

SPRING HOUSECLEANING

Beloved Victory

If you make yourselves a Sun Presence of Sacred Fire Victory—live, move, and have your beings within that, and feel Its Power as the only Acting Presence in and around you, then your Higher Mental Body comes in and around you with Its Almighty Power to fulfill Its Divine Plan. Together, as My Sacred Fire enfolds you, you go forward in rapid accomplishment; and may I say, you throw your human creation away. Isn't that a relief? Let's do it tonight! (applause) Thank you, Precious Ones.

So if you will strip yourselves of the useless things—which human creation, I assure you, is! It is perfectly useless to your “Mighty I AM Presence” and to Us. So let's have a housecleaning. This is springtime. If you will throw the debris of human distress into the Violet Consuming Flame and open the doors to the fresh air and the sunshine of My Sacred Fire Victory and let Its Sun Presence rule your world, you will find you have a Friend whose Cooperation you can depend on and for whom failure is impossible.

So let Us become the Action of the Cosmic Law, which I assure you, the Sacred Fire is with no uncertainty. Now isn't it a relief to come to the place where you are not uncertain any longer! (applause) Thank you, Precious Ones.
