Beloved of Our Hearts, I trust I may bring to your consciousness this afternoon the Inner Truth and the Fiery Christ Almighty Picture of the Activities in the atmosphere of Earth of which you must become aware as you call forth the greater Powers from the Ascended Masters' Octave to flood in, through, and around all in this world to purify it and set it free.

When you think of Us and call to Us or to the Angelic Host or the various Cosmic Beings, you are conscious usually of one or perhaps a few of the Ascended Masters and Cosmic Beings. But I wish to give you the Picture of what it is in the atmosphere of Earth, not only just this world, but the atmosphere of interstellar space, and make you realize that around every planet and System of Worlds, and in the atmosphere around every world and all Systems of Worlds, there are limitless, countless Sacred Fire Legions of the Angelic Host whose special Service is to fulfill the Divine Plan, and draw in and around every planet and every System the Powers of the Sacred Fire from the Great Central Sun and the Manifestations which the Sacred Fire produces in a System of Worlds—in order for the activities to take place by which beings can embody on the planets of a System, and become aware of the greater Master Powers within Life Itself, not only just the Life of that planet, but the Life of the System or the Life of infinite space.

I trust I may bring to your consciousness the awareness and the reminder that the One Life from the Great Central Sun—from the Sacred Fire Presence of the Great Central Sun—that Life fills everything in infinite space. And since It floods everywhere, It is One everywhere. And sometimes when you call to Us, if you could see the Inner Action of the Law of how We are aware of your Call and how quickly We can answer your Call, you would feel Us very, very much more closely in all your outer activities whenever you call to Us for help.

Since all Life and all Consciousness is One within that Life, and there is no place where Life is not, the moment you think of an Ascended Master or Cosmic Being, or

the moment you think of the Sacred Fire in the Great Central Sun, your Physical Sun, or any System of Worlds—you cannot think of that part of Life without your own consciousness flashing a Light there that is instantaneous—does not take time to go through interstellar space. And this is the thing I wish to bring to your attention, so you may have more instantaneous action and awareness of the Power that can release to fulfill your every Call and act instantly in the physical conditions of this world. If you will feel close enough to Us, your Love coming to Us is a Light. And Our Love returning to you is a Light, and We can flash that Light through all the Light that fills interstellar space.

That's why the Consciousness of an Ascended Being or a Cosmic Being is aware of what the "Mighty I AM Presence" of every Life Stream is sending into the Universal Light. We are aware of what the "Mighty I AM Presence" and Higher Mental Body of every Life Stream wants to draw forth into the physical conditions of the atmosphere of this world. And therefore, since Consciousness is One, and the Sacred Fire of Our Love—It doesn't have to come from one place to another place—Our Sacred Fire Love floods everywhere in infinite space because Our Sacred Fire Love is everywhere. Otherwise the infinite manifestations of the Cosmic Universe wouldn't be in existence—if the Sacred Fire of Life's Love did not fill interstellar space.

This is the Life of the Great Central Sun that, existing everywhere as the Sacred Fire, is forever the Cosmic Concentration of whatever Force, Power, or Substance or Consciousness is necessary to go to any part of manifestation, and enfold that manifestation in the greater Love from the Ascended Master Octave and from the Great Central Sun,

and by that greater Flame enfolding the physical body or the mental and feeling world of anyone in this world, or any manifestation here, that comes instantly around any part of life that sends Its Love to the greater Life.

You cannot send your Love to your “Mighty I AM Presence” and the Ascended Host without Our being aware of It; and the moment your Love comes to Us, instantly Our Love comes back to you infinitely greater. And Our Love contains always within It whatever will give your “Mighty I AM Presence” the Fulfillment of Its own Divine Plan, and will blaze in and around your outer self whatever is necessary to purify and illumine the outer self with whatever fulfills the Divine Plan. The Great Cosmic Sacred Fire Love from the Great Central Sun or the Physical Sun or from the Temples of the Sacred Fire is the Ascended Masters’ Octave. The moment the lesser part of life sends Love to the greater Life, instantly that greater Love comes back infinitely greater, floods forth Its boundless Blessings, and places them in this physical world, established here to forever expand the Perfection which Our Love is.

