

Expansion of This Light

Beloved Goddess of Liberty

Just as a tiny spark can set an entire forest on fire, just so by your Call for the Ascended Masters' Invincible Cosmic Expansion of those Activities of the Sacred Fire and Cosmic Light that are required in this world to produce Perfection—so can these Inner Activities of Our Cosmic Expansion charge through your energy and go forth to affect the Nation and the world. This is your privilege of Service. This is what accumulates to the place where you have a Reservoir of Power great enough to do anything instantly. And We want you to come to that Victorious Accomplishment, and so It can come!—with your Conscious Understanding and use of Our Invincible, Victorious Expansion of everything for which you have called. You will find yourselves moving into wonderful

Activities that will astonish yourselves as well as the rest of the world. We must have this in the Release of that which is to be the Perfection of the Incoming Golden Age. Then will the civilization come forth very much more rapidly, and this time be sustained forever.

You are the builders. You are the ones who are to use that Power. You are the ones who are to call forth this Perfection, and with your cooperation with Us in the use of Our Cosmic Expansion, you may accomplish in perhaps ten years through these Decrees what otherwise would take a hundred to bring into physical conditions the greater Perfection of the future. So I want you to feel what a very practical Power It is and how very Real and how very Tangible and how you can have It always at hand in your outer conditions.

So if you will think on this when you give your Decrees, and then charge Our Invincible, Victorious Cosmic Expansion of Power without limit through your Pageant of “*I AM*” *COME!* you will find many of the Cosmic Beings beside the Master Jesus in His great Outpouring of Love—there will come many who will add to that Their Cosmic Expansion of this Power to which I refer. And that can go through the Nation like a tidal wave, and It can go through the world the same way.

So I would deeply appreciate your charging all the energy that you send forth in this Pageant, whether it be in your mechanical construction or in the actual use of the Words and the Portrayal of the Law, or whether it be just through the minds and the bodies and the feelings of the audience—if you will charge all the energy there with the Ascended Masters’ Invincible, Victorious Cosmic Expansion of the Sacred Fire and Cosmic Light of the Victorious Cosmic Christ throughout the Nation, We will be able to do many things to bring Freedom more quickly to those who are seeking the God Way of Life and are trying to protect the Nation. . . .
