BELOVED GODDESS OF PEACE

Beloved Ones of God's Heart, let Us enter deep tonight into the Inner Feeling of that Great Honor Flame of God's Love from the Heart of the Central Sun that is the Source and the Giver of all Peace. That "Blessed I AM Presence," ever pouring forth Its Life to the Universe, holds within that Life the Power of Peace; and

I want you to feel this tonight. While the Invincible Honor Flame of that Love is so great, yet you must have the Power of that Love and that Peace into the energy of the physical world if We are to accomplish Our ends, and remove from the Earth that which has through the centuries sought to destroy Peace upon the Earth.

Now as We draw the Cosmic Light Substance into the atmosphere of Earth, It acts in the lower atmosphere just like oil on troubled waters. It has a Power within It to stop turmoil; and that Cosmic Light Substance can be drawn with such brilliancy into the conditions of the physical world that It becomes the Commanding, Controlling Authority to stop the destruction that is ever whirling to spend its force. You see, you have much resistance in the physical world in many ways; but this Power of the Cosmic Light which it is Our privilege to direct can do many things in your atmosphere that you, physically, cannot do. This becomes a Pressure and can be focused or intensified to any degree whatsoever to control the conditions of mankind's human creations when they are determined to destroy and do nothing else.

You know, many times you have a very wonderful light snowstorm, and those little delicate flakes, each one perfectly designed, float down and down and down; and those snowflakes keep on coming down until they can produce so much resistance and so much power, light as they are, that they block your great big locomotives that cannot go through the snowstorm. Now that is what "I AM" speaking of. The Cosmic Light can do the same thing. While It seems so light and so delicate and so lovely, yet It can come again and again and again, and condense and continue to condense until nothing can shatter It. And so since you will have to do everything the harmonious way before you come to

permanent Peace and permanent Perfection, then begin your Calls, and demand the Power of Peace intensify and expand in and around your Nation to the point where the destructive forces cannot again disturb.

So We are bringing tonight this very delicate Substance—may I say, delicate in a way as a gossamer veil—and yet if allowed to come without interruption, It can intensify and build to a point where the destructive forces of this world cannot shatter It. And that is what has to come if you are to have permanent Peace to the Earth. It has to come that way. We can draw forth all the Activities of the Sacred Fire, and They can burn up the human creation; but the Substance and the Power of Peace that regulates things in this world and keeps things in Divine Order and Balance is as gentle as a breath—but if continued, becomes the Power of the planet itself.

Do you remember, when the Blessed God Himalaya drew the Golden Snow over—into the atmosphere of the United States of America, that It was so gentle and so beautiful and so soft that most people are not aware of It. But let Me tell you, much of that which is blessing you today was protected by that Substance which He gave. And so in the Service which it is My privilege to give, as I draw the Honor Flame of My Love and My Peace to the Earth, and you draw the Power of Cosmic Peace into the substance of your atmosphere, into the substance of yourselves and your worlds, that will enter in gently; but It may be increased to such Power that you have no idea how great that could act in and around you. We can condense this to the point where It's harder than steel in the atmosphere about you and a Power that nothing can shatter. And then the vibratory action, the activities of Life upon that planet become Eternally Balanced, Eternally

Beautiful and Perfect, and are held in the atmosphere of that Peace that insulates that planet and its activity from the rest of the Universal Energy.

But, My Dear Ones, you, as individuals, can do the same thing in and around your own physical body. You begin to call the Violet Flame Power of Eternal Peace into yourselves and in, through, and around you; and you demand the Honor Flame of Eternal Peace come in and around you. It becomes a very visible, living, breathing, tangible Presence. The Invincible Honor Flame of God's Cosmic Heart is the Peace that Love contains and can always intensify and expand without limit in any condition. And now I enter into the Action of this in the energy of your own feeling world. This does the same thing in the energy of your feeling world that a very calm day does when the water of a large body of water like a lake, lays as still as glass and you see the reflection from the sky above into the water.

Well, the Power of the Invincible Honor Flame of My Love and My Peace to the Earth does the same thing to the energy of your emotional body, your feeling world, as that perfectly still atmosphere does to a large body of water. The Invincible Honor Flame of My Love and My Peace, the Power of Its Cosmic Light and Its All-controlling Presence, can enter into you and always hold your feeling charged with that Power that enables you to maintain Peace; and wherever you go, that Radiation of Substance and Vibration does the same thing and enters into others wherever you go. If you will but use this, you can become the Peace-commanding Presence to Life. And We will love to help you become that "Presence"; for then you will radiate a Light, and that Light is the increasing Force that compels the hordes of darkness to leave the Earth.

