eloved of My Heart, let Us enter in for a few moments to the full Feeling of the Love of the “Mighty I AM Presence” above you, and try to understand something of what the Sacred Fire of Its Heart means to you in the outer self and in your outer world of affairs.

I want to give an Explanation tonight of the activities in your feeling world that are the limitations and the barriers to the Instantaneous Fulfillment of your Calls.

When you realize that there is four times more energy in your feeling than there is in the intellect, you will begin to realize how necessary it is to use the Violet Consuming Flame constantly on your own feeling world. The energy in your feelings is four times as powerful as that in the mind. And therefore, if you are to have Instantaneous Fulfillment of your Call, all the energy of your feeling must agree with and become one with the mental picture that you hold—and know that the Heart Flame of your Higher Mental Body is filling all the energy in the feeling world and the atmosphere about you, as well as to fill the picture in the mind.

Now the feeling world of an individual exists outside of the physical body as well as within the body. People do not understand that the radiation of the feeling goes forth sometimes for a radius of fifty feet in every direction around the physical body. That is the reason you many times sense a thing behind you or around you that, as yet, you have not seen or know is approaching.

We have reminded you often that the mental and feeling world of mankind is one; but when you come to the use of this Law, if you are going to have Instantaneous Fulfillment of your Calls, you must keep the intellect reminded that your mental and feeling world is one with the Heart Flame of your “Presence” and one with the Mental and Feeling World of the Ascended Masters’ Octave—if you are to keep closed out the mental and feeling world of mankind and the conditions in the atmosphere about you.

You do not realize that you live wherever your attention is. Therefore, if you allow it to go forth and constantly hash

over the destructive conditions of the outer world, you live in those conditions. And those conditions will live in you, because you are your Life, and you are your feeling, and you have Free Will to either live in the Sacred Fire and Heart Flame of either your “Mighty I AM Presence” and the Ascended Masters’ Octave, or you live in the thoughts and feelings of the people of the outer world and in the conditions of the outer world.

Now your intellect sometimes gets very impudent and says, “Well, I do live in the outer world. What can I do about it?” (*chuckle*) That’s your choice. You don’t have to. You’ve been offered since the beginning of your embodiment as an individual—since you left the Great Central Sun, you have been offered the Perfection of Love, the Security of the Sacred Fire, and the Power and Authority of Eternal Perfection. The Life in the Great Central Sun of which you are an Individualized Flame sent you forth with everything It has in your own Individual Flame, and you have had all opportunity and all authority since you left the Great Central Sun to live in the Sacred Fire of Its Love and know yourself as Its Individualized Flame. And so when the intellect forgot the Flame from whence it came, and the feeling, through the attention, went forth into the world of manifested form, it drew your physical bodies with your attention, until you have lived in the world of form and things instead of the World of the Sacred Fire of Love.

And now since you are returning Home, you have found the Pathway back to the Sacred Fire, and you are remembering your Divine Origin and your Divine Inheritance, I would remind you that as often as you can each day—that you remember you are a Being of the Sacred Fire, and not the physical form that you seem to be to the world of things.

When you begin to realize and say, “ ‘I AM’ the Flame of Love from the Heart of God,” then when you begin to acknowledge that you are the Flame of the Sacred Fire of Immortal Love, you will find It expanding through the physical form, and expanding again through the energy of your feeling world until you become a Sun of Its Presence and your world is filled with Its Sacred Fire of Perfection.

The day you acknowledge that you are the Flame of God’s Heart and you command Its Immortal Love to be your world of Life and action and you allow It to come forth through yourselves, your experience will prove the Truth in My Words tonight. If you want Miracles to fill your world and you say, “ ‘I AM’ the Flame of God’s Heart, and ‘I AM’ the Miracles of Its Sacred Fire manifesting Its Blessing to all Creation and fulfilling the Divine Plan as Life intends,” you will be that in Action. If your attention is there, you will live there. If your attention is upon the misdeeds of mankind, you will live in the world of those misdeeds.

And so when you see mankind doing the things that only produce destruction and desecration, your duty to your God and your fellowman and the Universe is to withdraw your attention from that evil; and acknowledging the Authority and Power and Perfection of God’s Flame from the Heart of Creation, demand that the Sacred Fire of God’s Heart blaze everywhere into all that is wrong and compel it to cease to be. Try Me out! If you have epidemics and the filth of war fills your atmosphere, as you turn to your “Beloved I AM Presence” and the Ascended Host, demand the Sacred Fire of God’s Heart be the Atmosphere of your world and consume everything else from existence—and see whether or not the Miracles and Perfection of God’s Heart manifest to take the place of mankind’s discordant creation.

Beloved Ones, “I AM” trying to arouse you and awaken you to the privilege that is yours and the Power—that Sacred Fire that Never Fails! You have no idea, Beloved Ones, in the experience which was mine—when I longed so much to help mankind, and I had the Power but wasn’t using It—when the Beloved Divine Director aroused Me and He said, “Why are you not using this Power you have to consume these epidemics?” Why! I was so shocked, I hardly could believe why I had not done it. And so when He said to me, “Come with Me and We’ll loose the Power,” those epidemics stopped within an hour.

