ASCENDED MASTER YOUTH BREAKFAST

(Special Reprint for the "I AM" Ascended Master Miracle Youth Conclave, originally published in the June, 1944 "Voice of the I AM")

Beloved "I AM" Ascended Master Youth! You know you represent Me, for you have called your Group, "Saint Germain's 'I AM' Courtesy Group." That is one of the principal characteristics, not only of the Ascended Host of Light, but of all who are constructive in the outer world.

Since the "I AM" Ascended Master Youth of Chicago have chosen to dedicate their Group here to Me and have called your Group "Saint Germain's 'I AM' Courtesy Group," it means that you will need to use both the Violet Consuming Flame and the Pink Flame in continual action. You know, courtesy is kindness, and courtesy is also Purity. You cannot be courteous to someone unless there is truly a feeling of kindness within that courtesy; for *Real Courtesy* is the Blessing of the Flame from within your Hearts to all Life wherever you move; and with the exception of vicious forces or individuals wherein you must be dynamically firm, at no other time is there ever an excuse for lack of courtesy. Courtesy is an unselfish consideration for the happiness of all the rest of Life.

In addition to the use of the Violet Consuming Flame, your Call to the Goddess of Purity is the thing that is

needed, not only most needed, but is the thing which will draw around you an Invincible Protection. You might not think so on first contemplating It; but if you will think deeply upon Purity, you will find, as you draw more of the Substance from the Ascended Masters' Octave of Light and the Substance from the Temple of the Goddess of Purity, you will find It an Insulation against the vicious forces of the world; for they are afraid of Purity. That might not seem so on first thought, but I tell you, destructive forces fear those whom they know have been strong enough to live above the sinister force's contamination.

So in talking to the "I AM" Ascended Master Youth, I want to turn your attention with Great Love and Gratitude to your own "Mighty I AM Presence" and all the Ascended Host, especially to Myself in the use of the Violet Consuming Flame—and the Blessing of the Goddess of Purity—for more reasons than one. In the first place, without Purity you cannot have Permanent Happiness. Anything else that might seem to be so is but temporary. There can be no Happiness from impurity of any kind; for all impurity is discord. All discord is darkness, and all darkness is fear!

Now will you please watch closely the sequence of effects: Purity is Harmony. Purity is Freedom, and Purity is Light. Therefore whatever draws you into the Light draws you up and out of fear and limitation. You who represent the future of America are facing the responsibility of Life to hold such Purity and Harmony about you that you are insulated against the destructive forces, until that time when they can be completely removed from the Earth.

Since the entire future of America depends upon you, then the entire happiness of America depends on you, and the entire Protection of America depends on

you; for you are the builders of the Incoming Golden Age.

I, Myself, representing Freedom to the Earth, insist on that Purity of Life which enables it to be Free. And you cannot be Free without Purity. Since Obedience is the Great Law of Life, and your Beloved Messenger, Our Precious Godfré, is that Obedience to the Earth, then with His Enfolding Love, your Obedience, and the Purity from your own “Mighty I AM Presence,” it will enable Me to give you Freedom. You cannot have financial success in the future without Purity and Freedom. Whether it be in America or the rest of the world, it matters not! The cycle changes, and that which will not become Pure means that it does not want to be Free. Since this is the Cycle of Freedom over which “I AM” the Authority over the next ten thousand years, then as that Freedom to the Earth, the thing humanity requires most is Purity.

These two Mighty Qualities of Life are so interlaced and are so much a part of each other that as you give your Love and Adoration to this Mighty Being, the Elohim of Eternal, Invincible Purity who has so recently come from out the Great Silence, and with your Call to Him, to the God and Goddess of Purity, and to the Angels of Purity, you can have Their Insulation held about you with such Power that the destructive forces of the outer world cannot reach you.