So it is quite necessary that you charge yourselves and make yourselves the Peace-commanding Presence of the Honor Flame of God's Great Cosmic Heart. Just feel your privilege; and know that when you are in turmoil and in such distress sometimes, that Peace can come like a breath—or It can come in a Flame or It can come in Cosmic Light Substance. And if you want It, you may have It without reservation, so far as you as individuals are concerned. The Earth is refusing It because of their turmoil; but in your Conscious Call to Us, there is no limit to that Peace which you can have from Us. (*applause*) Thank you, Precious Ones.

And "I AM" quite sure many of you have longed for this in the midst of disturbing conditions. So often when the outer world is in such chaos and the demands upon you are so incessant, just clothe yourselves for a moment in the Power, mark you, of Our Peace of the Great Honor Flame of God's Great Cosmic Heart; and for a moment, let It come in and enfold you. And you will find It will be like a hand. It will bring into Divine Order easily, perfectly, many of the conditions that you have struggled under and seem unable to control. The outer world cannot have this as yet, until certain Purification takes place; but you, as "I AM" Students, when you call for that great Power of Peace, the Violet Flame Peace that this world requires, the Purification goes on in Perfect Love and comfort and ease.

And that is why that Blessed Violet Consuming Flame is the Power and Grace of God's Gift to you, God's Love to you. And that is how in the consuming of conditions that you have generated in the past, when they come forth for redemption, that energy comes back to you to be purified and handled. When you call for the Violet Flame Peace of the Invincible Honor Flame of God's Cosmic Heart to

come into all the energy of your world, you will find many, many wonderful things coming forth to bless you. And then that Peace can become so great that you will want to bless everybody and everything. Your very Life will be a Benediction in the atmosphere in which you move.

Then you could stand in the midst of a storm, and with the Love of that Peace you would be the Power that commanded it to be still. You see, the Beloved Master Jesus—when He walked upon the water and the waves were in turmoil, all He did was say, “Peace! Be still!” and every bit of that energy stopped the vibratory action of turmoil. And you in this Call can do exactly the same thing to the atmosphere about you and to the energy in the feeling world, both of yourselves and in those around you, until people will positively be healed in your presence because of the Power of that Peace.

This is one use of Power that nothing can fear, nothing can refuse, and the hordes of darkness dare not oppose. So you really have a Scepter of Invincible Power, Precious Ones. You have an opportunity to use this. It has not been explained to you before because, you know, We could not give everything at one time. You might feel that you have been given so much that you only catch the highlights occasionally as the Dictations fly by (*laughter*), but you would be surprised how much of the Substance and Energy of those Dictations have anchored into your Life Streams and into your world permanently. And when you get this Momentum of the Power and of Peace of the Invincible Honor Flame of God’s Great Cosmic Heart, you will enter into, may I call It, the Mirror of Universal Light. And then as you look upon that Light, if you choose to recall the memory of what the Light has given, It will stand there before you—living clear as long as you desire.

You enter in, My Dear Ones, to the Great All-Knowing Mind of God when you demand the Power of Peace come into your world to settle human disturbance by Its Violet Flame Power of the Great Honor Flame of God's Great Glorious Heart. Oh, enter in, and then that is when you have the Power to heal with a touch of your hand. That is what the Master Jesus used. It is what every Ascended Master uses. You will raise your hand in Blessing, and in one Call of that Substance and Power of Eternal Peace—Eternal Violet Flame Peace of the Invincible Honor Flame of God's Great Cosmic Heart—It would enter into the flesh body of the individual, and the substance would be consumed that was the cause of the turmoil. And oh, Blessed Ones, it's worth any discipline that you might have to take. It is worth any effort you make, to make the outer self the Love and the Power of such Peace that you can heal instantly anything and anybody that comes to you. Isn't it wonderful? (*applause*) Thank you, Dear Ones.

