

The Invincible Harmony of My Being

Beloved God Harmony

February 13, 1939

The Messenger, in the Cave of Symbols, saw My Face in the Globe of Light, and his great desire has now been fulfilled in My Likeness being given to the world. Now then, Beloved Ones, while I have this opportunity, I even urge you, when this Song comes forth which carries My Likeness, the “Voice of the Presence,” this will be one of the Greatest Blessings in this world to you.*

If you would look at that Likeness before retiring at night, after having made your earnest Call to your “Presence,” then *call to Me to release the Invincible Harmony of My Being to act and be sustained in your world*, what do you think would be accomplished in a comparatively short time? *You would not have the difficulty in holding Harmony in your feelings that you do at the present!*

Even the Messengers have not known this—Our Intent! We did not explain to them until now, as I am explaining. But in all these Likenesses of Ourselves that go forth, the Work is Magnificent! Beautiful! because the beloved artist has given such complete obedience. I want you, if you care to, to utilize That. Oh, not only the Music within that is so lovely, but utilize that Likeness of Myself to assist you in ways you know not of. That is why We give these things forth, Beloved Ones, that you may be greatly benefited and have the Great Blessings which We know positively That alone can bring you.

**Beloved Harmony is referring to His Picture on the cover of the sheet music, “Voice of the Presence” (1939). The Saint Germain Press currently makes the Picture and the sheet music available as separate items.*
