

CHRISTMAS AND NEW YEAR'S BLESSING

Beloved Saint Germain

 AM” the Cosmic Law’s Immortal Control of the government of the United States of America by the Fire from the Ascended Masters’ Octave that wipes out all that opposes God’s Freedom here!

You set this into action and see whether the Legions of the Fire of Creation manifest the Fulfillment of your Call. I will not keep you longer, but We want to get this into action tonight. And may you have the happiest Christmas! May you have the most Divine New Year! May you have the greatest Happiness and Joy that the Fire of Our Octave holds within Itself to bless you and your affairs, your loved ones, and the conditions of the outer world—until you stand apart from the destructive forces, and you go on with greater and greater Blessings and Freedom from your limitations, as you acknowledge this in outer action. And with this Decree, you never need again to accept any limitation of the human. . . .

May the Christmas Bells of Immortal Happiness and Freedom ever bring to you the Song of the Sacred Fire from Our Octave that forever praises the Source of Creation with the Heart’s Music of the Spheres. May that Heart ever and ever and ever be for you the Temple of the Sacred Fire, and you go forward Its Blazing Master Presence of all Eternity. Unto Its Glory do I commend you. Into Our Octave do I welcome you; and into the Sacred Fire may you walk unafraid, grateful, and Free. Thank you and good night. And may I commend you for all you have done and leave you the Christmas Blessings of the Fire of My Love to forever abide with you in Eternal Happiness. Thank you, Precious Ones, with all my Heart. I love you forever.