And so it is with you. The people in this room alone, as you acknowledge that you are the Flame of God’s Heart, and you demand that Sacred Fire from the Heart of Creation become now the Atmosphere of the world and consume that which is not the Heart of God’s Love, My Dear Ones, as you demand Dispensations, and you demand this Sacred Fire consume mankind’s creation, it will be done as surely as you make the Call. There are Limitless Legions, My Dear Ones, of the Sacred Fire of God’s Love awaiting the Call of mankind to move the Cosmic Law’s Demand into outer physical conditions and force destructive forces to consume themselves.

So I bring this to your attention tonight. And when you make this Call, always call to the Beloved Divine Director to be with you—when you make this Call—that His Authority of the Sacred Fire and His Authority over every Life Stream in this world may move into physical conditions those Dispensations that will draw Concentration of that Sacred Fire intense enough to fulfill your Calls quickly, and to compel the evil forces to be bound within themselves until they have consumed themselves. From this night, I plead

with you to acknowledge the outer self as the Sacred Fire of God's Heart, and your world the Miracles of God's Love to set the Earth Free, to set mankind Free as you have called. And if you will make that Call, you will find the Cosmic Law will answer you with Its Fulfillment.

I plead with you, no longer live in the evil of those who at this time will not turn to the Light. You could call forth and demand that the government of your Land be the Flame of God's Heart, and the Miracles of Its Love be the Control of the people. I challenge you tonight to try Me out and see what changes will take place within your Nation. (*applause—audience rising*) Thank you, Precious Ones. While you're standing for just a moment, I ask you to demand Dispensations that make the government of your Land the Flame of God's Heart, and the Miracles of God's Love the Control of your people. Thank you. Won't you be seated, please.

You are not without Help! You are not without Friends! Neither is America. I stand beside your Beloved Saint Germain; and ever since the Beloved Godfré had those experiences have We been building a Momentum for the present hour to use in outer conditions until the evil forces are forced to leave the Earth. This Momentum—I hope you, Beloved Ones, realize and understand deeply that all the Ascended Host and all the Help that has been given you through these continuous Dictations are not just for your own individual comfort and enjoyment. Over a period of years the Power has been gathering for you to use as the Authority of the American people to undo the evil that has sought to destroy this Nation of God's Heart.

When you begin to demand that the Flame of God's Heart be the Government of your Land, and the Miracles of

Its Love be the Control of your people and all within your borders, and you demand the Dispensations that compel Its Manifestation now, and see for yourselves why the Ascended Host have drawn forth such terrific Power, and have gone to such tremendous effort to release the Sacred Fire and Cosmic Light at this time. And as these four Great Channels are converging to Their Mighty Release over the Seven Sacred Weeks, your opportunity is without comparison anywhere down the ages.

Your opportunity is beyond anything that has ever been offered mankind, because the Wave of Cosmic Light Substance, the Outpouring of Beloved Master Jesus, the Mighty Release from the Mighty Cyclopea through the Royal Teton, and the combined efforts of Beloved Jesus and Mighty Archangel Michael and Mighty Hercules are converging to this point. And I add Mine to Theirs with the Great Divine Director; and in your Acknowledgment of this—the Flame of God’s Heart as the Government of your Nation—shall Freedom manifest! (*applause—audience rising*) Thank you, Precious Ones.

I ask you to demand the Dispensations that shall force the Annihilation of all disease and epidemics within your Land by the Flame of God’s Heart. Let Us go forward hand in hand under the Direction and Authority of the Beloved Divine Director, and see what We can do in the opportunity that lies ahead until the Seven Sacred Weeks are finished. Thank you. Won’t you be seated. I will not hold you longer now; but as you move into outer physical conditions this Demand that the Flame of God’s Heart force the Annihilation of all that has desecrated your Land or Life in this world, there will come to your assistance Powers you know not of. And the Action of the Cosmic Law will come into physical conditions

to more quickly purify the outer affairs of mankind, and to at least hold greater Protection for that which is constructive.

When you demand the Purification of the water of your Land or the food of your Land, do it the same way. Demand the Dispensation that shall force the Purification of the water and food of your Land by the Flame of God's Heart and the Miracles of God's Love and the Dispensations that shall be All-authority. And so since the Great Divine Director offered you His Authority last night, I add My Assistance to His. And as We go forward and you demand the Dispensations that bring these changes about more quickly, those who seek the constructive way of Life will have the Help that We want you to have and that you want and that you must have if you are to hold the balance against that which is of human discord.

So go forward and demand the Dispensations that compel Instantaneous Fulfillment to your Calls. And every possible Assistance will be given you, but acknowledge yourselves as the Flame of God's Heart that compels God's Victory and the Divine Plan made manifest, and hold your Dominion wherever you abide. I commend you to the use of the Powers that set you Free. Thank you forever and goodnight.
