BELOVED GOD HARMONY

Santa Fe, New Mexico • October 17, 1950

Cassette 6 5060-1

Beloved Ones of the Light, We come with Great Joy in Our Hearts to again pour to you everything you can receive, and to strengthen everything in your world that makes you happy—and I mean by that, gives to you the Eternal Happiness which comes from Purity alone and from the Love of Our Great Octave of Life.

Now, since everything that has ever brought you Permanent Happiness has come through either the Harmony from your Higher Mental Body or from Us, I ask you to realize that you must acknowledge and you must command, each day, into your outer physical atmosphere, into your outer physical affairs and activities, the Immortal Harmony which the Cosmic Law demands if you are to have the Success and the Protection and Supply that you desire and which are necessary to fulfill the Great Divine Plan. Try to realize that you yourselves must be the Authority of your “Mighty I AM Presence” that stands and charges Immortal Harmony into all the energy of your world each day if the good of your world is to be made permanent.

You see, the Beloved Higher Mental Body of each Life Stream all through the centuries has brought you good and only good. It has given you good without

limit from Its own Heart's Flame, but you didn't do what was required under the Action of the Cosmic Law to make that good Immortal in your world. Therefore, the general pressure or flow of the energy of the rest of mankind upon you and your world has caused the change to come about and requalified that which did bring you Happiness and was meant to be Eternal.

So from tonight, if you will recognize the Requirements of the Cosmic Law and begin to use your own Authority of the Action of Life, which the Law is, to charge all energy in your being and world, night and morning and in the middle of the day, with the Immortal Harmony of the Ascended Masters' Octave, then whatever good is already in your world will be protected and sustained and expanded. Whatever good comes to you each day or each hour from your own Higher Mental Body will become Permanent Harmony for you, and that means Permanent Happiness. And when that Harmony is pure and maintained around you, It automatically will draw to you the Love of the Great Central Sun Magnet that will be the supply of anything you will ever require.

If the Harmony of the outer self were already Immortal, you couldn't lack for any good thing, because lack would be a discord. Lack is not Permanent Harmony. Therefore, if you understand what I mean tonight, you will never fail one day in doing this if you need supply. When you say, " 'I AM' the Law charging all the energy in my being and world with the Immortal Harmony, the Immortal Purity, the Immortal Power of the Victorious Christ, and Supply without end automatically floods to me from everywhere"—you try this. I want you to prove

My Words to yourselves. I've proved them to Myself, and anyone who uses them can prove them to himself or herself. But if you require supply, and it matters not what kind of supply, if it is something which is going to assist your world to produce greater Perfection, you have got to have Harmony if it's going to be maintained to bless you.

You know, Dear Ones, I could liken this to a scale. So long as your scale is in motion this way, up and down all the time, you don't strike the balance, do you? And only when the harmony of equal pressure is on each side do you have balance. And you can't have Balance without Harmony. Therefore, if your world lacks any good thing, it's out of balance, isn't it? And if you want Balance, you've got to have Harmony to produce that Balance. And if you want that maintained forever, you've got to charge Immortal Harmony into it—the Power of the Sacred Fire from your own “I AM Presence” that makes Eternal whatever the manifestation is that you bring forth. So when you begin to acknowledge, “‘I AM’ the Law of Immortal Harmony that forbids the presence of limitation or lack or problems or discord, and ‘I AM’ the Victorious Christ producing Perfection without limit, everywhere forever,” then you enter in, My Dear Ones, to the Realm of Our Perfection.

Now I want to explain the difference between an Octave, a Realm, or a Sphere. You have heard Us use these terms, but they're more or less hazy and indefinite to all of you. When We say, “My Sphere of Activity,” that means the planet or the world upon which We are operating or working at the moment, at the time.

When We say, “a Realm of Activity,” that means a certain Activity, and wherever that Activity is required is Our Realm of Life, Our Realm of Action. And when We say, “Our Octave of Activity,” then We mean the Ascended Masters’ Octave, which is the Electronic Belt around the Physical Sun. I want you to understand the difference in this terminology so when We use it, you will have a clear comprehension of what the Great Cosmic Law of Life requires in producing Perfection, and sustaining and expanding It to bring Permanent Happiness to the whole of Creation.

