Beloved Ones of the Sacred Fire, let Us help you tonight to enter into such a full Understanding of all that the Unfed Flame can do for you, all that the other Activities of the Sacred Fire can do for you, that you become completely aware of the World of the Unfed Flame—both the Unfed Flame in your own Heart and the enfolding Unfed Flame which has been offered to help you gain your Freedom; for, Beloved Ones, regardless of anything you are required to do in the outer world that is constructive, unless you have the balance of Love, Wisdom, and Power, you do not attain your Victory, and you do not produce the Perfection that you require in this world.

And mankind needs to understand the full Power contained within that Unfed Flame that can and will sustain Perfection for aeons of time. So in understanding and using the Unfed Flame, you enter into the great Creative Activities of God and God's Universe to produce the Perfect Manifestation that always produces Happiness for you and all Life. When you realize that that Unfed Flame is the sustaining of your physical body, I mean the Power within the Permanent Atom of the Heart—that Unfed Flame is anchored there—and, mark you, just the Radiation from that Unfed Flame is the energy that you use in the body and around it, carry on the life processes in the body to act through the body to enable you to do things in the physical world, and to enable you, just by the use of that energy, to carry out into manifestation whatever you *will* to manifest. So long as what you desire to manifest be constructive, then you can by Conscious Command have the Concentration of that Unfed Flame into a condition to make it eternal.

The Unfed Flame is the Eternal Perfection of the Universe. It is the Source of Immortality. It is Immortality Itself, and

that is why I want you to understand both Its Power and Its importance to you and to the world. This Knowledge must come both to the intellect of mankind, and the Radiation of the Knowledge must come into the feeling of mankind. Therefore, the more you can understand It and use It in and around yourselves, the more Its Illumination radiates forth through you and around you to awaken mankind, until all individuals reach up and want to know something about the Unfed Flame—which is one Activity of the Sacred Fire—until the awakening of the masses of the people takes place, and through their attention upon that Unfed Flame, the Power of the Great Central Sun Magnet acts to draw them up and out of their discord.

Just the attention upon that Unfed Flame, My Dear Ones, even without the intellectual consciousness understanding It—just the attention connected with It draws Its Radiation in and around the outer self and into the outer affairs to help Life produce balance by the flow of Its Love, Wisdom, and Power. And you cannot even think of that Unfed Flame without a feeling of Peace coming within the emotional body of yourselves. I want you to realize that the moment you begin to think upon It and want to understand It and love It and desire to use It, there comes immediately within you Its Balancing Radiation that brings Peace inside of you.

So, Blessed Ones, it is far more important than you understand—to understand and appreciate what It can do for you. And in referring to the condition of those bodies that are in the Royal Teton, it is the Unfed Flame that was established in that room that has sustained the atomic structure of those bodies, kept them purified and filled with Life that continually radiates Perfection and Its Power. Therefore, to feel deeply the existence of that Unfed Flame in your Heart, in your flesh

structure, in the atmosphere about you, in your government, in your home, in your business, in every activity of the outer life, is the wide-open Door to your Mastery.

And I would appreciate greatly your attention upon that Unfed Flame as is contained within the Lyrics of the Song that is dedicated to Myself. When you realize what is within those Words and you hold that picture, you will begin to feel that Power flow through you. “Flame within my Heart, expand and light my way!” My Dear Ones, if you love that and feel It and sing It, you could no more fail to have that Unfed Flame go forth ahead of you and prepare your way than you could take the Universe out of existence. It is absolute in Its Response to you. All you have to do is provide the Opening by your Love to It, your recognition of It, and your use of It. You—none of you yet understand just what that Unfed Flame can do for you all.

So as you draw It more into your affairs, give It recognition, and call for Its Radiation to come in and around you at all times, It is the Great Presence from the Great Central Sun that is the Power of the Great Central Sun Magnet to give you your Ascension. It will give everybody and everything the Ascension wherever It is called into action. It will raise everything in this world into the Perfection of Our World, because It is the Vibratory Action of Immortal Balance—the Immortal Balance of Love, Wisdom, and Power which is the only Channel through which Perfection can manifest. And therefore, It not only will help to give you your Ascension the right way, but It will help all that you contact in this world to be raised to some degree, wherever you pass by, into this Greater Perfection of Our Octave.

It is absolutely imperative that mankind understand It. Now at one time in the past this Unfed Flame was explained

to mankind, and they did have some use of It. And you have fragments of It in your architectural designs all over the world down through the ages, so the form of It has been held throughout the world as a focus of Its Power. It has always been used to represent Authority, Divine Ruling Authority. And so when you fully understand what It can do for you and the Power that you can draw forth by Its constant use, only your own experience will make you understand how wonderful It is, what a Friend It is, and how Immortal are Its Blessings.

