

## COSMIC VICTORY OF THE LIGHT

MRS. G.W. BALLARD

Beloved Jesus, since this is Thy Day of Victory and Thy Example, and Thy Etheric Record stands in the atmosphere of Earth, the Mighty Magnet drawing all mankind into the Victory of the Ascension also, this hour I ask Thee to raise Thy Sword of Blue Flame and

cut free every human being on this Earth from all human creation and everything that holds them connected with any destructive force in America or the world. You are the Authority in the use of that Sword of Blue Flame. See that those under this Radiation are held insulated forever from all destructive activities of the outer world, and that they abide within the Heart of Your Sword of Blue Flame until the moment of their Ascension. And may You seal us this hour within that Blazing Cosmic Heart of Flame from Your Heart, and see we know naught but Its Mighty Victory in all we do forever.

Beloved Saint Germain, Beloved Daddy, in all you have done for mankind and for us, we ask you to accept our Hearts' Love, our Gratitude, our all. See that we stand at attention to you, accept only that which comes from You—we give such obedience as will enable Saint Germain to release all Power required, and at once, to hold our America blazing with His Cosmic Victory of the Light, and all destruction cut away from our people forever, and the rest of the world freed from every destructive force of the Earth forever.
