and to Us for the Illumination necessary to show you how to fulfill the Divine Plan, because the Solution of that problem does not exist in the outer world. It must come from within. So when you *demand your Invincible Victory of the Sacred Fire and Miracle Love from the Great Great Silence, and Its Victorious Power that sets you Free in such Wondrous Action of the Violet Consuming Flame that you know only Joy in the release of Its Use*, then you will have stepped through the Door that the Beloved Master Jesus referred to when He said, “*I AM*” the *Open Door that no man can shut*. It is an Open Door. It is like an arch that has no door to close it, and when you enter into the use of the Sacred Fire of the Miracle Love of Life, then the shadows cannot follow you through that Open Door, because There abides

only Light within that penetrates all things; and There the shadows can never live.

So I call you Home to the Glory of that Realm of Light in which the Miracle Love of Eternity is the Ever-expanding Activity of Life; and the Sacred Fire of Its Almighty Power surges at your Command without reservation and performs everything perfectly for you. It is Its own Defense! It raises you ever into greater and greater Victorious Accomplishment, and you never again are touched by distress or limitation or struggle. Come and enter in through the Open Door and Use of the Violet Consuming Flame, whose Love purifies all and sets all Free who want Freedom from human desire and human habit and human creation.

So let us go forward, hand in hand like happy children, ever seeing the Glory that is ahead and above, always filled with Beauty and Power and Absolute Certainty of Accomplishment. There will you find the Mastery of Life, and in your effort to reach It, will We give you the Scepter of the Violet Consuming Flame and Its Sacred Fire of Eternal Love—Invincible over everything in this world. Every moment that you do not use It is wasted; and if you want your Freedom, you will love It and use It and let It expand the Blessings of Its Perfection to you that set you Free. Then you, in turn, can give It to others, until all make the effort to return to the Freedom from whence they came and to which they must return, and which is ever calling them to turn away from the human desires, the habits and the feelings of the outer self that are the creations that bind them to distress and to limitations and degradation.

There is only one result of human creation, and that is annihilation. There is only one result of the Divine Desires of the universe, and that is Eternal Perfection.

Come Home where you belong, and never again turn to the shadows. Let human desire be forever withdrawn from Life everywhere, and be a part of the Eternal Glory and Mastery that ever awaits your acceptance, and is the Blessing to which you are heirs, and is the Eternal Destiny of all Life, Consciousness, Substance and Energy that enters into the Light.

May that Light become so bright in and around you that Its Glorifying, Beautifying Presence lifts you beyond your fondest dreams, and you find God, the “Mighty I AM Presence” own Heart’s Flame of Eternal Love the Reality of your Everlasting Happiness into the Ascension.

Thank you, and come on My Violet Flame Pathway of Love Eternal. Thank you, and good night.

Beloved Mighty Helios:

When you call forth Happiness from Our Octave, It is Eternal; and the more you can be like happy children experimenting with new toys, the happier the outer will be. . . .

Try to feel that you are obligated to keep happy every day. I want you to feel that; and if things get too serious and press too heavily, turn away—if it is only for a few moments—go back to your “Presence” and call directly to Us for Our Cosmic Happiness. Just be still a moment until you have received It. . . .
