

The Outpouring from the Royal Teton

BELOVED LANTO

The Mighty Cyclopea, over the centuries past, because of mankind's increasing discord, only came once in a hundred years to intensify the Outpouring and produce in the atmosphere of Earth the Manifestations of the Sacred Fire that were required at that time to do as much as He could do under the Law of the last cycle. But since 1930, He has come every six months. I want you to realize that every time He comes, the Power that is poured forth through the Royal Teton is tremendously increased, so that the Outpouring every six months is infinitely greater than It has ever been in the centuries past. The reason for that is the necessity for that Greater Power in America and throughout the world to release the Power of the Sacred Fire that is the Protection of that which is constructive.

So when the Outpouring from the Royal Teton is released on New Year's Eve, that Wave of the Sacred Fire and Cosmic Light continues to be absorbed by the atmosphere of Earth, mankind, and the structure of Earth. And then when the next Outpouring takes place on the 30th of June, then that Wave that comes is much greater than the one that came at New Year's. Then when the next New Year's comes that is much greater in Its intensity than the one the six months before. Now this is a building of the Power of the Cosmic Light and the Sacred Fire which is concentrated through the Retreat of the Royal Teton over the next one hundred years.