So any time you need anything—and it doesn’t make the least bit of difference what it is you need, so long as you understand that the great Sacred Fire Heart Flame of Love of Life Itself from the Great Central Sun fills this world and its atmosphere, fills the Ascended Masters’ Octave, fills interstellar space everywhere, there isn’t a place in the infinite scheme of Creation that your consciousness can’t go. You can think of anyplace in any of the constellations that exist in the Heavens. You can think of that, and you can send the Love of your Life there to carry your Love and Blessing to the Infinite Life in the Infinite Universe around you. And when your Love reaches to the greater Life, the

greater Love which that greater Life is automatically comes back to you without an instant delay, and always will pour back to you everything that that greater Love is.

It contains the greatest Wisdom that designs all Systems of Worlds and Systems of Suns to produce manifestation that is sustained for Eternity. Therefore, the Wisdom in that Great Sacred Fire Love from the Great Central Sun that creates worlds and Systems of Worlds and Systems of Suns—that Wisdom is contained within Our Love. And this is what the intellect of mankind must have in order to understand what is necessary to solve the problems mankind has created, to purify the atmosphere of Earth, and to manage the things of this world that create a civilization and provide the way and means for mankind to embody here and use the mightiest Powers and Blessings of the Universe to produce conditions in which mankind can manifest and live—and draw forth the greater Perfection of Life from the Ascended Masters' Octave, and draw It into this world, establish It here for Eternity by the Sacred Fire Love of each one's own Life Stream.

Now if mankind would but understand this and call forth the Ascended Masters' Intelligence, and what We know is the next Mightiest Outpouring for this world in order to fulfill the great Divine Plan and give as many Life Streams as possible the Ascension in this cycle at this time—if mankind's intellect would only understand this, turn its attention there, send the Love of each one's Life Stream to that Infinite Life everywhere, because there is Infinite Light everywhere; and that Light is Love. When the individual who has the capacity within each one's own Heart Flame to just reach up and pour that Love to the rest of the Universe, the rest of the Universe—the Beings that are there, and Its greater

Sacred Fire Love—automatically come back and form the circle, the connection through, and bring here and release into the outer use of anyone who will love that Infinite Life those greater Manifestations, the greater Powers, the greater Wisdom, the greater Love, the greater Peace, and the greater Beauty and Happiness and Perfection that has created the magnificent Universe around you. It is those Great Beings from the Physical Sun and the Great Central Sun who have designed and created the Powers of Nature that sustain those Blessings upon this world, that mankind may embody here and use them in a modern civilization to produce the Happiness, the Perfection, the Fulfillment of the Divine Plan, create the civilization, sustain it, bless it, and then through that, send its Love back to the Infinite Love of the Universe.

Now I come to something that some of you will be interested in, perhaps, more than others; and that is, that in the atmosphere of every planet, Sun, Star, and System of Worlds in space, there is Music that is the most beautiful Sound Life can possibly experience. If you pour your Love to that greater Life in the Physical Sun or the Ascended Masters' Octave or to the Great Central Sun, and just ask It to teach you about Itself, and your "Mighty I AM Presence" blaze through the outer self whatever purifies it and quiets it so it can hear the Music in the Ascended Masters' Octave or the Music in the Physical Sun or the Music in the Great Central Sun—because I assure you, there is Music there so beautiful, there are no words in your consciousness to comprehend how great It is. If you love that, that Love in that Music will come back and love you; and It will love you into the Harmony and the Beauty and the Perfection which It is in all manifestation.

You can produce the most magnificent Manifestations in your modern civilization by Music. Mankind's physical way of creating a physical civilization is but very crude and very slow and strenuous; but the Ascended Masters' Way of producing Manifestation that is beautiful—Our Temples of the Sacred Fire that Our Love desires to manifest are drawn into Manifestation by the Music from the Great Central Sun and the Music of the Ascended Masters' Octave. I want you to hear some of that. (*applause—audience rising*) Thank you so much. Won't you be seated, please, and just remain so.

Now the Music that comes from the Ascended Masters' Temples of the Sacred Fire, Our Temples of Music, Our Temples of the Sacred Fire, Our Temples of Healing—My Dear Ones, that Music can produce the most Beautiful Manifestations in existence. That Music can heal every physical body on this Earth just by the Vibration of the Energy that goes into the physical body, because the Vibration of that Music is Our Sacred Fire Love. And when Our Sacred Fire Love comes into your flesh structure, It changes every vibration. It purifies all substance. It remodels everything because It is the Master Presence of Perfection for Eternity that only the Sacred Fire can design and manifest, sustain, and expand. And that only brings Happiness and Perfection and Mastery to everything that contacts It.

