

The Ascension Scene, "I AM" COME! Pageant

## ASCENSION DAY

**A**s We bless this Day of the Ascension, as We accept the increased Outpouring from the Master Jesus to you, the Beloved of the Light, and to this Beloved Nation, also does that go forth throughout the world to bring the conscious awareness of the Cosmic Christ, which is that "Mighty I AM Presence" in the Great Central Sun, into the minds and bodies of the people of the world, until there will arise the order which is Peace. And that Peace is the Feeling, the Power, and the Authority of Our Love. Enter into It, live in Its World, be Its Authority, command Its Power expand, expand, and forever expand Its Perfection. And then demand that whatever Power of Our Love is needed to hold Invincible Protection around those under this Radiation, or those you hold near and dear, carries with that, automatically, the Fulfillment of the Great Divine Plan.
