

THE GREAT CENTRAL SUN

MRS. G.W. BALLARD

QUESTION: Please explain the “I AM Presence” in the Great Central Sun.

ANSWER: Don’t separate that “Great Presence,” the “Mighty I AM.” The Great Central Sun is the “Mighty I AM Presence” of all the Universe, and every individualized Life Flame is like the Projection of a Flame from the Great Central Sun. We are all tied, so to speak, to the Great Central Sun. I mean the Unfed Flame in our Hearts and our Electronic Body and Higher Mental Body, and the Unfed Flame in the Permanent Atom in the Heart is consciously and eternally connected with the Great Central Sun. That is our “I AM Presence.” Don’t separate these things. It isn’t like the Physical Sun had an “I AM Presence” and the Great Central Sun had an “I AM Presence,” not at all. The Great Central Sun is the Sacred Fire Presence in everything that is constructive throughout infinite space. There’s no division of It and no separation of It; for all the Sacred Fire is One. All energy is One, all substance is One, all space is One. You run up walls in a house, and you think you divide space; but space is just on each side of the wall and into the wall itself.

You don’t divide space; you just cheat your human senses. The Great Central Sun is spoken of as the Sun behind

our Physical Sun. Beloved Saint Germain said to us, when you look at the Physical Sun and think of the Great Central Sun, see It as a Great Gigantic Sun behind the Physical Sun out of which has come all the manifested Universe. Now that is what's spoken of as the Causeless Cause, the existence of the Great Presence of Eternal, Perfect Life of the Sacred Fire that always has been, always will be, and is forever expanding the manifested Universe by the individualization of Itself and the pouring forth of Its Love to all Its creation.

BELOVED VICTORY

Many people in the outer activities desire Perfection in the particular line of work with which they are occupied; and the Desire in the feeling to produce that Perfection was the God Desire from the Great Central Sun. Perhaps not one minute before It had abided in the Great Central Sun. So you are much more closely related to the Great Source and Heart of Creation than the outer intellect ever realizes until someone calls this to your attention. Try to feel, and I ask you remember this often: that you are the God Being of Flame from the Great Central Sun. And regardless of any discord in the world around you, that discord is not authority over the Activity of the Sacred Fire from the Great Central Sun which is the Life that beats your Heart.