This is what Jesus meant when He said to this Messenger, “Lotus, be at Peace; soon the Light will be Its own Defense.” The Substance of Purity called forth from the Ascended Masters’ Octave of Light and the Flame of Purity from the Heart of the Mighty Elohim of Purity, the God and Goddess of Purity and the Angels of Purity—and as far as that is concerned, from the Heart of every Ascended Being and Cosmic Being of Light—those Mighty Activities become a Condensation of Light Substance

around you; not only within and around your physical body, but they condense into the atmosphere around you, and as you draw more and more of that through your Conscious Call, these Great Dispensations of Life will be given. And it is upon this Intensification of the Power of Purity and the Substance of Purity around your physical bodies that the Manifestations for which you have been calling depend.

The Visible, Tangible Presence of the Ascended Masters with you depends upon the amount of the Substance of Purity in your atmosphere. The Manifestations, whether they be through you or drawn by the Great Host of Masters into the outer atmosphere, depend upon the amount of Purity which has been consciously called forth by unascended beings. The Ascended Host are wholly Pure and Perfect and are always the Authority to produce instantly any Manifestation They might desire; and They do desire these Manifestations to be brought forth in the physical octave for the encouragement of mankind, which will be a Magnet to draw the attention of the people away from the shadows of their own impurity.

While the Ascended Ones have for centuries been ready to produce these Manifestations to draw mankind up and out of their own distress, yet a certain number of unascended humanity of this Earth must, through their own authority of Life, call down the Substance of that Purity in order to fulfill the Demand of the Great Cosmic Law. There is nothing can purify you except the Violet Consuming Flame. Therefore, you who represent My Freedom to the Earth must yourselves become Free through Purity. This is no imaginary thing! It is not just a platitude! The demand of the Cosmic Law is Absolute Purity if you are to wield the Unlimited Powers of Light in this universe; for through a soiled window the Light does not shine.

Everything that has ever caused your unhappiness is some impure substance, either in your etheric body, your emotional body, your physical structure, or the atmosphere about you in your mental and feeling world; for from your emotional bodies the substance pours forth around you anywhere from at least three to fifty feet, depending upon the accumulation. The thing mankind requires the most and which is three times more powerful than the spoken word is the radiation from individuals through the desire for Purity. That is where you can be of such tremendous Blessing to everybody you contact, even those you pass by on the street. As you yourselves insist and call forth the Substance of Purity from the Ascended Masters' Octave and charge that around you like a Sun of Living, Blazing, Dazzling Light, It can be drawn around a few individuals with such intensity that It can purify an entire city, or It can protect an entire city; for I remind you again that the Substance of Purity condensed around you can be an Insulation through which destructive forces cannot pass; because Purity is Light, and destructive forces know when they see the Light that if they attempt to enter into It, they are dissolved by It. That is why the Light knows no interference nor opposition but is the Supreme Authority of the Universe.

The drawing of the Power of Purity will yield you Manifestations and Joys that can never be described in words. All this whole planet needs is Purity in order to be happy and fulfill the Divine Plan. You who want success in your business activities, you who want success in the accomplishment of those magnificent things you have planned for the Younger Generation, must be that success through Purity; because as I stated to you before, success in the future will not be permitted on this Earth for any destructive activity nor individual. The housecleaning

of the ages is at hand, and that which does not prefer the Light will be drawn into the shadows by its own free will. None need to remain in the shadows unless they so choose! Yet to a large extent, the destructive use of the free will of certain Life Streams will be set aside where there is a Momentum of some tremendous good in the past which can be drawn forth to overwhelm, or rather, to offset some of the things that have drawn them into the conditions which are destructive in the outer world today.

There is no one thing people of this Land need this instant as much as greater Purity; for everything that the outer world does seeks to impose upon Life something that is not of the Light; therefore something that is not Purity. Everything of war contaminates all that has been brought forth here before. That *must* be reversed in the outer!

So be strong, be indifferent to anybody's thought, praise or blame, criticism or condemnation, and know just one thing: command your attention to go to your "Presence" and STAY THERE! Then BE, through your attention, the Purity and Perfection of your "Presence" and the Ascended Host!

