

Our Beloved Messengers Mr. and Mrs. G.W. Ballard

Our Beloved Lotus Speaks

We, as the “Cup of Light” within the American people, must be now that Power of the Unfed Flame. We will ask Beloved Daddy and the Great Ones to take hold of us and make us whatever Love in that Unfed Flame is necessary, whatever Victorious Cosmic Christ Love is necessary to come through these physical bodies into the energy of the Nation. If we will ask Him to make us whatever Saint Germain requires in the Nation to prevent the slaughter which is intended, then there can come, and there will come, Dispensations from the Great Central Sun to permit many things done for the outer self—when it has unconditionally and eternally surrendered and consecrated the outer self and all its energy into that Unfed Flame in the “Electronic Presence.” . . .

Precious Ones, Blessed Daddy has done something in the last three or four days—I am not completely aware in the outer of everything He has done—but it is as if He had drawn us all very much closer into His own Heart’s Flame with greater Love, like we were much, much closer to Him than we were a week ago. I want you to feel that and have this explanation because, Precious Ones, individuals do not yet know what I mean when I say, in your own private, secret thoughts and feelings, there must come within you the constant reminder that you will not have one thought, feeling, spoken word, or act that you could not perform in the Visible, Tangible Presence of an Ascended Being, or that could not pass through the Heart of a Master.
