Beloved Saint Germain:

Beloved Children of the Light! Beloved Students of America! How full of Gratitude is My Heart tonight in that which is being accomplished everywhere throughout America! It may not seem so much to you, who do not see as I do, the vast achievement in so short a time. Remember, Beloved Ones, three years is but a fragment in the great aeons of time, and yet in three years has been accomplished more than in a century before! I have long waited for this hour when I could truly voice to you those words. I never mention a thing until its achievement is complete. Tonight I can say to you that your mighty Decrees have not been in vain! In the individual life—as well as the life of America and mankind—is coming the full and complete Release of that now. Mankind are beginning to understand what the Messengers have meant in their earnest plea for harmony in the feelings of mankind, that the Powers of the “Presence” might come forth to give them Release forever from their limitations of their own creation. Then will it come quickly!

You have no idea, Beloved Ones, how a human being’s own creation spreads forth its vibratory action that dulls the intellect from comprehending and holding fast to that Great Law which is their Life. But rapidly, through the Power of the Cosmic Light is that being dissolved for mankind, and We shall have some very lovely things to tell you at the Shrine Class!

It is My Great Joy to introduce to you the Great Sanat Kumara, who is answering the Call of these Beloved Ones. And may you always know, no honest, sincere Call ever fails to be answered—and in thousands of times among the Students has this Call been answered. Will you always remember and take notice, and be Free! The Beloved Sanat Kumara!

Beloved Sanat Kumara:

Beloved Ones, tonight, allow the True Feeling of Light to take Its Dominion within your human forms. I say to that Light within you: *Arise! Awaken! Take your Dominion in the human mind and hearts of mankind everywhere! Arise into that Dominion of your own Light, that Its Power may flood the Earth and its atmosphere!*

Tonight, Beloved Children of the “I AM” School and your Instructors, I hold you close in My Embrace of Light, that you may feel the import of That which you have symbolized tonight. You probably cannot realize how you have set into Action this night the calling forth of the Reality of that which you have represented.\*

Knowing as you must that the Call for whatever comes into action upon Earth must come from mankind who have created their limitations, therefore I have come in person tonight to answer your precious Call to Me, and to remind you that you have followed My Directions very accurately; for I wish this night to symbolize, and I wish all “I AM” Students in America might have seen This, and then *to know that that symbolizing of That Reality was the beginning of Its Perfect Action on Earth.*

---

\* The Students of the “I AM” School gave a performance for the Ballards in which the children symbolized the Plumes of the Unfed Flame in scintillating lights.

These Mighty Currents are taking It into the mental and feeling world of mankind, and especially the Students everywhere, that they too may feel, without knowing why, the Reality of This. And to those two blessed ones who voiced those words, shall you one day have them manifested in your lives—the Reality!

The Call of mankind has been the Outpicturing of some of these things. Beloved Ones, be not impatient! A certain amount of mankind's creations must be disposed of—before the Release of these Great Activities which many Hearts are calling for may come forth into outer expression. But come they will; for there is no human power in existence that can stop the Onrush of this Mighty Law. I plead with you, O Beloved Students, call with all your Hearts that all attempted opposition to this Work stops forever, that mankind may have their Freedom in this Light! We know that it has no power, but your Call is needed to silence it forever; for remember, We do not use a destructive force; but your Call will return upon those vicious individuals their own vicious destructive activity.

Tonight We have started into action the Release for the supply of everything needed. Kindly accept it, and be not impatient until its arrival, that all might understand, the need today, Beloved Ones, is attention to your "Presence." Then Its Wisdom, Its Power, Its Energy and Substance will act to bring the Answer to your Calls. No one may longer be deprived of that which they require for use, but they must give Obedience to the Law which produces it. Oh! not only for you Beloved Ones who have made the Call, but for hundreds of thousands of others whose feeling and mental world have received this Charge of the Decrees into their world for action. That action is the Action of Light, which is Self-luminous, Intelligent Substance that flows into

your world, and knowing no opposition or obstruction, proceeds to produce that for which you call.