Those whose bodies require healing need only the Substance of Purity; for lack of health is lack of the Substance of Light, and all distress or pain is the lack of Purity. It is but a burning-out process and the rebellion of the Beings of the Elements against the discord imposed upon them by the impurity of mankind's thoughts and feelings.

Now in the future, try not so much to talk about this, as to *radiate It and be It*. Call to the Beloved Mighty Glorious Cosmic Being, the Elohim of Eternal Invincible Purity! Ask Him to release the Pressure of that Purity from the Great Central Sun whose Intensity of Light is

so concentrated that It consumes all unlike Itself and forms Its own Pathway of Light wherever It moves; for It burns out of Its Pathway everything that is not of the Light. That is the Pressure of the Substance from those Great Heights of Perfection which, if It be called forth consciously by those who are unascended, will open the floodgates and let flow such an Avalanche of the Cosmic Light Substance that no human discord can stand against It—be it individual, national, or from humanity en masse.

America *must* be flooded with Purity! Her government *must* be charged with Purity; for all injustice is impurity. All selfishness is impurity, and Precious Ones, all financial lack is the result of impurity. Judge not each other. Pass no opinions, but go to work upon yourselves and your own worlds! Insist that the Full Mastery and Purity from your “Mighty I AM Presence” shall blaze through your minds, your bodies, your feelings and your worlds; and the Limitless, Invincible, Eternal Purity fulfill the Divine Plan through you; and charge around you Oceans of the Substance of Eternal Invincible Purity; for I tell you, the Concentration of that Light Substance from the Ascended Masters’ Octave can be drawn around you with such intensity that it makes it impossible for a shadow to come in!

Begin to build this, not only around your own bodies, your own homes and affairs; but call this Substance into action and insulate every “I AM” Ascended Master Study Group so that you may have the Protection against the outer world’s discord. Then it will enable you to go forward and accomplish what you will with almost the speed of lightning.

There is nothing stands before you, Precious “I AM” Ascended Master Youth—nothing stands before you which can oppose or prevent your Perfection if you will stand with your

faces to your “I AM Presence,” call for this Purity, sustain and expand It and go your way, looking neither right nor left; but just flooding the Light, calling It into action, blazing It through yourselves and commanding Purity wherever you move! Give no quarter to anything less than That, whether it be in thought, feeling, spoken word or act; and you will know a reward that no generation on this Earth has ever experienced, and it will come quicker than you dream!

The Precious Ones who have ascended from your midst, including your Precious Darling Nada [Potter] and some of the “I AM” Ascended Master Youth, stand at your Call, ready at any moment to release the Substance of Purity from Their Octave. And if you thought they loved you in the unascended state, you should see Their Love enfold you now as you turn your attention to Them. They will clothe you in Garments of Light, and if you will call, those Garments can be made Visible and Tangible, both to you and the rest of mankind!

The Great Law of Life but awaits your attention, uninterrupted, to any specific thing in order to rush forward and give you the Fulfillment of your Heart’s Desire; and your Heart’s Desires are always Pure. But Life must have your Call for Purity! You, yourself, must decide of your own Free Will whether you want *all* the Blessings and *all* the Protection of Purity, or whether you choose to still experiment with the misery of the shadows. Remember, from the following of the physical senses there has never come anything but distress and never will! All happiness comes from the Light, and the Light is the desire of your “Mighty I AM Presence” and the Ascended Ones to expand Perfection through you.

Now for your own activities, both here in Chicago and in other principal cities of the world, the “I AM” Ascended Master Youth, having much to do in bringing

forth the Permanent Perfection of the Incoming Golden Age, are the Open Doors through which these magnificent new materials, inventions and blessings to the rest of mankind are to be brought into the world's outer use. Mankind's entire standard of living must be raised; and I say this to all corporations: either purify yourselves and serve mankind unselfishly in the future or you will disintegrate; for nothing belongs to the New Cycle except that which is permanently constructive, and selfishness is not constructive!

To you Precious "I AM" Ascended Master Youth, set your standards high! Make them inflexible! Make them the Perfection of the Ascended Masters and see what the Ascended Ones have in store for you! See what you can have in a year or two which might have taken the last generation twenty-five years to accomplish!

