

Our Beloved Messengers, Mr. and Mrs. Guy W. Ballard

GOD PROTECT AMERICA!

Mighty Beloved Astrea

Iask you to hold clearly that Great Circle of Blue Flame, and see It descend upon destructive conditions, close in upon them, and in a whirling motion withdraw those conditions from the Earth and from the atmosphere of Earth and force their annihilation from the Universe. We will set these Activities of the Blue Ray into action wherever you make the Call, and I trust that America will be blessed by your Calls.