And now as you are entering into the conscious use of this, I want to explain to you something that the Blessed Godfré said some months ago: that you generate the turmoil from within, and you wear your body from within out. The outer world—it generates its turmoil, and it causes friction and wears you from without in! (*laughter*) And now We're going to reverse that. If you will draw the Power, the Violet Flame Power of such Peace from the Invincible Honor Flame of God's Cosmic Heart, It will fill you with Itself and heal you from within. And then you draw It into the world about you, and It will bless and heal you from without. And then you become like a Sun of that Peace. And sometimes just a word with that Radiation will turn an entire Life Stream away from destructive activities and anchor that Blessed

One into the Pathway of Light, because the Power of Peace makes the human creation stand aside until the Higher Mental Body can take Command of the outer self and help it step through to the Pathway of Light.

Oh, It will bring Joy unspeakable! And know It always as the Violet Flame Power of Peace that is eternal from the Invincible Honor Flame of God's Great Cosmic Heart. You can use the words "*Beloved Mighty I AM Presence*," and then you could call to Us: "Make my outer self a Sun of the Violet Flame Power of such Eternal Peace from the Great Invincible Honor Flame of God's Great Cosmic Heart, that 'I AM' forever Its Peace-commanding Presence that brings the Heart of God to mankind wherever I abide!" And I assure you, that is very worthwhile as you begin to feel your Power to give that Peace, your Authority in that Power to command Peace, your Authority and that Power in yourselves to blaze that Peace which illumines the atmosphere about you.

Now if you want the Power of Precipitation, if you want the Power of illumining the body or the atmosphere wherever you abide, you will need this Violet Flame Power of Peace that is eternal. You couldn't illumine the atmosphere about you if you were just all in a flutter. It would wave so much, the Light would be shut off. And the same thing in healing. When people sometimes are under such strain and stress, they get so keyed up, the Light just can't get in.

And, My Dear Ones, another one of Its Magnificent, Joyous Activities is to be able to raise your hand and command pain to cease to be. That, I assure you, is a privilege of Life—to be such Violet Flame Power of that Peace that you love to pour forth the Honor Flame of God's Great Cosmic Heart. And then when you say, "Peace! Be still!" the pain stops,

the energy stills, the Light comes in, and the individual once again turns back to the Source of Glory and Power and Perfection of God's Life.

Oh, it's wonderful to come back Home, Precious Ones, into the Heart of Eternal Peace. And the Invincible Honor Flame of God's Great Cosmic Heart is the Home of Peace. But in this world, you need to draw Its Violet Flame Power of that Peace into yourselves and around you, that God's Heart's Flame may live again in your world in your Electronic Circle of Life until you become the Thousand-petalled Lotus of God's Life in manifestation; and Its Love and Its Power and Its Peace ever build for you the greater glories of the Ascended Masters' Octave. And then will there come Legions to assist you; and Life everywhere will love you and give you of its best, because it will be blessed by the Love of your Peace. And, My Dear Ones, this you can draw consciously and at will by your own Command and Call to your "Blessed I AM Presence" in the use of the Great Word "I AM" and that Violet Consuming Flame. Your privilege is infinite and eternal and glorious beyond words.

I hope there comes within you such gratitude for this Knowledge, such willing Obedience, that all the Powers that We want to offer you for use will come quickly into your outer direction to do for your Nation that which you have the Power to do. You do have this Power. With this Call It will reveal Itself to you until your atmosphere is a Benediction to the Earth forever. Go forward in Its Glory; and do thou, by Obedience to your "Blessed I AM Presence," glorify the Universe about you with the Peace which it is My privilege to bestow. Thank you with all My Heart if you will use My Peace.

And oh, Beloved Ones, there are those who have given

Me recognition throughout the world—and in the Orient, as a memory that long ago was a custom among the people, there is the phrase which they still use, thank God: “Peace be with you! Peace perfect you! Peace, give you Peace, that you may multiply It.” May you become the Violet Flame Power and Honor of Its Great Heart Flame tonight, and let It give you of Its Boundless Gifts and make you the Victory of Its Presence. And then when you command Peace, will you know you are forever Free. Enter in and have your Freedom from tonight. (*applause*)

Thank you, Precious Ones. May I say to you, you need It, mankind need It. All Life in this world needs your Peace. May you become Its Invincible Honor Flame, and the Glorifying Violet Flame Power of Its Presence become manifest about you until you are able to walk on the water and still the waves, walk into the Hearts of mankind and still the feeling world, until only God’s Light can be seen there, and the Perfection and Joy of Eternity claims you back into your Royal Home. Come and be with Us tonight. I thank you.