You shall have your "I AM" Ascended Master Conclave in its permanent building if you will continue to make your Calls! Life cares not what you ask of It, if you will but fulfill Its conditions and keep the Harmony which enables It to come through! Purity is the first requirement of Life to produce outer manifestation. The first Action of Life was Obedience, and the first Manifestation was the Purity of the Substance of Light. Light and Purity and Freedom are synonymous. You cannot have any happiness without them, and what might seem so to you in temporary sensation is something that is not concerned with the Light. I tell you it is not happiness, never was and never will be; for you will find there is a penalty to be paid which rends the feeling world with agony, and you wonder sometimes if it is ever going to end.

Purity alone is the Freedom of Life! Light is Purity, and all this precious world needs is just more Light to purify or dissolve the substance that has been qualified

with discord. Precious “I AM” Ascended Master Youth, there is one thing I feel definitely is a Service you may give, if you choose to take the responsibility. I shall ask the large Study Groups to do this also, and that is: definitely concentrate on a Call to purify the conditions in the military camps; for those Life Streams, Precious Ones, are suffering as you know not how under the filth—mental, emotional and physical—in which the Temples of God have to function, until each individual takes the Authority of his Life Stream and commands that Light shall dissolve all else; then adores his “Mighty I AM Presence” in loving gratitude until the Light blazes with the Power that shatters all else.

Everything in America has got to be purified! The government, the homes, the business, the bodies of the people; all conditions of industry, commerce and outer world business; all outer activities of the Younger Generation; for only by the Purification of the substance of people’s mental and feeling world will they have Protection. When the discord presses upon them too heavily, unless they are given Assistance, they go down under it and pass out of the body.

Now in regard to those who have made the Ascension in passing out of the body through war, whether they be “I AM” Students or the general mass of mankind who have been given the Ascension in passing out through war, you can call to them to STOP ALL WAR! They have been through the impurity of war and they know only too well under what the rest of Life here is struggling. You hear this Messenger say in the Invocation, when the Call is made for those Ascended to turn Their Light Rays back upon the Earth and keep intensifying them until all war is consumed from the planet. When they are Ascended, those Blessed Ones turn with a fierceness and

Power of Concentration that you cannot possibly understand unless you have been through those experiences.

So as more are given the Ascension, whether it be through the Calls of the Students for Assistance or through the Great Dispensations of Light, as given for the Ascension of those passing out through war, that Assistance shall come to the Earth; but It must come first in America. Precious Ones, were you to concentrate for one month on the Purification of the government of the United States of America by the Power of the Cosmic Light, the Violet Flame and the Blue Lightning, you would be amazed at the speed with which outer vicious conditions would be dissolved.

So Beloved "I AM" Ascended Master Youth, take your stand! Yield not an inch to anything that wants to make you discordant! Never lower your standards! You be the Standard of Light, Purity and Freedom, and compel the world to rise to you, but never drop to their level. Hold the dignity! Hold the Mastery and Majesty! Hold the Authority and Protection of Purity, and everything in this universe will seek to serve you, protect you and give you success!

Precious Ones who are making the Calls for your own "I AM" Temples of Light, I say, make the Call to purify your Student Groups! Call for the Purity of everyone within them! Have no opinions in the outer! Be oblivious, except to go on and call forth Purity in your Groups and Protection for those Groups. Then your "Mighty I AM Presence" will, through that Purity, provide an abundance of everything your Hearts desire as soon as you can use it, and bring forth these outer Temples in which you may render such Service as mankind have never given before in any age.

There is a vast difference in the amount of Power released through the Conscious Understanding of the Law

and the Conscious Command of Life, using the Authority of the Great Cosmic Word, "I AM," and that which has been drawn forth in the centuries past just by the Harmony maintained. That which is consciously commanded rushes forward with at least a hundred times more pressure and speed than that which just ordinarily comes forth because of Harmony maintained. But Harmony maintained *and* the Conscious Call brings forth your Instantaneous Fulfillment.

