

Fragrance

Beloved Quan Yin

Oh, if you knew the Happiness that you could flood into your beings and worlds just by blessing Life with that Great Cosmic Christ Love that brings such Happiness! Just to pass by, why, Dear Ones, you can spread that Flame of Cosmic Christ Love like the wind would blow the Fragrance of a field of flowers in and around you, were you to enter into their midst. Just as the wind carries that Fragrance, so can you, calling forth that Great Cosmic Christ Love in and around yourselves, send Its Radiance everywhere. The Fragrance of Cosmic Christ Love is, perhaps, the most exquisite Fragrance you could ever inhale. It is the Essence of Life, My Dear Ones. It is the Healing, Purifying, Renewing Activity of your own Heart's Flame.
