## THE ASCENDED MASTERS SPEAK ON GOSSIP

### **Beloved Jesus:**

The Cosmic Sun is beginning to shine within each one's Heart who is here. Use your Power of Qualification, that It continue with great intensity and great expansion. One of the things that gives Us great encouragement is that in the three recent Classes, the Student Body are comprehending and are taking their stand with a very firm determination to refuse to listen to gossip or to pass it on. It is one of the most vital things in the world. If it be true, it should be stopped! If it be not true, then it should be stopped! So if you will, all of you, take that attitude and refuse to allow anyone to bring gossip or repeat it, you will find a speed of progress in your individual lives that will be transcendent; for remember what was said to you in the Chicago Class: The nearer you approach the Goal, the greater the speed of the Action of the Light within you, and the greater guard you must hold over your world.

The Voice of the "I AM," 43.4:8

### **Beloved Messenger Number One:**

Would you try to realize deeply that there is no room in this "I AM" Activity, there is no room in the Consciousness of Our Life and Our Love for jealousy nor gossip nor discord nor impurity! There is no room for human feelings—human feeling that is discordant.

Record CD 1299

### **Beloved Victory:**

If you have irritation and disturbance in your feeling world, it is a repelling force. It is not a matter of persons, places, or conditions. It is a matter of the quality of energy acting. Therefore if you want to be a mighty magnet for all good of

every description, you must pour out Divine Love and Blessings continually. Refuse acceptance of disturbance in your feeling world! Refuse to be irritated or angry! Refuse to gossip! Then you will find the Powers of Infinite Light flow into your world in the great Glory of Its Perfection, releasing limitless abundance of every good thing.

The “I AM” Discourses, Vol. 9:207, 208

**Beloved Saint Germain:**

Oh! don’t pay any attention to these things that suddenly appear before you or some slight gossip you might hear! O Dear Ones, it is just those things which start, and try to get you disturbed, and get your attention off the Light and the “Presence”—it wants to get you with your neck under its heel. Don’t yield to it!

The Voice of the “I AM,” 43.7:6

**Beloved Lady Master Nada:**

I so greatly rejoice when I look among the Students and see how, since the beginning of the Shrine Class, everyone is taking a firmer determination to shut out all discord or to listen to foolish human gossip. I tell you, Blessed Daughters of Light, be firm as the Rock of Gibraltar in these things. As soon as you do that, you will find the Answer that will come so quickly to your Calls in every way.

The Voice of the “I AM,” 85.8:26

**Beloved Lady Master Nada:**

Remember, every person that starts that gossip is a claw of the sinister force—whether they know it or not, bringing discord into the worlds of individuals—because they want to disrupt the Groups.

The Voice of the “I AM,” 94.3:17

**Beloved Bob:**

If you knew what five minutes listening to some discordant gossip does—it does not make any difference what it is about;

---

but some destructive, discordant conversation which you naturally term “gossip”—if you could see what that does in your feeling world, Dear Hearts, you would no more tolerate or listen to it than you would pick up a rattlesnake that would strike its poison into your veins. I tell you, in that, you would only lose your body. But you make records that mankind have built and built for centuries.

The “I AM” Discourses, Vol. 12:77

### **Great Divine Director:**

The refusal to accept or listen to human gossip is the Open Door to solve your problems. There the Outpouring of the Ascended Masters’ Divine Love and Blessing is the Open Door to the Outpouring from the “Presence” which will solve all things.

The “I AM” Discourses, Vol. 8:304

### **Great Divine Director:**

Everyone, whether you be Group Leaders or whether you be Students, if someone comes to you, turn each one to the “I AM Presence” each time! Keep turning all back to their “Presence.” Be willing to give what assistance you can, but keep turning the attention of mankind to this “Presence” of all Life. Do not, after this, allow inharmony to act in your feeling world; and do not allow anyone to pour gossip into your world. Ask people, if they start to do that, please not to do it. If necessary, be very firm and say that you will not listen to it. I want to render this great Service for you. If you will give this obedience, then you will all rejoice.

The Voice of the “I AM,” 41.1:12

### **Elohim of Purity:**

Now, because the outer world’s condition is becoming so dangerous, We are hoping you will make conscious effort

enough to silence gossip every time it's brought to you, and don't let yourselves be a part of it. Don't let yourselves say anything against those under this Radiation, especially those who are carrying responsibility. Learn to call the Victory of the Diamond-Shining, Purifying Silence in and around yourselves to silence into annihilation every human habit within you, every human feeling, every human thought, and every spoken word that does not purify life and give Freedom and Blessing to the rest of life.

Record CD 1306; Cassette 6 0423-1

**Lord Maitreya:**

I ask all the Group Leaders who are heads of Sanctuaries to take your inflexible stand, and I will enfold you, but take your stand that there shall be no gossiping in the Reading Rooms or the Sanctuaries, or even the outer halls or lobbies—or whatever you have. The hour is coming, Precious Ones, when if these Sanctuaries and Reading Rooms are to have these greater Blessings for which this Messenger calls, the Purification must be made. And people cannot speak of each other's imperfections and have Purity in and around themselves. Now it just is not done. . . .

When the hour strikes for the Cosmic Law to answer the Calls of this Messenger for the establishing in the outer world of the various Activities of the Fire Element, the places must have been provided and attuned and charged with that Purity and Protection for a long time before the Flame is drawn. The Flame could never be given in a place of dirt or disorder or carelessness, nor where gossip is allowed. I trust, as you thoroughly understand what My Cosmic Flame of Cosmic Love can bring to you, I am sure after tonight, you will never again wish to make yourselves a part of the habits of criticism and gossip of the mankind of the rest of the world.

The Voice of the "I AM," 76.10:9, 10