Tonight, O Beloved Children of the Earth, you seem but a fragment of the great mass of humanity. But remember, everything must have a beginning, and while this beginning seems small to you tonight, did you observe with Me the Inner, All-powerful Activity as It charges and rushes into action in the earth, you would not think it quite so small! In the Glory of that Light, think of it—you, of the innumerable forms, the One God Life surging through each one! And yet you are so inclined to think you are separate! You are individualized; but the One Great Life flows through you all. The One Great Intelligence and the One Great Treasure-house supplies all!

Therefore, Beloved Ones, as you understand That, somewhere must be established one, two, three or four—here and there—who are strong enough to hold the balance of absolute refusal of acceptance to discordant appearances, or listen to destructive expressions. Then will that Radiation spread out, and more and more will take It up, and all will become strong enough to withstand the suggestion, whether psychic, or individualized on Earth, and will be able to absolutely repel any suggestion that is impure or destructive, and stand in the serenity of their “Presence,” pouring forth that Radiance until all mankind will see the Example before them, and then turn and be like It.

You Beloved Students are the examples to the world. If your life is pure and filled with the Glory of your “Presence,” then your example lifts the world. And if you as “I AM” Students are not willing to give that Obedience in Purity and Perfection, then you become its opposite.

When We see a few individuals moving among mankind trying to spread discredit to this Light, and We see,

surely and steadily coming upon them their own vicious destruction, Our pity knows no bounds; for not a single person who spreads falsehood concerning the Messengers or the Work have a single cause—not one! Therefore they are to be pitied—pitied, I say, beyond all things. They cannot harm anything or anyone; nor can they turn anyone from the Light. Too late will they find that to be true.

So Dear Ones, if you wish to serve the Light, silence every human being who attempts to pour discord of any kind into your ears. Then shall your world be clean and pure, filled with the Outpouring of your “Presence” flooding your world with every good thing. If you are now anchored enough in the Light to stand your ground and say to every human being, *“Stop! I will listen to no more discord, neither can it register in my world!”* then you will quickly find yourself in a new world, free from every human discord.

Beloved Ones, never in the history of mankind has such Assistance been offered and given as is being given today. Rejoice with Us in the Victory of the Light! I say to you tonight, you have the Power of the “Presence”! Use It for your Protection! There are some individuals in America whom the Law of their being has not yet permitted them to be removed—who are making the most dynamic effort to reach mankind and drag them down in the mire. Some are in your city, some are in Washington, the state of Washington. Some are in the Eastern part of America. I say to you beloved people, call the Powers of your “Presence” and the Ascended Masters and the Cosmic Beings into action for your Protection, that no more fall under the destructive claws of those vicious suggestions. Don’t worry! They will meet their own! Not anything can prevent it. But you today upon whom devolves the Protection of America need to hold yourselves absolutely free from those things.

I say to you tonight, never in the history of the Eastern Hemisphere was the nearness of a conflagration as is today, in the attempt to draw America into this war which is secretly spreading over all the Orient and Europe. You are fortunate, fortunate, Beloved People; and might everyone in America hear these Words and heed them; for I tell you, no such destruction ever was planned for the Earth as this; because it is the battle between Light and darkness. If darkness reigns, then mankind is destroyed. If the Light reigns, then mankind who remain are forever free.

Is there anything in human requirement that should stand in the way of mankind's opportunity to set all mankind free? Will you bear with Me tonight when I say to you, is there any human problem in the world that should stand between your mighty declaration of the Truth, your Mighty Decreeing for the Truth, for the Light, for the Power and Protection of America and Her people? Only the Cosmic Light and Its Infinite Power can save Europe now!

