

PEACE

**Beloved Saint Germain
December 18, 1966**

Over the next three weeks Beloved Jesus as the Prince of Peace is pouring every Activity of the Sacred Fire's Love and His Purifying Peace to the Earth, to see if We can expand enough of that to keep the hordes of evil, the hordes of destruction, from concentrating into another war through other places in the world that will never do anything except destroy everything here.

Blessed Ones, your one Place of Safety, your one Place of Eternal Peace, your Place of Mastery is within the Sacred Fire's Heart Flame of Purifying Love and Purifying Protection and Purifying Freedom from human creation. So if I may be of Assistance, I assure you, I can generate all the Love needed to free this whole world—if people want the Love of the Violet Consuming Flame of which "I AM" Master, and which is the Purifying Freedom that releases mankind from human creation. So My Miracle Mantle of Love's Mastery is no figment of anyone's imagination. My Crystal Armor of Indestructible Substance is Blazing Light; and I assure you, when the Sacred Fire blazes around an individual, as We pour that around someone in the physical octave for Protection, the hordes of evil see It, and they know very well who is enfolding the individual, and they know very well there is no such thing as conquering Us. So you have Eternal Friends, Eternal Freedom, Eternal Peace, Eternal Love, and Eternal Purity.