We could purify and remodel the whole world by Music alone from the Ascended Masters' Octave. Now the intellect of individuals who don't understand this Law will say, "Why don't you do it?" Well, you'd be surprised—exactly, the reason is—it's that thing: "*Why don't you do it!*" As soon as mankind gets rid of that feeling, who knows that We might do it! We've done it before in many civilizations. We can do

it now, but We aren't going to do it to satisfy the sassiness of the human intellect or the defiance of human feeling. That's why.

We often hear people of the outer world who hear something of this "I AM" Activity, and through Theosophy where they've heard of the Masters down through the centuries, say: "Well, if there are all these Beings, why do They let mankind get into this condition?" You'd be surprised why We do: because mankind doesn't want to do anything else. So We let mankind have its own way and suffer it out as long as it wants to be defiant of Perfection and defiant of Love and defiant of Purity. And every bit of trouble you have in the physical world today is the defiance of the past. It's the defiance of the Sacred Fire Love and Its Almighty Master Presence and Its Wisdom that designed the Universe, fills Infinity with magnificent Perfection, sustains It without limit, and is forever harmonious.

So when mankind wants to stop passing judgment on something greater than itself, it will begin to learn the ABCs of the manifested Universe and try to cooperate with it. So, Beloved Ones, when people of the outer world sometimes say to you in that smarty way, just tell them that when they are willing to understand that that which is greater than themselves is entitled to the Love and the Purity, the Harmony and the Obedience of the outer self, it will learn what it can't learn any other way. So if I were you, wherever you move in the outer world, I would try to teach mankind to overcome the defiance to something that is Magnificent, Beautiful, All-Powerful, Infinite and much, much greater than mankind, because the Intelligence that creates a world or a System of Worlds and designs the magnificent flowers and food and Blessings in the Powers of Nature and Forces of

the Elements, designs the magnificent crystals in the crust of the Earth, designs the magnificent Powers of Nature that are given into mankind's use—as soon as mankind learns that the only Pathway to Perfection and the only Pathway to Freedom from mankind's own distress is Love to the Life that is greater than itself, and when that Love is sincere, humble, grateful, and obedient to the Law of Harmony, then that which is greater than itself will open Its Heart and release Its Blessings in, through, and around the outer self to teach it what does not come from anywhere else.

Now whether that Love is released by the Higher Mental Body in, through, and around the outer self or whether It comes from an Ascended Master or Cosmic Being, whether It comes from Our Temples of the Sacred Fire, whether It comes from the Physical Sun or the Great Central Sun, matters not. There is only One All-Knowing, All-Powerful, All-Master Presence in the Universe; and that is the Great Central Sun's Almighty Heart Flame's Love. And that Purity of the Sacred Fire is the Treasure House of Eternity, the Treasure House of Infinity, the Treasure House of anything and everything that is the magnificent Perfection of Life. Mankind doesn't understand how wonderful Life is. Now anything that you want to understand in the greater Life around you or from the Ascended Masters' Octave—or anywhere to which you direct your attention and you want to understand the Truth of what's there—ask your “Mighty I AM Presence” and the Ascended Masters or the Cosmic Beings to teach you the Truth of what the Great Central Sun's Sacred Fire Love is and has done to produce that magnificent Manifestation.

I am trying to lift your attention this afternoon and place it on the magnificent activities of the Infinite Universe around you, that its greater wisdom may come into your

minds, fill your minds with its glory and its blessing; and the greater feeling of Our Ascended Master Love comes into your emotional body, the energy of your outer self, and makes you feel what Our Love feels when We hear the Music of the Spheres. And We set that into action, Beloved Ones, many times, to purify certain conditions in the atmosphere of Earth that mankind has generated that are so filthy and so destructive and so terrible in their frightful misuse of Life, that that must be first of all clothed in the Blue Lightning Purity. And then as that purifies it, the Music comes in and replaces that creation by the Perfection from the Ascended Masters' Octave; and then that is sustained forever.

