The Cosmic Christ Blue Lightning Purity which we call forth is like lightning. It is a Shattering Activity to any focus of impurity. It shatters it quickly, and the Violet Consuming Flame sweeps in and consumes it!

We hope, next year, if we can get the Wings made this winter, to put another scene of the STAR ANGELS in the Pageant. They handle the Crystal Rays. On the outside of every Light Ray, and usually surrounding nearly every Focus of the Sacred Fire, there flows the Crystal Ray, which is just like lightning.

Usually That is always in the shape of a star, and It comes this way (*gesture of hands*) and It expands, and is the Shattering, Repelling Force to anything of discord. It is a Cosmic Concentration of the Crystal Ray. It can enfold any color, any Focus of the Sacred Fire, any Light Ray, any Focus of Substance. And It is Immortal ProtectingPurity! It is a Force, an Electronic Force, that nothing can oppose!
