Beloved of My Heart, it is Our great pleasure and privilege as well as Our Joy to bring to you tonight the Assistance from Our Octave, that will enable you to understand more clearly that which we are trying to do to help you and the Nation and the world. In rendering Our Assistance to every Life Stream, regardless of what has been created by the outer self's misuse of energy, We at all times are concerned with the drawing forth the Expansion of the Light from the Heart Flame through the outer self, so the Higher Mental Body can have greater Freedom to pour forth greater Power and greater Perfection through the outer self.

Therefore, Our Activity is the use of the Power of the Great Central Sun Magnet. Our Love, when We pour It forth to a Life Stream, draws the Light within the Heart Flame out through the flesh and enables that Heart Flame to enlarge. The Higher Mental Body then can pour forth more of Its Perfection through the outer self. When the individual consciously understands this and can cooperate by Conscious Command, the Expansion of the Light in the Life Stream is very, very much more rapid. And I wish to assure you that when We speak of the Expansion of the Light within the Life Stream, We are calling forth the greater Power of the Light, the greater Concentration of Electronic Force of Light into the outer self—and from within—out, releasing that greater Force of Eternal Perfection.

What We want to accomplish through mankind is, by Conscious Command, for the Release into the physical world of the Eternal Perfection from the Ascended Masters' Octave. Each individual can have as much of this as he or she wants by the use of the Conscious Command. Mankind would long ago have expanded the Light much

more rapidly and would have had greater Strength of the Light within to create greater Perfection and Protection if the individual's intellect had understood how to cooperate with the Ascended Masters who are giving Their own Life, Their own Love, Their own Light of Perfection, to be a Magnetic Pull upon the Heart Flame of the individual until It expands and is given Freedom through the outer self.

No matter what the effort is that individuals make in the outer to use the Powers of Light to create conditions in this world, every individual is constantly using the energy of Life, the energy of each one's own Life, and also the energy—the Universal Light Energy in the atmosphere about you and in the Powers of Nature—to create the physical things that you use in the physical world. And when you are using the Blessings and Powers of Nature, try to realize, that is still the Gift of Love from some one or more of the Cosmic Beings who have created the Powers of Nature, who have established them here, who sustain them here, and who constantly expand through them here the Greater Life of Perfection from the Ascended Masters' Octave.

Could you understand the great Plan of Design of Perfection—and I am speaking of Eternal Perfection from the Ascended Masters' Octave into the physical world—it would enable you to cooperate more often with conditions in the physical octave that you do not always think are constructive. The Plan of Perfection, and I mean the Original Divine Design of Perfection of Creation, is constantly coming forth from the Ascended Masters and Cosmic Beings into the Powers of Nature. And in the infinitely small as well as the infinitely great, the Pattern of Eternal Perfection is always sent forth first. If there is any other pattern in

existence, it is due to mankind's imposition of discord upon that which was originally divinely designed Perfection to produce Eternal Perfection here.

Once you become aware that it is your eternal obligation to yourself—which you, yourself, chose, decreed, and accepted the responsibility of manifesting from the Great Central Sun when you first came into embodiment—when the Flame first individualized from the Great Central Sun, you, of your own Free Will, chose to come into embodiment to use the Powers of Life to design, create, expand Perfection. You accepted the responsibility of the use of Life's energy wherever you went, wherever you go, wherever you've been in embodiment, wherever you will be in embodiment. Of your own Free Will you chose embodiment. Of your own Free Will you accepted the responsibility of the use of energy, of the use of Life. Of your own Free Will you chose to embody to use or bring into outer, physical manifestation the Master Powers of the Great Central Sun's Sacred Fire Heart Flame. And that Heart Flame is Sacred Fire Love.

You individualized because you loved to individualize. You wanted to individualize of your own Free Will. Therefore no one is in physical manifestation by any arbitrary command of any part of life. The individual with Free Will who is a creator and a Cocreator with the Great Central Sun's Magnificent Beings of Immortal Perfection—every individual who has Free Will accepts the responsibility of creation. The Divine Plan is to create Perfection. Tonight I bring to you an opportunity, and if you will care to set this into action as just a natural habit within you all the time, it will bring to you such Blessings and such Security as only the Sacred Fire Love can bring.