There is not a thing in this universe, Precious "I AM" Ascended Master Youth, that your Precious Hearts cannot bring forth. You can give as no generation has ever given to Life through your Conscious Calls; but your Love, your Gratitude and your Conscious Understanding of the Law are required by Life before your Calls can be fulfilled.

Thank you for this magnificent breakfast this morning! Thank you for your ceaseless work; and don't let down on your Application one second; rather, increase it—not with a sense of exhaustion, but with a great exhilaration and enjoyment of the privilege it is to live in the atmosphere of Purity wherein you are the Authority of Life and command the Powers of Light to release Their Power and fulfill your every Command!

You here this morning are as lifted and as separate from the discord of the outer world as if you were on the planet Venus or some other star in space. You are no more a part of the vibratory action of the outer world while you have been here the last two hours than if you were not on the planet; but even if you were to maintain This for yourselves individually while you were moving in the outer world, could you still be happy when those you love are in the shadows of human hate?

Think of those this morning who are in the channels of the National Defense. Think of those going abroad

in the conditions under which they must struggle. Can you be contented when you know, by the Authority of your own Life, you can compel those destructive forces to let go of Life everywhere through the Commands of the Great Word "I AM"! You ARE that Authority, Precious Ones, and with your continued Calls and your relentless determination, there shall blaze forth the Power which forever sets Free those beloved Life Streams. And every one is precious to Us! You might not like their human accumulation. You might not like what they do; but We do not see that! We see the Life Stream and Its Light and the many wonderful things those Life Streams have done in the past. That stands waiting in its Momentum of gathered constructively-qualified energy to release greater Blessings to them. But the discord must be annihilated by the Command and Authority of Life from unascended beings who know this Law.

I tell you, as you go forth there will be no quarter given to that which seeks to hold Life in bondage when all should be set Free! Your loved ones are a part of your Life Streams. Life is One! Consciousness is One! Light is One, and Light alone is the Authority over substance and energy! Precious "I AM" Ascended Master Youth, call every Blessing from the Ascended Masters' Octave at your Command, and all those Great Ones to whom you call shall clothe you in Mantles of Substance of *Eternal, Invincible* Purity. Please use those two words in connection with your Call; for when your Command is *Eternal and Invincible*, you move forward Its Commanding Authority, and every impure thing on the planet will flee before you and dissolve at your approach!

That Mighty Glorious Elohim of Eternal, Invincible Purity has come from out the Great Great Silence and stands in the upper atmosphere of Earth. He has not

come close yet; but His Power is so tremendous that as you turn your attention to Him, there shall flood over you a Stillness, an Authority and Power of Purity to which everything in this Universe shall bow!

Through the Flame from the Heart of the God of Purity and the Substance from the Heart of the Goddess of Purity and the Almighty Power of the Light Rays from the Angels of Purity there shall come to enfold you in ever-expanding, eternally-established Action that Substance from the Ascended Masters' Octave and the Cosmic Activities of Life which is charged with *Eternal, Invincible Purity*. If you will call intensely enough, It shall condense upon your garments, or even become your Garments! May It be charged with such Conscious Feeling and Power of Radiation as you pass among the rest of mankind that It acts like a Great Sun that draws all up through loving gratitude into that same Mighty Action; for mankind is starving for Purity, and they cannot survive without It.

All that is not Purity dissolves and disintegrates; and so you are the "Cup of Purity" to the Younger Generation! The "I AM" Ascended Master Youth are the "Crystal Cup" of the Ascended Masters' Purity to the Younger Generation and to America. ***Dim not your Light! Do not shut off Its Radiance! And turn not your attention to anything but Its Purity and Perfection! Let It make you the happiest people on Earth! Let It give you all the wealth in the Universe! Let It make you Invincible before the rest of mankind! And you will find Ascended Master Friends raised up to help you hold That which is to be the Purification of the whole world.***

