

Discourse by
Beloved Saint Germain
Through Mrs. G. W. Ballard

Chicago, Illinois

September 28, 1947

My Dear Ones of the Sacred Fire, for such you have become as My Family of Freedom. As we enter tonight into the use of certain advanced Powers, I trust those Words will mean more to you than you have ever realized in the past. I want you to know, before I go into the greater Release of the Power, I want you to feel and to know and to remember with all you are, that those Life Streams which the Great Cosmic Law has given to Me for the accomplishment of the cleansing of the Earth, in bringing the Freedom of God to man, have been the Great Cosmic Law's Release and Trust to Me through the centuries.

You, together with Myself and the other Beings who are assisting in the final cleansing of the Earth, form, from the Cosmic Standpoint, a Gigantic Open Heart of the Sacred Fire to the Earth through which these more Powerful Activities of the Cosmic Christ can enter into the structure of the Earth itself and into the Life Streams of the rest of mankind through the Radiation We pour forth through you. Therefore your responsibility is very great. Each of your Life Streams has been entrusted to Me, as the Guardian of the Freedom to the Earth, to see how much of each one's Activity of the Sacred Fire from the Great Central Sun can be used at this time to free your fellowman from the shadows of self-creation of the outer self. Now because of that, you, being the Cosmic Law's

Trust to Me, become a part of that Great Cosmic Open Heart of God's Freedom to the Earth. Therefore each one of your Life Streams is important to Me and the Cosmic Work which is My Responsibility to Life; and you, in turn, become responsible for the effect of your Radiation upon others. Since this is an Action of the Cosmic Law, then each of Us is responsible to the Law, to Life, for the Perfect Fulfillment of Our Obligation to set Life free from human qualities.

I would like to have the whole Student Body, as well as the Group Leaders and those in charge of each "I AM" Temple, Sanctuary and Reading Room of this "I AM" Activity, come to the realization that every person whom your Higher Mental Body brings into association with you is a Trust from Life. Regardless of the human accumulation of the outer self, Life has brought more of God's Sacred Fire into contact with your being and world, that it may receive your Blessing, and if Harmony be needed there, then it becomes your obligation to charge forth that Harmony to others as you pass them by or as you associate with them.

You know, from My standpoint, if you have made mistakes or "fall off the perch" sometimes, as you say, My business to you has been to pour My Love and My Harmony and My Violet Flame to you to help consume the mistake and give you the Strength by which we both can give Freedom to all. So each person's responsibility under this Radiation is far greater than that which might seem to be your Life's responsibility to others in the outer world, or the channels you have contacted thus far.

Every human being who Life brings in touch with you is the Cosmic Law's Divine Trust to you; and all parts of Life that are allowed to contact you are brought

into contact with your Life Stream's Light and this Radiation of the "Mighty I AM Presence" that you may pour through that Radiation the Powers of the Sacred Fire to set each Life Stream free, or to give it such Harmony that it will begin to awaken and contact the Conscious Knowledge and Power of the "Mighty I AM Presence" and the Conscious Use of Our Ascended Master Consciousness.

If you understand Me tonight, you will never again allow the outer self to be discordant to any other human being. There never was, there never will be a justification of discord. You sometimes feel justified in becoming frightfully, dynamically positive on what you think is the side of right. You can be dynamically positive, but never feel justified in criticizing, condemning or blaming something that is of human creation for being in existence. There is mankind's mistake, and that has been the trap of the sinister force all through the centuries.

You have been told that there is such a thing as righteous indignation. Well, there isn't! Indignation is anger, and there never was righteous anger. I am very positive on this side tonight, so don't disagree with Me! I am not irritated either. You might suspect that, but I am going to show you tonight why certain things are, and why, in the Release of the Greater Powers which tonight We shall confer upon all of you, you will understand Me as you never have before.

You have heard, I believe, about a certain thing called the Golden Rule. I believe you have heard of it since childhood, have you not? Did it ever occur to you that It is the Cosmic Law? Have you thought deeply about the Golden Rule, and why It is called "Golden"? Because it contains Peace within It, and the Ray or Flame and Peace from the Golden City and from the

Great Central Sun is the Power of the Golden Ray.