Now in the Ascended Master Retreats throughout the world, there are magnificent Creations, most magnificent Beauty and Perfection and Music that only Sacred Fire Love can create, maintain, expand; and through It, pour Its Blessing to the beings who embody in this world, and pour It to the Powers of Nature and Forces of the Elements to sustain that which mankind has to have to embody here. So, Beloved Ones, if you will learn to love Infinity and understand what's in your own Life, what capacity you have in your own Life. Now I am bringing this to you in your own intellectual concepts. I want your mind to understand, and it does, that within your Life is the capacity to blaze the Love of your "Mighty I AM Presence" through the feeling of your Heart and send that Love into every particle of Life in infinite space. You have that capacity, and it doesn't take a prophet to tell you how to use it; and when mankind begins to experiment with pouring the Love in the Heart Flame of the outer self back to all Life in the Universe that is pouring Its Blessings to this world—that Life, so infinitely greater

than this world, will pour back Its Infinite Blessings to the individual who will love It and let It pour It back by opening the Door that only Love can give.

You can't do this by forcing anything through the intellect. The intellect itself can't reach up there and just know everything. But the Flame of Love from your Heart that loves what is in the infinite scheme of Creation—and you are silent enough to just love that greater Life and ask It to teach you about Itself and love Its Perfection into you, I won't need to tell you anything else: It will bring such Happiness into you and through you and around you that It will make you aware of Itself. And the more you love It, the more will Its Powers come in and around you to bless your body, to bless your mind, to bless your atmosphere, and to bless your world with the things that fulfill the Divine Plan and will give you only Blessing.

This is the Limitless Supply that only Love can give; and It is the Treasure House of Infinity for Eternity. But mankind doesn't want to love the Infinite Universe around it; and as soon as you train the outer self to just love that greater Life and ask It to pour in and around you Its greater Love to make you understand what's there, and enable you to pour that Blessing to the rest of Life here, Blessed Ones, you don't have to ask for anything. This Love will teach you of Itself because It will fill you with Itself; and you will know It, because you become It.

This moment as you sit here, you are as disconnected from the vibratory action of this city and the outer world as if you were on Venus or some other planet. You aren't feeling the conditions of the outer world because My Love is the atmosphere of this world; and this room is part of the Atmosphere of My Love which I have poured to this

Earth—and I am going to continue to pour until It has purified this world and all upon it, because it can't be purified by anything else but the Sacred Fire's Love. You can have as much of this as you want, but you must remember It; and the more you remember It, the more you feel It, the more you want It, the more you call It into outer physical conditions, the less you want to battle anything. You won't want to criticize or condemn or judge anybody or anything, because it will be so uncomfortable compared to the Feeling that comes into you when you send Love to that Infinite Life.

That greater Love coming into you will be the Peace of the Great Great Silence; and in that you can hear the Music that will lift you unto the Heights. It will transmute anything in this physical world into Ascended Master Perfection. It will raise any consciousness of Life into its own Purity and Love and Peace if mankind will turn its attention there and love It. And that's all it takes. It only takes your Love to the greater Love of the Universe to draw all of Its Power in and around yourself until you become that greater Love also. And it is, I assure you, the most comfortable way of existence anywhere in Eternity throughout infinite space.

So if I were you, I would practice this. And when you practice sending the Love of your own Heart's Flame, and I mean a feeling—this isn't an intellectual concept—just the feeling inside of you that just loves to pour back to the Universe the Love of your own Life Stream; and as you pour up to that greater Life the Love of your own Life, that greater Life will give you everything It is. And Its Powers then come into your outer use to help you live more victoriously, more constructively, more happily, and infinitely more powerfully.

So, Blessed Ones, there is no equal for It. There is no balance for that greater Love that fills interstellar space with manifestation. And all it takes to draw that Power here is your Love there first to open the Door, open the Way, and let that Perfection of Eternity come in and around you and teach you the Truth about Itself. And if you want Its Harmony and Its Happiness and Its Love, you send your Love to that Music, and ask that Music to come into you and make you hear It and feel It and blaze through you Its Blessings to the rest of Life.

And you will become able to hold your hand and heal and remodel everything that is of human limitation. The Healing Temple, the Sansamadhi Temple that existed in India for century upon century, remodeled mankind's physical flesh bodies by Music. And that Music was the Carrier of the Sacred Fire Love of the Great Cosmic Beings, the Healing Angels of the Sacred Fire who poured Their Love through that Music. And as that Vibration passes through the physical flesh structure, It purifies and perfects everything in Its Pathway, because It contains only Perfection; and nothing can ever change It. This is the Divine Way to live Life, and It makes you master over every destructive force. It makes you master over every limitation that is contained in this physical world, and It makes you that master for Eternity. So all We do is plead with you to come and use the Master Power of Life and let Its Music and Its Purity, Its Beauty and Its Perfection, bring into your outer use the things that fulfill the Divine Plan that produce Beauty and Blessing and Perfection to the rest of Life, and enable you to live the Ascended Masters' Way even before your Ascension.

