

WINGS OF THE COSMIC FIRE

Beloved Goddess of Purity: The purifying process of the brain structure comes about through the Higher Mental Body pouring forth Its Cosmic Flame of Purity through the pineal gland. That is what takes place from within your own Life Stream. But the Flame of My Purity within the forehead pours Its Flame in every direction through the brain structure to meet the Expanding Flame from your own Life Stream. As the two become One, the Energy which your Higher Mental Body pours forth into your brain structure becomes clothed for Eternity with the Flame of Cosmic Purity which "I AM." It is My Privilege to pour the Flame of My Love and Purity into the atomic structure, wherein abides the Unfed Flame of God's Heart. In feeling the intensifying, expanding Power of My Love and Light within the brain structure and enfolding your physical forms like a Sevenfold White Flame of Blazing, Dazzling Brightness, the Unfed Flame within each Heart is given greater Freedom to expand through the atomic structure of the body, to reach up and become One with the Sevenfold Flame in the forehead. As that Unfed Flame rises, passing through the Flame at the throat and entering in through the All-seeing Eye of God into the Sevenfold Flame of the forehead, the Unfed Flame within the Heart rises into the central Three Plumes within the forehead, clothed by the two on each side, which become Wings, as it were, of the Cosmic Fire, to forever expand and hold Its Balance everywhere It contacts substance and energy.

THE FATHOMLESS BEING OF THE UNFED FLAME

Beloved Godfré: That Glorious “Presence”! My Dear Ones, do you know, your “I AM” Presence is Fathomless! Your own individual “Mighty I AM Presence” is the Fathomless Being of the Unfed Flame from the Great Central Sun! You have never yet fathomed just what a wonderful Being your “Presence” is! *“Voice of the I AM,”* September, 1946

YOU ARE THE UNFED FLAME

Beloved God Tabor: Now we come to the main point of Power: You are not these bodies! You are not the problems of your world! You are an Unfed Flame from the Heart of the Great Central Sun. You are a Being of the Fire Element, clothed in a Body of Light Substance, traveling through this physical world with an overcoat of the atomic structure. Within the Unfed Flame in your Heart, and within the Sevenfold Flame of the Seven Mighty Elohim in your forehead is located the Authority of the Universe—the Authority of the Sacred Fire from the Great Central Sun. You are endowed with the Threefold Flame of Love, Wisdom and Power in your Heart. You are endowed with an Individualized Flame from each one of the Seven Elohim in your forehead. The Light Pattern of your outer identity is composed of Pure Etheric Substance of Light. You are the Unfed Flame. That is the Being which says “I AM”! That is the Authority from the Great Central Sun which you accepted, and whose responsibility, you accepted as a Co-worker with that Great Central Sun, to outpicture Its Plan of Beauty and Perfection in this world wherever you pass by, or to all to which you direct your attention. ...

The Unfed Flame in your Heart must someday become One with the Sevenfold Flame in your forehead. Then you, as a Being of the Fire Element, ever expand that Flame, until you stand forth a Sun of Glory, the center of a system of worlds upon which mankind embody—not the mankind of this world, but other Beings from the Central Sun who will take embodiment to again fulfill the Divine Plan of Perfection which you command to come forth. ...

When you say, *"I AM! I AM! I AM!" by all of God's Love I know "I AM THAT I AM,"* you are acknowledging that you are the Being of the Unfed Flame, the Being of the Sevenfold Flame of the Seven Mighty Elohim—a Being of the Fire Element from the Great Central Sun, the Master Element of Creation. That is the Authority of the Universe! When you are an Open Door through which It can flow at your Command and Acknowledgment, then you can release the Power which compels the consuming of all problems from your world, all limitation from the rest of mankind. Then you are the Authority of the "Light of God that never fails." Will you please, whenever you seem to feel that human authority pressing heavily upon you in the outer, stop a moment and acknowledge your God Authority? Call for the annihilation of all human authority from this Earth, and then acknowledge your Divine Authority of the Sacred Fire: *"I AM, I AM, I AM," by all God's Love I know "I AM THAT I AM," a Cosmic Being of the Unfed Flame and the Sevenfold Flame of the Seven Mighty Elohim, which commands the Annihilation of all human authority! "I AM" the Authority of the Sacred Fire, commanding the Divine Plan fulfilled here, by the Cosmic Love of Protection and Perfection which blesses all!*

Acknowledge your Divine Authority! Command and compel all your feeling to be released into the Management of your own "Mighty I AM Presence" and Higher

Mental Body, and into the Ascended Masters' Octave, and you will move forward in your acknowledgment of the Cosmic Flame of Cosmic Obedience, which will hourly outpicture the Divine Plan Fulfilled.

PROMISE TO LIFE

Beloved Mighty Helios: You are not the beings of limitation you have so long accepted yourselves to be in the past! You are not the atomic structures of these bodies! You are the Unfed Flame from the Great Central Sun whose Promise to Life—to fulfill Its Divine Plan and Outpicture the Fulfillment of your Destiny—was given in the beginning by your Vow to the Source of this Universe. That Vow must one day be fulfilled through a physical form. When you give a Promise to Life, Life holds you to that Promise, even though it takes aeons of time for Its completion. The reason for that is, when there is a desire within any part of Life which is held within the Fire Element, that desire is always for Eternal Perfection. Therefore It is the Eternal Authority, therefore Ultimate Victory; and the Destiny of the Fulfillment of that Divine Plan is Absolute and Irrevocable.

These atomic bodies in which your Unfed Flame stands clothed this hour are really no more than a thin veil of substance, so far as We are concerned. We see every desire of your Hearts. We see every wave of the Expansion of your Light. We see you longing to free Life from human qualities, and if the attention of an individual has been held upon any Cosmic Being who directs the Fire Element, that individual will be as surely clothed in the Flame of Love from that Being as the Universe exists. It cannot be otherwise! We give of Ourselves, and We who are the Authority

of the Fire Element send forth that Flame in whatever intensity and quality is required to fulfill the Divine Plan through all Life whenever the attention comes to Us.

THE THOUSAND-PETALLED LOTUS OF PERFECTION'S FLAME

Beloved Saint Germain: Now let Me show you how We expand your own Life's Flame to the point of Mastery. Many times you have seen people who make artificial flowers start with a little center, and then they sew one petal on, and another petal, and another petal. They build that, don't they? You have seen people make artificial flowers. Well, to Us, you are quite similar! Your own Life Flame within the Heart is the beginning of the Thousand-Petalled Lotus of your Life Stream. As you give that Flame recognition and consciously command It to expand through yourselves and your world the Fulfillment of God's Divine Plan for you—and the Victory of your Perfection and Freedom in your own Life Streams begins to take place—when We see the struggle of that Flame to expand through the flesh form, then in your Calls to Us there can come to enfold that Flame another Flame, which is Our Love. Uniting Our Love with yours, and Our Demand for the Perfection of Life to be expressed through you to fulfill the Divine Plan, every time you send a Flame of Love to enfold your own Life Flame, down comes another Flame from your own Higher Mental Body. That is how the Unfed Flame in every Heart eventually becomes a Thousand-Petalled Lotus of Perfection's Flame. You, standing within That, enfolded in your Higher Mental Body, become the Jewel in the Heart of the Lotus. There is a definite mechanical design and a definite mechanical action within the Flame of your own Life Stream.