You have been told, “Do unto others as you would have them do unto you.” Now then, supposing you contact someone who does something that displeases you. Well, if you were that person doing it to someone else, ask yourselves always what you would hope someone else would do to you; and if you will put yourself in the other person’s place and then govern your behavior accordingly, as you would want someone to do to you, you will not longer make mistakes.

“I AM” opening the Door tonight! You may enter in if you choose. You heard the Messenger say in the Invocation tonight, “The Savior of America has come!” That has to come through the “I AM” Student Body, and It is the Release of an Action of the Sacred Fire which shall ever take Its Dominion wherever commanded to go forth. There will be no opposition if you understand Me tonight!

Now I want to enter into an explanation and give to you the Inner Secret of drawing This into outer service for yourselves, so you will be strong enough within yourselves to pour forth into a condition the Powers of the Sacred Fire that compel it almost instantly to become the Perfection which fulfills the Divine Plan. You remember My Beloved Goddess of Justice saying last Sunday that if you want Divine Justice, then you must give It to the world around you first, before It is in manifestation to come back to you. I say to you tonight, since you are the Guardians of America’s Freedom, since in the use of the Sacred Fire, you, as the Open Heart, the Great Cosmic Open Heart of the Sacred Fire of God’s Freedom to man, you can become the Savior of your nation as you remember to do This of which I speak.

I want to take you into an Explanation of the Law which has been given in some ways in the past, but never quite in the way I shall reveal it tonight. *I want you to feel very powerfully that your physical senses, your waking consciousness, your actual physical sense of sight, hearing, feeling and reason, all your physical senses, mark you, act in the Etheric Body while the physical body sleeps.* That is where they withdraw, because when the physical body sleeps, the physical senses are not acting through it. They withdraw into the Etheric Body and either go in that Etheric Body to the Octave of Light, or are taken by an Ascended Master or Cosmic Being into Our Octave to observe certain Activities and receive certain Knowledge, and then to consciously bring That back in the waking state in the morning when you return to the body.

This is why, My Dear Ones, if you understand what I am referring to tonight, you may go forth in the Etheric Body with the Conscious Command to be taken *deep, deep, deep into the Activities of the Great Great Silence, or the Activities of the Ascended Masters' Invincible Purity and Protection,* and There receive whatever amount of Power you require to make you Victorious in the use of those Qualities that you require in the outer to produce Perfection and fulfill God's Divine Plan—be it to yourselves, your fellowman or the nation.

This is far more important and far deeper in Its Power than you dream. Individuals who have perhaps along invention lines occasionally touched within some of this deeper Knowledge, and then brought It back in the waking consciousness to solve some of their physical problems, have been assisted to do this by an Ascended Being; but if you will train yourselves

to consciously command it every time the body sleeps, you need waste no time on the other side of the veil.

Many times when the body needs rest, it will gain far more complete relaxation and rest when you take the Conscious Command to go *deep, deep, deep into the Inner Activities of the Sacred Fire of any particular quality you might require*, and then bring back through the physical senses your Full Conscious Power and Knowledge of That which you have received in the Great Great Silence. Then That is yours to use in the outer waking self. Now this will bring you Transcendent Experiences if you keep them to yourselves; but if you go deep within the Action of the Sacred Fire, receive your Illumination, and then bringing It back through the physical senses, dissipate that, or use it to gratify your own sense of vanity or exploit yourselves over your fellowman, you will find yourselves in difficulties.

I am trusting you with this Knowledge tonight because We must have more Power for the nation to protect it against certain things that have already come within your borders. I am considering the “I AM” Student Body, at least within the United States of America, as My Great Cosmic Heart of Freedom—God’s Great Open Cosmic Heart of Freedom’s Flame to the nation. So We are at an hour when I must use you either in your fullest capacity and render the Service quickly that will protect all, or else you will have to go your way as best you can. We have poured, My Loved Ones, Love unspeakable to the Student Body for fifteen years. You can never imagine until your Ascension the Love and the Sacred Fire of Purity and Blessing which We have poured to the entire Student Body since the Blessed Godfré returned from Mount

Shasta. Only because of the world crisis which the nation was facing would such a thing have been permitted. It has never been done in the past. We have poured the Radiation incessantly to every one of you to keep the Attunement, that We might give to the nation as much as possible. But from tonight, you must either consider yourselves a Great Cosmic Heart of God's Sacred Fire of Freedom to the Earth, or if you choose not to be a part of that Heart, you must find your way through the wilderness of human experiences as best you can.