That is why there are these Powers of Precipitation, Etherealization, or Levitation. This is all but a controlling

of the substance of the physical world by the Sacred Fire of Our Ascended Master Octave. And Our Sacred Fire Love contains Music and Beauty and Perfection for all Eternity, and something that can never be given to you by the outer physical conditions of this physical world. This all comes from within the Sacred Fire of the Love of Life, either your own “Mighty I AM Presence” and Higher Mental Body’s Love or the Love from the Ascended Masters’ Octave, the Love from Our Music Temples, the Love from the Temples of the Sacred Fire, all of which are Indestructible, Eternal Harmony.

Now We come to the use of the Power of this Sacred Fire. And when you learn to love all the Life that is in interstellar space and ask It to fill you with the Power which It is, teach you the Truth which It is, blaze through you Its Fulfillment of the Divine Plan and let you reveal to the rest of the world around you everything that Perfection can give, you will find your own being and world purified, harmonized, balanced; and you’ll find all the Love and the Blessing that you have wanted to have in your outer use just naturally coming into your outer use as naturally as breathing. But you must maintain the Harmony, the Purity, and the Love of your own “Mighty I AM Presence’ ” Life Stream through your own Heart Flame; and It must continue to go back to the greater Life. And if you love that which is greater than yourself, the greater Blessings and Powers which It is must of necessity come back into you and blaze through you Its greater Perfection.

So you can’t lose. There is no limitation there. There is no lack of anything; and all It is, is just the Sacred Fire Love that contains within It Wisdom. And that Sacred Fire Love is limitless Energy that is always Self-luminous, and can flash anywhere in infinite space on the instant; and the

Life that is there will flash back Its Love and Its Light and Its Sacred Fire Control of physical conditions in this world. This is the Master Power of Our Sacred Fire's Love and is forever at the use of anybody and anything that will love It. That's all it takes.

Now you're calling for the Visible, Tangible Presence of the Ascended Host, the Angelic Host; and you may think you have called a long time. You might wonder why We don't come. Well, We do come many times when you don't know where We are. We have come millions of times down through the centuries to unascended mankind, and We will come millions of times more; but there is only one thing that draws Us through into the physical lower atmosphere of Earth, and that is the Love from unascended beings. You can't open that Door by force or demand or defiance or just the determination to have your own way. Love alone is the passport to every great thing in the Universe; and the more you can feel within your own Life, Love—your "Mighty I AM Presence" Love for all the rest of Life in the Universe—the more you can pour Love there, the more that Life will pour back Love to you and make you the Victory for which you call and fill you with the Desire to manifest the Perfection of the Fulfillment of the Divine Plan.

So, Beloved Ones, now We come to the Angelic Host, who are the Legions of that Love and the Carriers of many of Its Blessings and Manifestations into this physical world, because many times the Angels of the Sacred Fire can come swiftly on the Music of the Spheres; and as They come, pour Their Blessing, and place things in this world—things that are from the Ascended Masters' Octave that We give and place in this world to continually pour forth the Sacred Fire Love and Perfection and Purity of Our Freedom to Life.

This is what is anchored in every Ascended Master Retreat throughout the world, and those Retreats are held guarded and made Invincible against mankind's discord. And if those Retreats were not filled with the Sacred Fire of Our Love and the Almighty Substance from the Ascended Masters' Octave and the Music from the Ascended Masters' Octave—if that were not focused into the Ascended Master Retreats throughout the world, mankind's own human creation would dissolve and consume the physical bodies of mankind embodied in this world. Mankind would not even grow up.

So if you learn to love that greater Life in the Universe and simply ask It to tell you the Truth about Itself and fill you with what makes you master over everything in this world, you will have to become that Love also. And this is the Wisdom of the Ages. This is the Law of the Perfection of the Ascended Masters' Octave. This is the Destiny of the Fulfillment of your Divine Plan. And so if you want to fulfill your Divine Plan, just remember: pour back your own feeling of your own Life's Love back to the Infinite Universe around you. Just give It back there; and then ask your "Mighty I AM Presence" and the Ascended Host to blaze in, through, and around you whatever Love makes you master over every limitation you have ever experienced.

