

## THE BELOVED MASTER JESUS' ASCENSION

### BELOVED GREAT DIVINE DIRECTOR

The Beloved Master Jesus said, “‘I AM’ the Light of the world” because the Light of His Life Stream—as He raised nearer to His own Perfection in the attainment of the Ascension, every time He raised closer to that, His Light became brighter within the structure of the Earth; and it, too, was raised, because it was in connection with Him. And so can you, through your connection with Us, be the Radiating Power that sends into the structure of Earth

itself and into the atmosphere of Earth the greater Powers of the Cosmic Light, and be the raising Vibratory Action that compels greater Purity. . . .

When you understand what a tremendous Magnetic Power there is in that Etheric Record of the Beloved Master Jesus' Ascension, the moment you think of that, if you become still and imagine how He felt at the moment of the Ascension, He will charge you with His Feeling so you will actually feel what He felt at the moment of the Ascension. And yet you will have that Feeling in the energy of your world before your Ascension. And that is a Raising Force to everything in your being and world.

So His Power of the Etheric Record of the Ascension over the Hill of Bethany is the Action of the Great Central Sun Magnet. And through the attention, you can connect yourselves with that Power, and raise from day to day into better and better conditions, because It is the Raising Love of His Life Stream that Love offered to assist every human being to be free. Others have done the same thing—I mean by that, He's the only one that made that Etheric Record of the Ascension that was left with that special Command to be a Magnet to draw even the human mind up into that Perfection—but I mean other Great Beings through the centuries have left the records of Their Blessings and Their Powers of the Light to be that which drew the attention of mankind to that greater Perfection, and like a Magnet drew them out of the distress and into the Freedom of Life's Perfection.

Now Our entire Octave of Life is in reality the Universal Magnet to hold the attention of mankind upon Our Perfection until the Expansion of the Light in all mankind reaches the point where it draws back Our Perfection and the human is cut away and consumed.