My task is a colossal one in cleansing the Earth and the bodies, mark you, of mankind, which they have contaminated, from the impurities—that even the Powers of Nature are rebelling against their very existence in the universe. The physical flesh structure of mankind should be pure, fragrant, luminous and comfortable, and yet it is not so in the outer manifestation. So this which “I AM” revealing tonight shall become for each of you a Powerful, Purifying Activity to your flesh structure if you choose to be the Open Heart of God's Flame of Freedom to the Earth and to all mankind upon it.

Now let Me show you what your Call will do on leaving the body—if you desire Purity intensely enough. Take the Command on leaving the body at night, or anytime you choose to lie down, that *“I AM” come to rest within the Heart of the Great Great Silence, and I go deep, deep, deep into the Heart of Purity's Flame, there to remain until “I AM” charged with that Invincible Purity which shall redeem this flesh as I return to it, and it becomes purified by that Sacred Fire which I have absorbed and made part of my own Life Stream.*

My Dear Ones, if you desire to do This intensely enough, not with tension, but with deep, sincere determination that you have taken your stand on God's side, and you enter into the Realm of the "Presence," the Realm of Perfection, then as you go forth in your Etheric Body and you enter into the Heart of the Great Great Silence, there can We charge you, now mark you, with Our Ascended Master Purity. Your physical senses shall become filled with the Sacred Fire of Our Purity, and as you return in that Etheric Body and it enters into the physical structure, Our Greater Power of that Purity shall blaze through every electron in your flesh, shall expand and pour forth through your atmosphere Our Greater Purity, and becomes, mark you, an added Flame from Our Octave to your own Life Stream.

Now you might say to Me, "Well, what about my Higher Mental Body?" Well, what about It? You have had It all through the centuries! How much of It did you let through? Have you come forth consciously asking for Our Sacred Love of the Sacred Fire or the Purity of the Sacred Fire in Our Octave? Then, at the Command of your Higher Mental Body, do We add Our Flame to your own physical senses, and you will find the mind and the brain structure cleared of substance that heretofore has been the veil between your world and Ours. You will find the emotional body purified by Our Activities of Cosmic Purity, and you will not find a struggle longer in maintaining your harmony. You will find the eyes—the sight cleared, the hearing cleared, the senses becoming more keen. You will find it easier to give obedience to your "Presence," because you will remember the Divine Honor that is yours when you have become a part of God's

Great Open Heart, the Great Cosmic Open Heart of God's Freedom to man.

Then will each of you move as a Heart of the Sacred Fire of Our Freedom, Our Purity, Our Harmony to the universe around you—Our Love, Our Protection, and Our Trust to Life. Then will you not be concerned about your own desires. You will not be concerned with disobedience to the Law. You will be concerned with pouring out, as part of that Great Cosmic Heart, Great Rivers and Great Oceans of those Activities of the Sacred Fire which must flood the nation if the people's consciousness is to be aroused to the responsibility which is theirs, and the use of the God Faculties of Life for the Freedom of the whole.

Certain unfortunate activities have come within the borders of the nation. The nation holds the "Cup of Light" to the Earth. That Light must increase and intensify in Its Power to offset the intrusion that has no right to abide here. Therefore I am not asking this idly tonight. I am not explaining It from any standpoint except that of the Action of the Cosmic Law. So tonight, My Dear Ones, if you want your nation to be free, then there must be more of the Flame of My Freedom within you, and you must be God's Open Heart of Rivers of that Flame of Freedom, to charge It everywhere into the outer world. And then It shall come back to you, each wave greater than the one before. You may enter into any Flame of any special Quality from the Ascended Masters' Octave that you might desire to use or be required to use in the Activities of the outer self; but mark My Words tonight, if you want Freedom for yourselves, you must give It to the nation first.

