BLUE FLAME

THE CROSS OF BLUE FLAME

God of the Swiss Alps

Call forth the Cosmic Electronic Force from the Gods of the Mountains into every plan to continue war, into every war order, into the brain and body of every individual in this Land who seeks to impose viciousness upon this Nation. If you will call for the combined Action of the Gods of the Mountains of Their Cosmic Electronic Force to explode through the plans of war, those individuals will meet with something to handle which they have not contemplated before. I wish you to see this Force that goes between these four Mountain Ranges like a Great Highway of Blue Flame and Blue Lightning, from which there can shoot forth at any moment an exploding Power like a Beam of Electronic Force, just like a great stroke of lightning that explodes every war plan within this Land. Consciously direct that into all which wants to hold America in the claws of war for any reason in any of the Americas.

It is because of the crossing of this Electronic Force over the Mountain Ranges over your Land that you are not in the condition of the rest of the world. This is a provision of the Cosmic Law for the Protection of the Heart of the World. If this were not the Action of the Seven Mighty Elohim in the building of this world, your Nation could not have kept out of the slaughter of the rest of the world. This forms a Cross, My Beloved Ones, over the Americas; and every destructive force on the planet is afraid of the Cross of Light. That is why I wish you to see—like a gigantic Highway from the Swiss Alps to the Himalayan Mountains, from the North Pole to the South Pole, through your Mountain Ranges—a great Highway of Blue Flame and Blue Lightning directed by the Gods of the Mountains to compel the shattering and letting go of everything which breathes of war over the Americas.

Great Cosmic Angel

In dealing with destructive forces of the outer world—this means not only your physical bodies, but your automobiles and means of conveyance—if I were you, I would form the habit of seeing a gigantic Cross of Blue Lightning and Blue Flame, within which is the White Fire Presence of any Ascended Being whose Assistance you require. Form the habit of holding this between you and any destructive condition of the outer world, any discordant condition, any dangerous condition, and any activity of the Powers of Nature and Forces of the Elements, any activity that is destructive. If you will form the habit of seeing this in front of you—holding It behind you, if need be, large enough

to enfold the physical body so that you dwell within It. When you really give recognition to this Cosmic Action of the Blue Flame, the Fiery Christ Blue Lightning Protection of Immortal Purifying Love, there can be established this actual creation from one or more of the Ascended Host. And as you faithfully do this, not only some time every day, but become as aware of It as you are of your hands and feet—that you live, move, and dwell within It—then your awareness of It, when you have set the habit, enables the Cosmic Law, which We are, to blaze in and around you the Sacred Fire of Purifying Power and Control and Protection from one or more of the Ascended Masters and from Their Temples of the Sacred Fire. . . . If you will put this around your governmental documents that guarantee you your Freedom, if you will hold them sealed within the Cosmic Cross of Our Blue Lightning Sacred Fire Love's Immortal Protection, they will be immortally protected.

Great Divine Director

The Cross represents mankind, the Magnet, standing between Earth and Heaven—the Earth and the Ascended Masters' Octave—drawing the Powers of Perfection from above and anchoring Them with Love and Blessing into the structure of Earth. And then in the great Blessing of the Unfed Flame, It extends this way (arms outstretched), sending that Flame of Love forth to bless everything with the Love of Perfection. Mankind is the Magnet drawing the

Infinite into the Unfed Flame in the Heart, pouring Love, Wisdom, and Power upon the energy, commanding It to go forth and bless all Creation with Greater Joy, Greater Beauty, and Greater Perfection. Then there could be no depletion in the atomic structure of the flesh body.

WIND WARRY

The Voice of the "I AM," 79.10:10

Beloved Master Jesus

Do you remember this Messenger asking you, many times, to hold the Luminous Presence of Myself upon the forehead of individuals and yourselves in order to be the Control of the mental world by which destructive forces would have to be compelled to let go? Well, as you use this same Activity of the Luminous Presence of Myself in Blue Flame, or the Cross of Blue Flame, over the solar plexus of everyone you contact, you will also feel the control of destructive feeling, and its pressure released from that which is trying to hold to the Light. Directly at the solar plexus, if you will hold this Cross of Blue Flame, within which is My Luminous Presence, or that of any of the Ascended Host, in Blazing Fire, you will control the hatred and discord in the feeling of individuals; and it will be a Powerful Protection to yourselves.

If I were you, I would be very conscious of a Sun of that Blue Flame Presence covering the entire area of the stomach, and then back of the stomach—and I would think for eight or ten inches in diameter—within that, the Cross of Blue Flame and then My Blue Flame Presence. You will

find, as you demand the Invincible Control of the Fiery Cosmic Christ to possess and hold absolute Dominion in your feeling, will there come the sense of Mastery within you and a complete sense of ease produced by your release from the pressure of discord in which you move in the outer world.

I will try and intensify this if you care to establish the habit, so that your own feeling world is no longer touched by the destructive forces that want to either irritate you, or keep prodding you to do something that is not right. Because every contact with the sinister force touches your Life, your energy, through your feelings first, even before it enters your intellect. So if you will protect yourselves and use this like a shield—back and front of the body—I think you will find very great Release and very great Happiness in the results that I can produce for you. And I will produce with this cooperation from you! (applause—audience rising) Thank you, Precious Ones. Won't you be seated and just remain so.

You see, My Loved Ones, you are moving in a seething mass of energy from the feeling world of the rest of Life in this physical world; and that is just like a swimmer in the ocean trying to swim against an undertow that is driven against him. And so with this you will feel that pressure released; for when it contacts the Blue Flame Presence of the Cross and My Likeness, or that of any Ascended Being, the pressure is instantly burned out of the atmosphere about you. And that is why this becomes such a Powerful Protection to the energy of your feeling world.

Beloved Mrs. G.W. Ballard

In the privacy of your own room, as you give the following Decree, visualize the Sword of Blue Flame held in your hand. When you come to the Words *And set me Free*, repeat those Words four times, making the sign of the Cross with your hand, and turning your body about, so as to face successively the four points of the compass.

All human creation in your aura, your mental and feeling world, is bound to you by cords, as it were; and as you use the Sword of Blue Flame to cut these cords in all four directions, you free yourself from that which is standing in the way of your Freedom pouring forth to you its Blessings.

"MIGHTY I AM PRESENCE"! Give me Your Scepter of Dominion and Power of Blue Lightning of Divine Love and set me free! (repeat four times) from everything that would tend to bind or limit me, whether person, place, condition or thing, as your glad free gift of love, and keep it eternally sustained! "Mighty I AM Presence"! You compel me to agree with my Call!