Now I offer you a responsibility; I offer you an opportunity. I offer you an obligation to call forth the Great Central Sun's Fiery Christ Blue Lightning Purifying Love and Cosmic Violet Consuming Flame's Purifying Love, Forgiveness, and Mercy to Life, to charge forth into all the money of your Land, into all the wealth of your Land, into all the supply of the Powers of Nature within your Land, with the Command that whatever Great Central Sun's Sacred Fire Love's Immortal Purity is necessary will charge into all money, all wealth, all the blessings of your Land, **WHATEVER SACRED FIRE LOVE PREVENTS ALL WRONG.**

Now, there'll a wail go up from the hordes of evil, but pay no attention. If you were to charge everything you use, everything you call into existence, everything you want to draw forth into your world, everything you buy, everything you pay out in the use of supply, everything you do every day, with your "Beloved I AM Presence" and the Ascended Host's **GREAT CENTRAL SUN'S SACRED FIRE LOVE'S FIERY CHRIST BLUE LIGHTNING PREVENTION OF ALL WRONG**, My Dear Ones, I cannot put into words that you comprehend the Blessing, the Miracles, and the Powers that will be yours to use as naturally as breathing.

Some of these Powers you've already used in centuries past. That constructively used energy is in the Causal Body. That could come forth to more rapidly bring this into outer existence; but wherever you go, your very Blessing to all Life with the Sacred Fire Love that forever prevents all wrong would automatically make conditions in which you abide the Eternal Perfection for which you have called. Now if you are big enough, if you are great enough in your Love to Life, if your Desire is selfless enough to call this into every outer

physical manifestation—you cannot realize what that will bring as a changed condition into your outer world affairs until you begin to use It.

Every conceivable thing of human creation will try to take your attention away from your doing this, but it's up to you. You are the Master Authority. You are the Free Will of the Great Central Sun's Life. You are the Heart Flame of Eternal, Perpetual Creation; and if you care to render this service to your Nation to be the security of supply to that which is constructive within your borders, you could not lack for supply of any good thing—you, yourselves, individually.

I have been hoping for this for some time. To some degree the Messenger has been doing it individually, and occasionally in your Decrees; but if you will gather a momentum of this—by concerted action, keep demanding this charged into the wealth of your Land, into the conditions in which you live, into your use of all the Powers of Life—then the Perfection from the Ascended Masters' Octave can flow much more powerfully and quickly into your outer use and bring you Blessings that as yet the rest of mankind has not received.

It depends entirely on your own decision that you make and your Command to Life that everything you call forth into existence be charged for Eternity with the Great Central Sun's Sacred Fire's Love's Fiery Christ Blue Lightning Prevention of all wrong. You can be through with the experience of human discord if you care to do this, if you choose to render this service to protect the supply of your Nation, your natural resources, the God Blessings within your borders. And that includes your Freedom. (*applause—audience rising*) Thank you so much. Won't you be seated, please; just remain so.

When you understand what Freedom to the Nation means to the rest of the world—It means the survival of everything that is constructive on the Earth, because the United States of America is the Heart Flame of Freedom from the Ascended Masters' Octave to this world—therefore, the Freedom which individuals desire must be charged with the Sacred Fire's Love of Fiery Christ Blue Lightning Prevention of all wrong, because unawakened individuals very often interpret Freedom as license. And Freedom is not license. Freedom is the right use of Life, and therefore the unlimited use of anything and everything in existence to produce Perfection that is eternal and that carries the Blessing of Love to everybody and everything else in Creation.

Life is perpetual creation. Therefore, if you use your life and the life in the Universe around you—your conscious intelligence, your Conscious Command—and you love Life enough to demand into this world the “Mighty I AM Presence” and the Ascended Host's Great Central Sun's Sacred Fire Love's Fiery Christ Blue Lightning Prevention of all wrong, by Conscious Command you can, with a certain amount of momentum of this, keep destructive forces from desecrating that which is the Freedom that has been given to you by God's own Heart, the Heart of the Great Central Sun, the Heart of the Physical Sun, the Heart of this World, the Heart of Freedom to the Earth which is the United States of America.