Don't let your intellect say to you, "Well, if I

had this or I had that, if I were strong and well, and if I only had this money to take care of all my bills, then I would do these things." No you wouldn't, and I have cause to know! The individual who says, "*Well, here I stand! Take me, God, and use me to perfect the whole!*" will lack for nothing. You can't lack for one thing so long as the Flame in your Heart becomes a part of the Open Heart of God's Freedom to man. But I want you to have the Joy, the Freedom, the Independence and the Protection which This will bring to those who understand Me and use It tonight.

Do you know what a Concourse forms at the Inner Level from those who consciously understand this Law, take the Command to the physical senses to go forth in the Etheric Body, purify everything in your beings and worlds, and be charged with that which will give the greatest amount of God's Freedom everywhere you move? I know, Dear Hearts, you have all been so sincerely trying to correct yourselves in the outer, that you might all have your Ascension. That is well. You couldn't have come to this point tonight if you hadn't; but after tonight the nation must ascend out of the shadows if you are going to have a place to remain that is fit to live in.

This nation must ascend out of the filth and the limitations that have been imposed upon a people who chose to worship God and defied the destructive forces to found a nation which would trust in God first, and consider the outer self second. Therefore, those within the borders of this land whose Hearts are the Guardians of the nation, those who are determined to return to the Honor that built the nation great in the beginning, those Life Streams are called great because they have felt the responsibility to guard the

nation from whence they receive their food and in which they abide.

Of course, there is much wrong in the outer activities of mankind in the nation, and you can correct it through your Calls and your Decrees; but I wonder if you know what it would mean for the entire Student Body throughout the world to take the Command to go deep within the Ascended Masters' Flame of Eternal, Invincible Freedom, and be charged with such Herculean Power of Its Sacred Fire that as you return to those bodies in the morning with a Conscious Command that that Flame flood over the nation by your Radiation and your Calls alone, would you find conditions changing better and better each day.

While the destructive forces go on in their feverish preparation for more war, I say to you that under the Cosmic Action of the Great Law shall there come the Savior to the nation! (*applause, audience rising*) Thank you, My Beloved Ones, for that response. I trust I shall meet you out tonight with not one missing under the Radiation. (*applause*) Thank you, Precious Ones, with all My Heart for Eternity, for your response this night, and I shall answer you with the Blessings that My Gratitude can bestow. Won't you be seated, please.

Beloved Ones, I have not put My Hand to a task that I do not intend to make Victorious! We do not know what failure means. We go on and on till the human is compelled to give way. And Beloved Ones of the Light, you whom I have loved so long, you whom I have guarded through the centuries, I know you will not fail Me now! I know it! (*applause, audience rising*) Thank you, Beloved Ones, with all My Heart. Our Great Open Heart of God's Freedom to man shall yet be seen by all mankind. Won't you please be seated.

Beloved Ones, you know there are many, or Boundless, Infinite Ways and Means of changing the consciousness of a nation overnight; and I could say to the outer world, you have seen discs of Light. I could make you hear the Bells of Freedom, whether you wanted to or not! (*applause, audience rising*) Thank you so much, Precious Ones. With all My Heart I want you to enjoy the many means of Freedom which you can all bring into the physical octave, and pour It forth through Radiation alone. Won't you be seated, please.

You know, there are many things mankind have never seen in this universe. There are many things they have never heard; but they could be made to see and hear both, and it would be very interesting and very beneficial to them all. So with your cooperation and understanding of this Law and This which I am explaining tonight, I think we shall go on our way hand in hand, happier than you have ever dreamed you could be, and releasing a Power which comes only from Our Octave at Conscious Command.

Now Beloved Ones, one of the main things that needs to be given Assistance in the nation is the Purification of the minds, the bodies and the feelings of the people; because until a certain amount of impurity is removed, they are still willingly or otherwise easy tools of discord. But if tonight, on leaving the body, you demand as you go forth in the Etheric Body that you enter *deep, deep, deep into the Invincible Honor Flame of the Ascended Masters' Victorious Purity, the Power of that Purity, and the Illumination of that Purity*; and you bring It back to act through the physical structure in the morning, and command Its Radiation and Flame to go forth and compel the Purification of

the minds, the bodies and the feelings of the American people, then will the Legions of the Sacred Fire under the Direction of the Mighty Sanat Kumara come to your assistance and My Assistance for the Purification of the nation, and through the nation, the world.