So, Blessed Ones, think about It! love It! use It! and wherever possible, call your “Mighty I AM Presence” and the Legions of the Unfed Flame, the Legions of Victory, to establish that Unfed Flame every place you can think of in this world to establish Its Purity of Love, Wisdom, and Power that crowds out everything that is out of balance, everything that needs to be purified.

Where that Unfed Flame comes forth, It cuts through everything and takes up Its Dominion and establishes Eternal Balance. I could extol Its Virtues forever; and so can you once you begin to see It act, once you begin to feel Its Power. Once you begin to know what It can do for you—and all—you will never stop using It. Then you will have entered into your Oneness with It. As soon as your attention goes to the Unfed Flame in your own Heart, the Heart of your “Presence,” the Heart of the Physical Sun, the Heart of the Great Central Sun—the moment you give that recognition by your Love to It, you will understand what a Mighty Scepter of Power Life has given you. And Life will always let It remain in your use, so long as your attention goes to It, because It is a Power of the Sacred Fire that destructive forces cannot use, because destructive

forces are out of balance. But the Unfed Flame is the Sustaining Power of everything that you want that is right.

So try to feel It as a great Treasure House of Immortal Supply to your outer selves. You do not realize yet what It has given you. If It could supply your body and your mind with the energy by which they exist, and if It can supply just by Radiation all the energy you use lifetime after lifetime down through the ages, do you not think It can supply your affairs with the Balanced Flow of the Sacred Fire that contains the Supply of everything? It's the Supply of Life to the Universe. It's the Supply of Substance and Energy out of which all Systems of Worlds are created; and if It can supply that, do you not think It can supply your little world of needs down here? (*applause*) Thank you, Precious Ones.

And I wish you to realize tonight that It is called the Unfed Flame because It is Self-existent, Self-sustained, Self-expanding with everything in all manifestation. So, Blessed Ones, when you begin to call through your own Heart's Love to your "Mighty I AM Presence" for the Immortal Supply of every good thing by the Unfed Flame's Sacred Fire, you will find that you lack not for any good thing. That Sacred Fire is the Source of Love, Wisdom, and Power that creates everything in the Universe and is the Fulfillment of every constructive Desire, because every constructive Desire has come out of that Unfed Flame; and within that Flame is the Fulfillment of Its own Desire. You try charging your beings and worlds with the eternally fulfilled Divine Desires of the Unfed Flame, and see for yourselves what "I AM" talking about tonight! (*applause*) Thank you, Precious Ones.

Always before you use It, use the Spinning Violet Consuming Flame in and around yourselves to clear the way, so that in Its quick Release of Power, the Radiation of that Sacred Fire

goes forth instantly into the atmosphere around you. Then It begins to act for you. Now I tell you, when things are in Perfect Balance, you do have Perfection manifest; and without Balance, you don't have Perfection manifest. You can't have Perfection without Love, Wisdom, and Power. You can't have Perfection without the Sacred Fire.

And so when you demand that this outer self be filled with the Immortal Perfection of the Unfed Flame, and your world becomes the Immortal Perfection of that Unfed Flame, It provides the way for you to attain the Ascension without passing through the change called death. So I bring this to your remembrance tonight because, Dear Ones, you have known It in the centuries past in certain Golden Ages. You had the use of It, but you forgot to use It because your attention went to the unbalanced conditions of the outer world; and tonight "I AM" calling you back where you belong. (*applause—audience rising*) Thank you, Precious Ones. Won't you be seated, please, and just remain so.

Now I have brought this to your attention tonight that you may make more conscious effort to attain the Ascension without passing through the change called death. And since "I AM" certain Authority over your Life Streams because of My Focus of that Unfed Flame, then I can help you to attain your Ascension that way. And so I have brought this Explanation that you may dwell upon It, feel It deeply, hold the picture of Its Presence acting in and around you and all mankind, that the Cosmic Focus of Its Action may become eternally established in this world for the outer world's observation and attention upon It, until It has rendered Its Service in awakening the masses of the people so they reach up and accept It and use It for their Freedom.

So I enfold you tonight in My Feeling and My

Understanding of the Action of that Unfed Flame to assist you to your Ascension without passing through the change called death. I leave you enfolded within It by the Command of My Heart's Love for your Freedom this way if you will give this cooperation. So "I AM" your Friend of the Unfed Flame for Eternity. Thank you with all My Heart.

### LORD MAHA CHOCHAN

Call Me to take you deeper into My Heart's Love and make you feel Its Flame. You will feel with the next breath My Feeling of Peace. Then all you have to do is to hold that, and I will fulfill the promise through the centuries: "You shall hold your peace, and I will fight your battles." You hold on to the Peace that My Heart's Flame of Love can give you. You hold It for one instant, and then make It your own.
