

THE LAW IN MANIFESTATION

Beloved Mr. G.W. Ballard

I am going to tell you of an experience of My own in the early days, before this “I AM” Activity came forth. At the time, I was in the mountains of Arizona. I used to go over the mountain and come back about midnight, going to a little town to get our mail and supplies, and coming back quite late.

This one night, as I came to the tunnel which I have been accustomed to go through, I saw some frightful human creation; and the cold wind that struck Me made Me recoil and not want to go through that tunnel. I sent the Call to God to clear My way; and immediately a Being of Light stood beside Me with a Wand about eighteen inches long, with the Star at the end of it. I saw those creatures within that tunnel, which was near a mine where a great deal of selfishness had been focused for a long time. The Being went

ahead of Me and with the Wand struck it this way and that way. Those creatures recoiled and were gone in an instant.

I bring this to your attention because of what the Messenger said about the Rod of Power. In that Power which the Being drew, She went ahead of Me to clear that frightful creation of selfishness out of My way; and the Force came forth from the Wand of Power—the Rod of Power. I went on and did what I was supposed to do and came back; and never again did I ever have any feeling of fear or repulsion when I came to that spot. I used to go over those mountains at midnight while wild animals were on the pathway, and I could see their eyes glowing in the jungle. At no time did I ever have one atom of fear.

Now, Dear Ones, in the majority of cases, fear usually concerns the body. I want to bring to your attention the need of asking your “I AM Presence” to use the Rod of Power and flash the Violet Consuming Flame or the Blue Lightning of Cosmic Christ Purity before you to clear your way in the mental and feeling world, so the creations of mankind’s selfishness and discordant feeling—which makes individuals fear or come under the control of destructive forces—may never again be on your pathway or touch your Life Stream. This is a very Powerful Protection to you all; and if I were you, I would do this always before you ever start on a journey.