If the Student Body will demand the Purification of the minds, the bodies and the feelings of the American people, and that means *all* the Americas, while you are out of the body at night, and you demand and command that Purification to take place by the Authority of your “Mighty I AM Presence” in Our Name, then the Cosmic Law has to act to answer you. What you Command out of the body in the Name of the “Mighty I AM Presence” must be fulfilled to Life; and when each of you issues that Command for the Purification of the nation, it compels the Release of certain Powers under the Action of the Cosmic Law that are worldwide in their effect.

Precious Ones, you have no idea, there are thousands awaiting an opportunity to come into this Activity. Give your Commands on leaving the body at night that you go forth and are charged with whatever Radiation of the Sacred Fire is necessary, that as you return to the body in the morning will pour forth into the mental and feeling world of all mankind That which compels them to accept the Truth and Reality of the “Mighty I AM Presence,” the Ascended Masters, the Cosmic Beings and the Angelic Host of their own Free Will; because by your Radiation alone will that bring the Peace, the Purity and the Illumination that will make them want to come into this Activity.

And I have something I wish to say in order to help all of you in contact with those of the outer world who are not yet Students. Won't you all please be very careful that you give everyone in the outer

world who is assisting at all to do for those under this Radiation whatever might be required—whether it be in business, home life, or whatever channel you might choose—won't you please try to be extremely gracious and kind to people in the outer world who are not yet Students, but who knows, might become Students within twenty-four hours!

Beloved Ones, I plead, I plead, and I shall forever plead with you to take an inflexible stand within yourself that all criticism, condemnation and blame in your being and world is shut out forever and replaced by the Great Outpouring of Forgiving Love which We use! Don't ever feel justified in criticizing or condemning anybody for doing something that is not right. Here stands the Magnificent Sanat Kumara! Over a period of two and a half million years He has poured His Love, dissolving and consuming human creation, forgiving all mistakes, and going on until the Earth is cleansed and His Cosmic Work of the centuries has come to Victory. Not once has He ever criticized or blamed or condemned anyone for creating something human!

If you will take your stand, O Precious Ones, to shut off the repeating of anything that would harm some other part of Life, and just use Our Law of Forgiveness, demand Our Victory take its place forever, and go on keeping your own world happy and harmonious, oh, We can do such things for you and through you for the nation and the world that shall bring you ever-expanding Joy and Opulence and Accomplishment such as has never yet been upon the Earth.

I know you can do it, and “I AM” determined to help you! But O Precious Ones, please don't add a feather's weight to anyone's struggle under this Radiation. If someone has done something wrong, ask Us to wipe it out, turn it into a Miracle of Perfection, and go

on your way, serenely happy. Oh! your Happiness is so necessary, Dear Ones! You could lift the world by the Happiness of the Student Body alone as you understand this Command tonight to go forth in the Etheric Body and be held *deep, deep, deep within the Ascended Masters' Invincible Flame of Eternal Purity*, and so charged with Its Strength, Its Power and Its Victory that as you return to the physical form, it must take on the Purity which you have entered and which has become a part of your own Life Stream while you are away from the body.

Remember, it is in the Etheric Body that these things have to take place first. You have heard Us speak of the Inner Records, the Inner Action. Well, that is what We mean, because the Etheric Body holds destructive etheric records just the same as constructive ones. But if you take that Etheric Body within the Action of Our Power of Eternal Purity in the Sacred Fire, you purify it, you strengthen it, you charge more of Our Flame into it. Then when it enters into the flesh structure, the body must respond with Purity, with Health, with Youth, with Beauty, with Strength, with Power that you never yet have experienced in the outer self.

It is well worth everything that it takes on your part to remember to do this and have Its Blessings on awakening. Some of you may scarcely realize who you are when you first return to the body, but if it should take some little time to bring about the change, don't say it isn't working, because I intend to make it work! (*applause*) Thank you, Precious Ones. I think we are going to have quite a Concourse out tonight! Won't you be seated, please.