And it is not idly, I assure you, that there has been established within this Nation the Order of the Purple Heart. That is exactly what I am talking about now. The Violet Flame Heart, the Purple Heart of the Sacred Fire Love of Immortal Freedom, is the very Life of this Nation and the sustaining Life of Freedom to the Earth. And therefore the Violet Flame

is the Purifying Love that loves Life enough to forgive human creation and draws forth the Power of Life enough from the Great Central Sun to qualify everything that is called into existence in the future with the Ascended Masters' Fiery Christ Blue Lightning Prevention of all wrong. And then you have closed the Door of Eternity against the human use of that which you create. What you bring forth of Perfection will bless all, including yourselves, and will ever grow greater in Its Fulfillment of the Great Divine Plan. And more than that, as you draw this Eternal Perfection into manifestation in this world, It becomes a Raising Power that draws mankind into the Ascension, becomes a Raising Power that illumines and purifies the Earth, and raises the Earth itself into the Ascended Masters' Octave; and the Earth becomes a Sun.

You become a Sun in your own world; and, as that Sun Presence of Sacred Fire Love, It is the Raising Activity that raises the Nation and the world into that same great Sun Presence of Immortal Freedom. And there is no Freedom anywhere in existence without the Sacred Fire Love from the Great Central Sun. When We call forth the Sacred Fire Love's Fiery Christ Blue Lightning Prevention of all wrong, that Flame of Love, as It goes forth, is clothed in Blue Lightning on the outside. And that stays there for Eternity. It acts for Eternity, It expands for Eternity, and It rules for Eternity everything in manifestation. This is the Master Flame of Life. It's the Master Control of manifestation. It's the Master Intelligence and right way to live Life, and It is the Fulfillment of the Great Divine Plan.

To use this is the Highest Obedience you can give, and as you use It, It will automatically harmonize you and your worlds. When you commence to use this as a matter of habit, then you begin to be filled with Immortal Harmony.

And when your life energy and everything in your beings and worlds is charged with Eternal Harmony, the human has no chance to be created. I am showing you the Open Door tonight into the Eternal, Divine Way to be free from human creation and the harmonious way to solve every problem, and therefore, the permanent way to change every condition into permanent Perfection. And it will never be done any other way.

Everyone might just as well make up his and her mind that to keep calling forth the “Beloved I AM Presence” and the Ascended Host’s Great Central Sun’s Sacred Fire Love of Fiery Christ Blue Lightning Victory, Perfection, and Prevention of all wrong is the Master Command to Life. It is the harmonious way to produce Eternal Perfection. And It is the Eternal Protection to everything that fulfills the Divine Plan until the Work of the centuries is completed, and you—the Heart Flame in your own Heart, has expanded and enfolded you in Its Sun Presence; and your Love, in turn, enfolds the Nation or the world in the Sun Presence of that same Sacred Fire Love from the Great Central Sun that for Eternity prevents all wrong. And I hope you come Home to your Freedom. (*applause*) Thank you so much.

Now you might try every intellectual idea that has ever come through the consciousness of life in this world; but if you do not have the Sacred Fire Love of the Heart Flame—whether It be your “Mighty I AM Presence” or the Heart Flames of the Ascended Host or the Heart Flame from the Great Central Sun or the Heart Flame from the Physical Sun, matters not—unless you have that Heart Flame’s Sacred Fire Love, you will never have Freedom. Therefore It is the Guard of the Immortal Freedom that is the Divine Plan’s Fulfillment for this Nation and the world.

But so long as human creation is still in existence and has not yet been consumed, then there must go forth by Conscious Command of unascended beings the Call and the Demand upon the Cosmic Law for the “Beloved I AM Presence” and the Ascended Host’s Great Central Sun’s Sacred Fire Love’s Fiery Christ Blue Lightning Prevention of all wrong. And then you seal whatever you bring into existence in the Ascended Masters’ Sacred Fire Love that is not only Immortal Protection—It is the Immortal, Sustained Perfection ever expanding throughout infinite space and is Immortal Happiness. It is the Victory over all human creation, because this is the permanent, harmonious way to change every condition of physical experience if you will but give the Command.

