
DECREEING FOR AMERICA

Beloved Saint Germain:

This Nation must ascend out of the filth and the limitations that have been imposed upon a people who chose to worship God and defied the destructive forces to found a Nation which would trust in God first, and consider the outer self second. Therefore those within the borders of this Land whose Hearts are the Guardians of the Nation, those who are determined to return to the Honor that built the Nation great in the beginning, those Life Streams are called great because they have felt the responsibility to guard the Nation from whence they receive their food and in which they abide.

OUR DECREES FOR AMERICA COME FIRST!

Mrs. G. W. Ballard
From the Round Table

Q. Shouldn't our Decrees for America come first and the Decrees for supply last?

Mrs. G. W. Ballard

Yes, by all means. If supply to you is more important than the God Consciousness of Purity and Freedom that

saves the Nation, you don't want your Nation's Freedom, you want your own selfish desires gratified first.

Now we often hear people say, "Well, I've got to make a success in business! I've just got to get some money, and when I get it, I'll serve the Light." If you had the backbone, you'd put God first! You ask the "Presence": "Tell me now! Let me serve this Light, and You give me what You want me to have! Enable me to do it, and put me where You want me to be—but let me fulfill Your Divine Plan Your Way," the supply would automatically come! I've never seen a business deal yet—lots of mining properties and everybody else where people were going to make millions in a minute and oh! they were going to serve the Light. I've never seen one of them turn one cent. I've never seen them succeed. I've never seen them give one cent to the Light, so it's a lot of self-hypnotism.

There is more baloney that has been fed the people on that one promise, "Well after I make a lot of money, why, I'll donate it to the cause." That's all hooey. There is only one thing that speaks louder than words, and that is our deeds, our Service to the Light, and what we do to expand the Gift the Great Ones have given us to help some other part of life understand it and be free—is the Obedience to the Law by which we win our own Freedom. And it doesn't come any other way.