Beloved Precious, Precious Younger Generation, how I would like to take you into the Flame of My Heart and raise you into the next Octave, never again to know anything but that Purity and Freedom; but you are the "Bearers of the Light"! You are the "CUP" of that Light

to the mankind of this Earth, and It must pour forth; for they are athirst for that Purity, and someone must give It. The more unascended beings call It forth, the quicker will be the Release, so *take* your Authority! *BE* the Fulfillment of the Law, and *let* the Law give to you everything you can ask to bring forth these Perfect outer activities that purify the daily life of mankind and raise it into the Eternal Sun of the Joy of Existence that never casts a shadow upon the substance which Life has placed here.

Create no more shadows, Precious Ones of this world; and remember, wherever you move, you are the Guests of God's Purity! *BE* It, and *BE* the Host of that Purity to those who are starving for Its Light! O Precious Ones, you do not yet know a fragment of the Joy the Ascended Ones have prepared for you in the Purity and Joy of the "I AM" Music that is yet to come, which will lift you beyond yourselves. And that great service which you can render—every one in this room can render it from now on if you never again look upon the shadows.

Remember, the Goddess of Light never looked down, but held Her face to the Light until She was the Authority over every human being who imposed injustice upon Her. You too may be that same Power of Purity to the Younger Generation and to those of the outer world whom you must meet. Precious Ones, you will soon see a wave of the desire for Purity sweep over the mass of the people. That is the time to take advantage of it, and if your Momentum is prepared, you may be a ceaseless Fountain of Assistance to those of the outer world, who will quickly see your Authority and Power through Purity and want to become like you. If you will arouse the desire in them of their own volition, in their own feelings, to use this Power which raises them into connection with this Greater

Light, they can become Its Master Presence, Eternally Free.

With all the Love and Purity of the God and Goddess of Purity, the Angels of Purity and the Great Elohim of Eternal, Invincible Purity, We clothe you and hold you sealed in that Substance which They pour from Their Octave of Light, Their Great, Great Heights of Attainment. We ask Them to provide this Substance for you, for all you hold near and dear, for our Beloved Don, the “I AM” Ascended Master Youth, all the “I AM” Students in the National Defense, and all others in the National Defense. We ask those Great Beings to clothe those in the National Defense in such a worldwide ocean of the Substance of Eternal Purity from that Great Cosmic Being, that It floods forth like an ocean and shuts off everything else forever.

I bear to you the Love, Blessings, and Congratulations from the Four Precious Nadas, Bob, Rex, Pearl, and all who govern the Activities of the “I AM” Ascended Master Youth—and from Our Precious Louisa, who never stops calling and working to raise you precious ones into Greater Freedom and Purity of Life. Oh, that every young person in America this morning could have been present and received the enfolding Radiance which has gone forth to clothe you! But with your Call to the Elohim of Eternal Invincible Purity, everything you call forth shall come forth instantly and flood over America the Purity She must have quickly to shut out the shadows. Never stop calling to the Ascended Host, especially our Precious Beloved Jesus and Mary. O Precious, Precious Ones, call for Their Luminous Presence and Personal Rays to enfold you and the Younger Generation, to enfold you in Their Ascended Master Purity! There is not a thing you can

ask that They would not give you, and there is nothing worth living for except Their Purity!

May you feel It this morning with Their Power! May Its Crystal Clearness enter into you and form an Armor, a Sea of Living Substance about you in such terrific action that you forevermore are Its Radiant Presence and send It everywhere at your Conscious Command to set all Free!

We thank you and love you and bless you, Precious Ascended Master Youth of the "I AM"! That Glorious Word! That Absolutely Pure Presence! That Invincible Protection! You, the "I AM" Ascended Master Youth of Chicago, shall have your own Glorious, Blazing Victory of Light and give without limit the Fullness of Its Perfection to raise all! I leave you with My Love, My Courtesy; and may My Freedom, My Purity, be your Guiding Star and your Blazing Mantle of Authority to make all become the Victory, Freedom and Purity of the "Presence," until We meet again. I thank you!
