BELOVED GODFRÉ SPEAKS ABOUT BELOVED SAINT GERMAIN

Beloved Saint Germain—that Wonderful, Blessed Being! Not until you are Ascended and Free and you look back to read the Akashic Records will you ever know how great has been His Love, His struggle, and His Service to you all. Only as you see It from Our Octave can you know how long through the centuries has He served Life for His Freedom, and how He has served Life for the Freedom

of the world. He is wondrous, My Loved Ones, wondrous beyond anything you can know tonight. (*applause*) Thank you, Precious Ones.

Now may that “Mighty I AM Presence” that He has served so long and so well answer your Calls instantly as you demand His Sacred Fire of His Victory over this world to come through yourselves, and manifest His Invincible Freedom here for Eternity. Then will His Cosmic Work of the centuries begin to bear fruit through you, and mankind behold what the Sacred Fire alone can produce. You should make the Call that every living being on this Earth is compelled to know, respect, honor, and serve His Wondrous Presence for all He has done for Life throughout the centuries, until everything that lives honors Him and gives the Obedience in cooperation by which His Desire for the Purity and Freedom of all becomes manifested now as the Victory in each one’s Life Stream that brings Perfection forever.

When you understand how We all love Him because of the Courage and the Strength and the Purity and the Love that have been His through the ages, then you will know that He is the Strength of Freedom in America. He is the Focus of the Victory of the Sacred Fire. He is the Angel Deva of the Violet Consuming Flame which the Earth has to have if it is to be purified and set Free. (*applause*) Thank you, Precious Ones.