So tonight I leave you to contemplate this, to decide within yourselves whether you wish to do it. And if you set the habit and make the decision and you do it and gain the momentum around you, every time you draw forth an Expansion of this Sacred Fire Love, We will draw forth twice as much and add to yours, that We may redeem the Nation more quickly and protect what is of God within your borders until the human creation can be consumed. When treason runs rampant within your Nation and every devilish force in existence wants to destroy this Nation and Its Freedom as the Heart of the World, We need every Call everyone under this Radiation can give—everyone who understands this Law—and if you will give Us this cooperation, your Blessings will be without limit for Eternity, and the Door to your Freedom is tonight opened unto you.

So I leave you to decide within yourselves whether you wish to use the Heart Flame of Sacred Fire Love—from your “Presence” and from every Ascended Master, from

the Ascended Masters' Octave and from the Great Central Sun—into all the wealth of your world, all the resources of your world. And that means the energy of your people: to charge all the wealth of this Nation with whatever Great Central Sun's Sacred Fire Love's Fiery Christ Blue Lightning Prevention of all wrong is necessary to send It forth like lightning throughout your borders everywhere within the Land; and wherever that goes forth, that which is of human creation will be stilled, repelled, and consumed.

So It is boundless in Its Power, eternal in Its Blessing, and infinite in Its Release of the Perfection of the Divine Plan fulfilled. So tonight the Patriotism that is to save this Nation is the Sacred Fire Love from the Great Central Sun that created the Nation in the beginning. The Nation was established by the Sacred Fire Love of Immortal Freedom of your Beloved Saint Germain, the Mighty Washington, and the early Patriots that gave everything they were and had to bring into existence the Focus of Eternal Freedom to the Earth. And now if you call forth everything from the Great Central Sun's Sacred Fire Love, and you command the Great Central Sun's Fiery Christ Blue Lightning Prevention of all wrong, there will come to you such Legions of Assistance as you do not even know yet exist; but They will set into action that which the sinister force cannot oppose. So We will secure you to greater Protection as you call this into outer conditions to do that which, physically, you cannot do otherwise.

So I enfold you tonight in the Full Momentum of My own Life Stream's Sacred Fire Love that I have drawn forth in Service to Life throughout the ages I have served. I call forth that Great Central Sun's Fiery Christ Blue Lightning Prevention of all wrong, and It can go forth like one flash

of lightning and still into Annihilation that which dares any longer to oppose the Perfection of Life. So your Perfection is Invincibly Protected as you call It into outer conditions and expand Its Sacred Fire Love to save the Freedom of your Nation and the sanity of mankind. And I am talking about the hypnotic control of the sinister force; for it is nothing but criminal, insane hypnotism, and this is your Protection against it.

My Gift is beyond money and beyond price, but It is Invincibly Victorious for Eternity. It is Power without limit, and none can take It out of the Universe. I give you that which is Eternal in Its Mighty Mastery over everything in this world. May you have Its Blessings without limit as you use It to safeguard your Nation and that which is of God within your borders until mankind awakens from the hypnotic sleep of the centuries, the hypnotic sleep of the senses, and the hypnotic sleep of slavery to destructive forces. Mankind does not need to go down under the destruction of human creation with this Almighty Power in the Universe offering Itself for the Freedom of all if you will but call forth Fiery Christ Blue Lightning Prevention of all wrong, and demand the Heart Flames' Sacred Fire Love that releases that Fiery Christ Blue Lightning Prevention into anything and everything in your beings and worlds—then through your Nation and through the world—until mankind awakens to some kind of intelligence beside the creation of human discord.

The Magnificent Perfection of the Ascended Masters' Octave is that which has created the planet, created the Powers of Nature upon it—sustain it, keep it in perfect balanced action, keeps it in its orbit. And those Cosmic Beings are the very Sacred Fire Love of which I speak; and They are

the Fiery Christ Blue Lightning Prevention of mankind's creation any longer being allowed to touch you or your worlds or anything in existence, so long as you command and demand the prevention of all wrong.

So let Us go forward, and I trust I have your cooperation to your Victory and the Victory of the Ascension for all. Thank you with all My Heart. (*applause*) Thank you so much, Precious Ones.