And for goodness sake, forgive and forget the things you did wrong! Please don't remember the limitations of the past, and try to avoid being aware of mankind's limitations as much as you can. Fill everything in your beings and worlds with Our Ascended Master Sacred Fire Love, Wisdom, and Power; and draw that into your physical flesh forms. Draw It into your physical affairs, your business conditions, your homes, everywhere you go, into everything you do. Keep calling It into everything; and let It show you what

is contained within It and what the Power is that It can release at your direction into physical conditions to make the Perfection of the outer world the Fulfillment of the Divine Plan, and keep you protected against the things of the outer world that otherwise will only destroy you—because this is the only Eternal Protection there is.

Therefore, We ask you to love the greater Life of the Universe, all that the Sacred Fire is, that It may come back and protect you and control conditions around you as you move in the outer world affairs, and make you Invincible against the conditions that destroy one Life Stream after another's embodiment in the outer world conditions of chaos and destruction today. We want to protect you against the conditions that are destroying mankind on every hand in the outer world simply because mankind will not put its attention upon the Sacred Fire Love that contains all and is Master of all and is forever the Raising Power to raise everybody and everything into the Ascended Masters' Octave, as the Fulfillment of the Divine Plan takes place for every Life Stream.

So from this hour if you will understand what My Love is to this world and this System of Worlds, you will know why, in My Activities of Mighty Surya, They call Me "Lord of the Sun." You may have every Power of Love and Light and Beauty and Perfection of the Sacred Fire in this Universe to create a Sun Presence in and around you that makes you master over every physical condition in this world; but It only comes by your Love to the greater Life, your Love to that Sun Presence, that It may here create another Sun Presence enfolding you in Its Heart Flame, and blaze through you into every bit of Life you contact, Its own Sacred Fire Presence of Eternal

Purity, Eternal Peace, and the Eternal Perfection that is Master of all and that blesses all and that raises all into the Ascended Masters' Octave forever.

This is the Peace for which the world cries, but the world will not put its attention upon the Sacred Fire Love that is that Peace and the Giver of that Peace into the physical conditions of the physical world. So I simply bring this to your attention for your acceptance if you will help Us bring this Love and Purity into outer physical conditions, that Peace may come, and mankind once again turn back to the "Great God Presence," the "Mighty I AM," become aware of It, and cooperate with It to let Its great Sacred Fire Love from the Great Central Sun blaze in and around the physical bodies of those under this Radiation, and then establish in the physical structure of this world more of Our Love that is Immortal Purity, Perfection, and Victory over everything that is in manifestation today in this physical world.

If you will learn to love that greater Life and let Us pour It through you into outer physical conditions, you must become Our Freedom and Our Perfection and Our Victory over the limitations of the physical. And you become the Sun Presence of Our Healing Love to the world; and then you will sing the Song of Joy that only the Sacred Fire Love in your own Heart's Flame can ever make you hear, and draw into this world Its Almighty Presence to perfect Life's Almighty Manifestations everywhere in this world.

So I clothe you in the mightiest Miracle Mantle that Our Love can give; and may you hear the Song of Our Joy when you, returning to your "Beloved I AM Presence," listen and hear Its Voice, hear Its Music, hear Its Command to manifestation, and let It fill you with Its Master Powers

to use in outer physical conditions to perfect everything wherever you go and hold Invincible Protection in all you do.

May Our Love blaze in and around you Its Mightiest Victory and Power and Control of all manifestation wherever you abide; and if you ask for My Love, I will make It a part of your Life Stream and enfold you in Its Sun Presence—if you will bring It here to help purify and free the Nation that is the Heart of the World, and raise all into the Ascension. There is no other way except by the Sacred Fire Love from whence comes everything that is Perfection for Eternity and the only Happiness that is Eternal Perfection, forever giving of Itself to everything in Creation. And you cannot be unhappy; you can't stay in limitation, and you can't have anything but success and Victory as you move forward to draw this in and around yourselves into all outer physical conditions. And if you will ask, We will fulfill your Call; and let Us see what We can do to release as much of this throughout your Nation, and as rapidly as possible, to bring the Cosmic Victory here to protect and save this Nation that is the Heart of the World. And the Heart must have Its Love expanded for Eternity.

I commend you to the Victory that only Sacred Fire Love is and can give, and now may the Master Presence of Its Almighty, Miracle Powers and Music of the Spheres blaze in and around you and hold Command wherever you abide until Its Victory rules everywhere for Eternity. Thank you with all My Heart.