So as you move among your activities of the outer self beginning with tomorrow, will you try to feel your

responsibility to Life, and feel with every fiber of your beings that you are responsible to God, your "Mighty I AM Presence," if you don't pour forth to everybody and everything around you That which will enable each one to hold uninterrupted harmony. You see, Dear Hearts, it is one thing to criticize people and condemn something that is wrong, but you don't realize how you disturb your own harmony first in doing that. "I AM" going to help you reverse the process, and instead of being disturbed by something wrong, I shall remind you of your obligation to Life to pour forth whatever enables others to hold themselves harmonious; and in being determined to help others maintain harmony will you automatically save your own.

People feel justified, if something doesn't suit them, to say what they think and never feel any responsibility for stirring up discord in someone else's world. Now the responsibility is on your shoulders tonight because of the need of your nation, and the obligation of each of you becomes very great to govern yourselves so you help everybody else to hold the harmony instead of disturbing it—and then feel justified because you told somebody else what you thought of them, which isn't at all the part of Wisdom. It is much more important to tell your "Presence" your Love and Gratitude to It, and ask It to pour forth through you by Radiation, if no other way, That which will help everybody to hold the Harmony. Then you won't have any problems; you won't have any struggle; you won't have any limitations; you won't have any signs of age. Now I think it is well worth your effort! (*applause, audience rising*) Thank you, Precious Ones, so much. Please be seated.

There are many channels who will help you tonight if it seems difficult to hold the Harmony. I would certainly call forth to my "Presence" and the Great

God Harmony, that as you go to rest in the Great Great Silence, you demand that you be taken *deep, deep, deep within the Ascended Masters' Cosmic Flame of Indestructible Harmony*—that It saturates the cells of your beings and worlds within Its Great Cosmic Heart, and when you return to the physical body in the morning, that that Flame, passing through your flesh and filling your beings and worlds, gives every Assistance to all you contact to hold the greatest Harmony possible for that day.

I have many reasons for saying these things tonight, and I am going to repeat something that is so inconsistent from the outer self's standpoint. Of course, that is nothing new to Us, but you should be able to smile about it now just as We do. You know, everybody likes to look young and beautiful. You have been calling for Eternal Youth and Beauty. Well, Perfect Health is one of the easiest ways to maintain it, and you can go *deep, deep, deep within Hercules' Indestructible Health and Strength and Power of the Sacred Fire of His Love*, and have yourselves charged with That while you are away from the body; and when the Etheric Body comes within the physical flesh, My Dear Ones, you will know a Joy and a Freedom that you have never yet had in this embodiment.

Now I want to show you something—how very inconsistent is the human. You know, they have always portrayed the Mighty Being Neptune as an old man with whiskers and a trident. He doesn't look like that at all! He just smiles. They have called Him “The Old Man of the Sea.” Of course, He is older than all the water on the planet, I will admit that, but He certainly doesn't look like the pictures that have been imposed upon Him as an individual. They call the Mighty Orion “The Old Man of the Hills” in India,

and yet He isn't old at all. They have called the Mighty Sanat Kumara "The Ancient of Days," and yet He looks like a youth of sixteen summers. You see how false are the reports of man.

Don't you see how distorted have become the concepts of the human intellect? Those God Beings, handsome beyond any words to describe, are all the word "God" implies—Youthful, Beautiful, Luminous—Master everywhere They move in the universe, with such Beauty and such Power as mankind have never yet beheld in this world. I am championing more than just you tonight! I have some very Powerful Friends such as the Mighty Sanat Kumara, the Mighty Neptune and the Mighty Orion, and "I AM" determined you shall have the Truth concerning Their Reality, that in your concepts there may come a likeness of these Magnificent Beings; because the day will come when you must associate with Them. You must! As part of this Great Cosmic Heart of God's Freedom to the Earth, you must know the Truth and the Reality of these Great Cosmic Beings who have assisted the world all through these many aeons of time in its formation and the thousands and millions of years that mankind have been upon it.

These Beings are as real as reality can be. Their Beauty, Their Power, Their Perfection and Their Love are past words to describe, and They are your Friends. They are the Legions of the Cosmic Christ. They are the Angelic Host who stand ready to give you everything They have if you want it enough. You may visit Them when you please in the Etheric Body, or even in the Higher Mental Body. If the Etheric Body cannot yet stand Their Radiance until it is more purified, well, the Higher Mental Body can take you There and give you the conscious memory of Their Assistance to you.

