"I AM" GOD CONTROL OF ALL!

The Cosmic Moment has struck, Beloved Ones, when the Ascended Masters call you to Victory and Freedom in the Light! Life, the "Mighty I AM Presence," is constantly assisting to give you opportunity to be free every instant of your physical existence; but you, in order to be free, must understand that you control all things of the outer life by the Power of your God Self, which means the constructive impulses within you, the constructive feeling, the constructive thoughts, the constructive words.

Now there are many, many people in this world who really want to do the right thing, but the moment they feel the pressure of someone else's determination to make them do even a constructive thing, it arouses a resistance in the feelings; and usually rebellion is the result, for few people are able to stand the pressure of someone else's desire—which means the energy in their feelings, even though that be constructive—and yet maintain the harmony within their own feelings.

It is an unusual thing when one, willingly, in the feelings, is always ready to do what the other person wants that one to do when it is constructive. People who can be reached silently in the Call to the “Mighty I AM Presence” through the feeling of Harmony will respond, almost without exception, to the constructive desire of another when that is for the protection of the individual. Many times the resistance between children and parents is due to the pressure of the parents’ feeling upon the child with the desire to control it, and compel it to do the constructive thing. If that pressure is released and placed back with one’s own “Mighty I AM Presence,” and the feeling of the individual, maintaining a harmony and a kindliness and a love for the child, held in abeyance, the Higher Self, the Higher Mental Body of the child, or the other individual, can be called through the “Mighty I AM Presence” to govern the feelings of that child, to harmonize, and to take such possession, that the individual, or the child, will move forward, and do the thing which is for its own highest good, and yet have no rebellion to the authority of the parent.

There is no human being on the face of this Earth who likes to be dominated. Therefore, in order to maintain harmony in the home, in channels of business, in the social world, in any avenue of life’s activities, everyone should be taught to call to his own “I AM Presence” and to the “Mighty I AM Presence” of the other individuals to come forth with the Power of Light and Harmony, and hold God Control of all concerning any particular situation. If individuals in courts of law understood this, they would be able to be the channels through which Divine Justice would much more readily manifest. When one understands the continued discord, the pressure of people’s feelings of unkindness and

criticism and condemnation, of judgment, and many times of just irritability, that is released in a court of law, it is a wonder that either the judge, the jury, or the attorneys are ever able to get any harmonious settlement. No one quite understands just what happens when two people, disagreeing in the feelings, speak unkind words to each other. That sets up a perfect vortex of energy, a whirlwind likened unto a cyclone of energy that is whirling around the physical bodies or within the room of the individuals who feel unkindly toward each other.

Therefore, when the individual is taught to call to his own “I AM Presence” and the Ascended Masters to hold God Control of all the energy in his feeling world, to hold God Control of his speech, God Control of the actions, then God Control of his affairs will be the automatic result. The more God Control you have of any condition, the more Perfection you have within it. And since all constructive activity must be God Controlled, it is time every human being be educated from childhood to turn always, in the moment of distress, to his own “Mighty I AM Presence” and the Ascended Masters; and ask that the Almighty Power of Love, Light, and Wisdom, which is, mark you, energy, be charged into the feelings of everyone in any discordant condition—and the Great Power of God Control take possession of that energy, and qualify it with the balance and harmony that is maintained Perfection.

When individuals once begin to use this Mighty Power, first of all, to control themselves, and then the conditions of the outer world, you will have the most amazing Peace, the most marvelous Happiness; and you will have Invincible Protection and inevitable Victory. It is worth all anyone can ever give in the way of study and Application, to call forth this Ascended Master Power of God Control into all

conditions of the outer world. Now when it comes to the activities of our government, we all want only constructive action to be the outpouring to ourselves. Then we are obligated to call Life into action to release its constructive blessings and victories to all others within our borders, as well as ourselves. We cannot have Perfection, Happiness, nor Divine Justice from the outer world until we give to the outer world those same Mighty Gifts; and that cannot take place within anyone until he charges himself with God Control in all he does.

Many times if the individual, on arising in the morning, would simply stand, lifting his head unto the heights, looking up to his “I AM Presence” and say, “ ‘Mighty I AM Presence’ and Great Host of Ascended Masters! You take control of me! You manage my energy, and see that ‘I AM’ God Controlled in all things I do this day!” And then go forward with that feeling of Peace, knowing the Mighty Truth of what we have been told through the centuries: “I will fight your battles, and you shall hold your Peace!”—because Peace is God Control of all energy within any situation. Until individuals give obedience to that Law, they will go on and on in their misery and distress, ever increasing their problems until they come back to the Source of Perfection, their own “Mighty I AM Presence” and the Great Host of Ascended Masters, and live in the Fulfillment of the Law, the full Obedience to Life. And that Mighty Law is the Almighty Power of Light; and

“The Light of God Never Fails!”

“The Light of God Never Fails!”

“The Light of God Never Fails!”

And the “Mighty I AM Presence” is that Light!