Oh! that Europe might have as many understand this "Great Presence" as America has! Then she would have a hope, and a strong one! But you today still have the opportunity, Beloved People of America, to harmonize yourselves, and allow the Powers of God, the "Mighty I AM Presence," to flood forth through you, amplified by the Great Host of Light who know no limitation; but take whatever energy you release, and amplify It with the Magnificent Majesty of Their Power and Presence without limit! Then do you not see that every single effort of yours is amplified by Powers of which you do not yet understand—and to the extent that you do not understand.

Therefore the opportunity is there to mankind to release now this energy from the human octave by which the Great Host of Light and the Cosmic Beings may bring

into Action to flood the Earth with Its Mighty Perfecting Power. And then mankind—notice! may have the Intelligent Direction by which they can be instructed how to meet the conditions that are yet to confront them. And remember, in official places, in governmental activity, is the need today to call the Powers of the “Presence” into action, that Divine Justice be done everywhere, and that every human being bows in Obedience before that “Great Presence” which gives them Life; that Its Power and Intelligent Direction may take command of all official places, and all political desire be wiped from the face of the Earth forever, and above all, be placed the Honor of America, the Honor of mankind. That is the need today!

*You, in your precious efforts tonight, Children of this “I AM” School, may you forever hold before your memory That which you have established tonight. May It fill your Life and your world with that Beauty and Perfection which you have symbolized, and may every one of you feel It so intensely that That Great Perfection floods your being and world with Its Magnitude, Majesty, Power and Presence. And may one day all of America know that in this spot tonight was established the beginning of the Powers of the Unfed Flame to America and the Earth!*

Do you know what it means to have the Purity of a youth called into Action and symbolize the Greatest Reality in the Universe, the Power of the Unfed Flame, the Giver of all Life? Remember, Beloved Ones, as you have read in *Unveiled Mysteries*, those Bodies, which have for century and century lain there in the Tetons, the Unfed Flame holding Life, Purity and Perfection in those forms that will one day rise into Action in the Powers of their long-forgotten use!

So tonight may you feel as never before the Glory of that Infinite Light and Presence that gives you Life; and

know that all that is spoken, all that is given forth, is but the Law of your Life—every one of you. You will see! Notice how definitely We take your attention away from anything that seems mystical or uncertain or beyond your understanding. Beloved Saint Germain has left nothing to guess at. He has made everything clear and powerful and definite to you. Apply It with Infinite Power and use. Today you are no longer dealing with uncertainties! It does not make any difference whether you have had the full answer to your Application or not—it has nothing to do with the Law; but I say to you, as the Messenger has said to you a thousand times perhaps: if you will continue to apply as directed, there is not one thing that can stand between you and the Powers, the Perfection of your “Presence” in action. Not one thing!

Therefore tonight I charge into your feeling world that Mighty, Infinite Power that holds you so strong in Its Mighty Embrace of Light that your Call shall be answered definitely and with great speed. If you will accept That which I offer to you tonight, then you shall have more and more quickly the Answer to your Call and your Freedom. You are not dealing with imaginary things. You are dealing with the Powers of Light and Their Infinite Action, and the Powers of that Glory which have so long been forgotten. I do not wonder the Messenger was touched so deeply tonight when He saw symbolized the Powers of Infinite Life which he knows so well, and suddenly felt that It was being brought into Reality once again. I do not wonder!

So tonight, Beloved Ones, try to feel that Infinite Power of Light enfold you—which it is My Privilege to give, and that is that Infinite Assistance to your Victory and Freedom. Feel It deeply, and let Its Powers act in your Life to give you such Courage, Strength, Happiness and Freedom that no longer will there be a question in your

feeling world concerning your Supply, concerning your ability to apply the Law, concerning Its Action for you. Try to feel, once and forever, serene in Its Action, and your Call to bring It forth quickly.