But I plead with you, don't go out and brag about this! Don't go out and discuss it and then expect Our Protection, because We won't give it. We are answerable for that. If you come and give obedience and retain the silence on your return to the body, then We can give you Boundless Help; but if you try to exploit the Knowledge that is given or the Help you receive and then brag about it and it feeds the ego of the personal self, then you invite destruction, and We may not interfere, because you do it of your own Free Will in deliberate defiance of Our Explanation of the Law.

I am trying to set up the Guard for you tonight, because We need greatly to pour forth more Power of Protection to the nation through the Radiation alone of the Students; because if you remember that you are part of this Great Cosmic Heart of God's Freedom to man, then you become honor bound to let Us pour forth through you Powers of the Sacred Fire of Purity and Freedom for the Victory of all that is constructive. And that is far beyond anything that your outer self might do. That is the Radiation We can give through the outer self, wholly independent of your own conscious effort. Therefore We could use you wherever you move to pour forth the Light that purifies and protects the nation. I had to set up this Guard tonight, and I had to explain This to you because Greater Assistance must come to the nation.

I would be so very grateful for your remembrance to call as frequently as possible to the Great Cosmic Angel on whose forehead blazes the word "Union" to compel the Light of a Thousand Suns to descend into America and possess the people into the Ascended Masters' Octave as soon as possible. Call for the Love of that Cosmic Light to possess everybody and compel the Victory of that Light everywhere. That Cosmic

Angel awaits and listens for your Call!

And My Dear Ones, as you remember to go forth in the Etheric Body, knowing that your physical senses are the ones that are being purified and strengthened, and then you demand what you will from the Inner Standpoint, oh, it will increase the speed of your accomplishment in the physical octave beyond all words to describe. You may go forth and make conscious contact with whatever you desire that is constructive, and command that It charge into you when you return to the body in the morning, and the outer self becomes then the Manifestation of the Inner Perfection which We have described all through the years.

I plead with you, in order to put a check on the outer self to make it understand that its Trust to Life, its Responsibility, is to help everybody maintain Harmony instead of daring to disturb that which God has already created within the body and in others whom you contact. There is a frightful responsibility if individuals will not control themselves and continually stir up somebody else, when by Silence and Obedience to the "Presence" they would retain their own Harmony and give assistance to others. They cannot have Freedom until they understand That is the Divine Plan of Creation.

Everyone who individualizes from the Great Central Sun promises and accepts the obligation to Life to come forth and use God's Love to expand Beauty, Happiness and Perfection to all the universe in which that Life Stream functions. That is why the penalty is so great to mankind when they so insistently disturb the Harmony of others. The penalty grows greater hourly until they stop it, and I know the Student Body are not again, by thought, word or act, going to allow themselves to disturb another's Harmony and then expect any

further Protection from Us, because it won't be given.

We have released Love unspeakable, Protection that none of you know anything about, and We have given Help without limit. The Blessed Goddess of Justice was determined and is determined to take away the problems and the limitations of the outer self from those under this Radiation as much as possible, and it is only because of the Assistance She gave last Sunday that under the Cosmic Law I am permitted to give this Explanation tonight. She is quite as determined for your Freedom as am I. (*applause, audience rising*) Thank you, Precious Ones. Please be seated.

Now in closing, Beloved Ones, when you contact those of the outer world who are harmonious, don't disturb their Harmony, and don't let them disturb yours. If there is something that you think is not right, call on the Law of Forgiveness. Silently ask for the whole condition to be removed, and the Victory of the Light to take its place, and go on your way serenely, *realizing that every bit of harmony you maintain enables Us to pour the Flame of God's Freedom to man through you wherever you move.* The moment you disturb someone else's Harmony, you disturb your own first, and then We may not use the Fire Element around you until you have purified yourselves again.

Now I shall expect a very great improvement in the general health, and I might say, appearance of the entire Student Body from tonight. I want you to become the strongest, most illumined, healthful, beautiful people on the Earth, not to satisfy your vanity, not to remove your responsibility, but that We may use you far more powerfully to save the nation than We have yet demanded. And if under the Action of the Cosmic Law the Great Ones see fit to give you certain personal Blessings along those lines, intrude

those Blessings not upon others. Value Them within yourselves, and ever make the Call to be made and kept worthy of all that God has given, does give now, and will yet bestow.

When you feel that you have accomplished something, don't allow the outer self to take the credit and feel, "Well, I am making pretty good progress. I haven't had a knock on the head lately!" And you get pretty cocky. Then watch out that nothing happens that is most distressing! But the more things come into your hands, the more Decrees are fulfilled, the better your own conditions become. Just remind yourselves more and more frequently, "*O Mighty I AM Presence*" and *Great Ascended Masters! Make and keep me worthy of all my "Presence" and You have given, and all that can yet come to me from Life, that I can give it back to Life, ever expanding the Love from God's Heart, and never again experiencing discord!*

Remember, the more you have—the more success, the more Power, the greater the accomplishment, the greater the Victory, the greater the Purity and the Freedom within each of you, and the greater the Answer to your Calls—the greater should be in you the determination to be more worthy, that more may come in the future. Be grateful and worthy and humble; and then will you know Freedom. No matter how great the Power of your "Presence," no matter how magnificent your accomplishment, never fail to remain humble and obedient and pure before the Eyes of that "Presence" and the Assisting Host of Ascended Masters. Then on a moment's Call can there flood to you Legions to do what you as yet cannot do in the outer self. And if that is maintained, then We can do through you for the nation, by the Power of Radiation and the Action of the Sacred Fire, That which will prevent

the fulfillment of the plans of the sinister force. And We hope We may use you all to the fullest possible capacity.

May the Mighty Victory stand your Guard and give you the Strength to come through successfully and hold the nation of the Earth that has stood for the Faith and Trust in God untouched by the shadows of the future. May everyone within the borders of this nation I have loved so long and served so well be an Open Door through which that Flame may pass that removes from the Earth all that has sought to draw mankind from God and cast into distress those Life Flames that came from God's Heart and must be purified and returned to God's Heart in order to fulfill the Divine Plan.

Life has given us all a very great Trust. Life has give us all Boundless Power with which to carry that Trust, and America this hour needs everything you can give Her—of Harmony, of Light, of Purity and Obedience—in order to enable the Cosmic Law to hold Her Protection against the destructive forces until the Cosmic Hour arrives when their removal from the Earth is forever.

Thank you, Precious Ones of Chicago. I trust you shall enjoy My Secret tonight and meet Me in Perfection's Flame and be charged with that Perfection in the body when you return in the morning. Precious Ones, it is a crude illustration, but it is very, very true. You know, when a diver puts on his diving suit, he moves the suit where he pleases and does what he wants to in the element that otherwise is dangerous to his body. Well, just so, My Dear Ones, if you charge those Etheric Bodies tonight with this Activity of the Sacred Fire for which you call, and then as that Etheric Body comes into the atomic structure in the morning and that Sacred Fire passes through the atomic

structure, it makes it obedient to your Commands.

Then you are able to move in the human creation of the masses of mankind, do what you will to fulfill the Divine Plan, and be wholly untouched by the discordant conditions of which you are master; and as you move among them, you can command them dissolved and consumed from the universe, because you are clothed in Our Sacred Fire that dissolves everything that is of imperfection.

So in this night's Radiation and Explanation there has been released to you a Scepter of Power that I trust you will use without reservation, and holding the Power of the Great Great Silence within yourselves, become the master of circumstance in the outer that enables the Light to go to your nation that prevents the fulfillment of every plan that does not give Her people God's Freedom and the Victory of Purity forever.

May this night bless you with Boundless Blessings as we meet together, and the Activities of the Sacred Fire increase inwardly within you, and outwardly you use Them when you return to those bodies in the morning. I have given you a very great Gift, a Gift of Divine Powers that is boundless in Its far-reaching Victory which may be yours on every hand. Then will you know what My Love and My Freedom mean to mankind and the Earth as we move forward in ever-expanding Freedom. Thank you, Precious, Precious Ones of My Heart, and My own Blessed Family of Freedom who tonight I call into the Great Open Heart of God's Freedom to the Earth forever. I love you. I shall stand Guard over you. And now I want you to have Boundless Health for the Great Victory of Freedom to all. Thank you, and good night.