Will the Beloved Donna and David Lucas please come forward? Tonight the Great Law of Life takes command of these minds and bodies. Release from Thy Treasure-house that Limitless Supply of Money, Intelligent Direction, and all that is required in their great loving, sincere effort to bless the children of Earth; and in the Fullness of that Power, bring the Release of all that is required to ever expand this School Work, until all America knows and has the Power and the Release of the Ascended Masters' Instruction throughout the schoolrooms of America! May that Infinite Power constantly bless and fill their lives and efforts with such Joy and such Power and Courage, and the full, certain consciousness of their ability to call the Release from the Treasure-house of the "Presence" everything required. And may the Fullness of that response from mankind, at the Direction of the "Presence," bless the children of Earth with the Ascended Master Instruction once again, that has so long been forgotten upon Earth!

So We thank Thee, O "Great Presence of Life," that Thou art again raising up Thy Children in the Fullness of Thy Infinite Power; and may the Glory of that Light, the "Mighty Presence of Life," flood the mind, Heart, being and world of each one, and to Its Infinite Purity and Perfection, and glorify all with that Light forever sustained. We call that Blessing upon these Blessed Ones and their friends, and upon the Students and the teachers here; and We call that Infinite Light to enfold them, and the Release of the Treasure-house of the "Presence" for all required in the Service of the Light and Its Ever-expanding Activity, until

one day it shall have the most beautiful building for its children and the Ascended Master Instruction that has ever been on Earth. May that expand until the whole Earth becomes Students of the Ascended Masters and Their Light. We thank thee, O Blessed Children of Earth, for that precious Gift of thy Life's Activity, and the bringing forth of the Perfection of the Law. We thank thee.

We call the Infinite Power of Light to bless our Beloved Lotus with the Fullness of Its Love, and Its Light, and Its Blessings, and Its Power of Activity, for Her Limitless Service, Her Infinite Courage and Strength. And may that Service of the future be with such ease and grace that forever all strain be removed in that Service, and that Happiness and Joy fill her world of activity until the Fullness of Its Infinite Power reaches the whole Earth. We thank her and bless her for that amazing Service which she has rendered to mankind, and one day mankind will know how great that Service has been. We take this opportunity tonight to call Our Blessing to enfold her, give her such Happiness and Peace and Speed of Activity in all that is required, that it be done with ease, comfort, rest and peace.

And We thank all the Students everywhere for their Love and Blessings to the Messengers—oh, so Great! Never in the history of the Earth has such Love, such Kindness, such Loyalty, poured out anywhere, because the Heart of every sincere person knows Its Own. And the Messengers, knowing the Law, pass all up to that “Great Presence” and Power of Light to amplify and bless all with Greater Perfection. And so tonight, We thank Our blessed one, Our Beloved Lotus, for that Service and its ever-increasing Blessing to mankind.

Tonight, O Beloved Ones, in this sacred, charmed air, as it were, in a city of this population—to find a spot in which can be a Sacred, Charmed Circle of Light in which

all may rest in Its Blessing—I thank you for your Invitation; and the Blessings of My Visit to you shall never cease in your world. May you feel It daily in Its Strengthening Courage and Directing Intelligence, to keep you reminded and your feet firm upon the Pathway of the Light of your “Presence,” that It floods your being and world with Its Perfection. Kindly accept It, and let Us amplify It daily for your use, and not only your Blessing, but for all those whom you contact, and the spreading forth of that Radiance into the mental and feeling world of mankind.

I say to all of you, go on and on and on in your Mighty Decrees, that you may have that Blessing, that one day, ere long, you will come to know of what It has meant. Oh how wonderful it would be that you might suddenly realize what Tremendous Work has been done by those Mighty Decrees! I say to all the world, they who serve the Light earnestly and sincerely will ere long find the Light has turned to serve them, and then will all unhappiness, all limitation, cease from their world—every one. May all feel That and give such Obedience that It may come quickly into their world of action!

So We thank you tonight, Beloved Ones, with the Fullness of Thy Infinite Power to go into action to bless you as only the Light can do. Feel the Fullness of It take Command of you and your world! I thank you, Beloved Ones, with all My Heart, and may your Life become the Perfection of your “Presence” forever; and I thank you.