You can’t have Happiness even temporarily without Harmony. When you’re happy, you’re harmonious, for the time being, at least; but if you’re going to have Permanent Happiness, then your Harmony has got to be charged with Immortality. And you are the law of your world, Precious Ones, because you are the Life of your world, and Life is the Law of Action everywhere. Life is in all energy. Life is in all consciousness. Life is in all action. Life is in all feeling. Life is the Law! Therefore, when you say, “ ‘I AM’ the Law of Immortal Harmony,” it is tantamount to saying, “ ‘I AM’ the Life of Immortal Harmony charging into everything in my being and world that which brings Permanent Happiness and Perfection without limit.”

Unless a thing lives by your Life, you do not experience it in your world. Everything in your world lives by your Life, because if you don’t give your energy to something, you don’t produce any result in your world. Whether that energy goes forth in thought, feeling, spoken word, or act matters not. Unless you give the energy which is your

Life, out of yourself, into the energy of the atmosphere about you, you don't have a world in outer manifestation. You only hold it within yourself.

Therefore, if you want to produce manifestations out here that expand the great Happiness of Life and the Beauty and the Perfection of all Creation, then you must understand that you are the Law. When you say, “‘I AM’ the Law,” you say, “‘I AM’ the Life out here of my ‘I AM Presence’ there.” You, through the physical, are announcing the Action of the Life of your “Presence”; and you don't have any right to qualify that energy of that Life with discord. You never had any right to do that!

Therefore, if you understand what I say tonight, and you begin the acknowledgment that, “‘I AM’ the Law of Immortal Harmony in my world! ‘I AM’ the Law of the Great Central Sun Magnet's Immortal Love that draws Boundless Supply of every description for all Eternity into my outer use, to fulfill the Great Divine Plan in the Eternal Happiness of Perfection's Flame,” then you will have It. I am determined to root you out of your lack tonight! (*applause—audience rising*) Thank you, My Precious Ones. Won't you be seated, please.

Mankind, Dear Hearts, have for so many centuries been bound in the energy of their own acceptance of lack and limitation through discord and misuse of their own Life energy, that, I tell you, when We start to set Life Streams free, it's like digging you out of concrete. The fear and the doubt are of such long standing in the race consciousness of mankind that it is charged everywhere into the atmosphere of Earth. And if you

don't exert the Authority of your own Life from within yourself and start action into the atmosphere about you of Immortal Harmony, how in the Name of God will you ever be free?

To just sit down and decree for money, Precious Ones, is not freedom from lack. Please believe Me. When you take the Authority of your own "I AM Presence" and become Its Life in Action, you become the Law of Action that produces manifestation in the physical atmosphere about you. You do this every time you speak a word. You use your Life, which is the energy that goes forth as sound and creates vibration in the energy of the atmosphere about you.

Now let Me show you why mankind are so firmly held in their limitations and discord. They have, through centuries, through the spoken word, charged the atmosphere about them with their own Life, their own energy and vibration of discord, to the point where it is so concentrated around them that it has anchored them into physical conditions from which they cannot extricate themselves, except by this Understanding of the "Mighty I AM Presence" and Our Assistance to them with the Sword of Blue Flame and the Activities of the Sacred Fire that purify that energy and cut them free from its condensed discord. This has been done through hate and anger and doubt and fear and every conceivable phase of discord, and you are moving in a seething mass of that energy all the time.

Please remember what the Mighty Saint Germain has told you. In the Light, the Universal Cosmic Light-Substance—not the Cosmic Light as We refer to It from

Our Octave, but the Universal Light-Substance—are all scenes recorded, which means every picture in your thoughts all through the ages, every picture in the thoughts of the mass of mankind throughout all ages. In the air are all sounds recorded, all sounds that have gone forth through the ages. Now you know what you're living under! That's why I say it's like digging people out of concrete. That vibratory action has become so slow, so heavy, so condensed, so discordant, that mankind are bound by their own Life which went into the discord they sent out.

Now do you realize how necessary We are to free the Earth from its present conditions? If We did not come and use the Law of Our Life to release the Energy of Eternal Harmony through the Activities of the Sacred Fire, how would you ever change the conditions in the physical world? Since We have done that for a certain proportion of mankind throughout the centuries, and We have taken away a certain proportion of the mass of mankind's discord every so often, then We ask you now to join Us, and you become the Immortal Harmony of Our Octave.

If you will only charge this into the atmosphere about you and into the energy of your world three times a day with dynamic feeling and understanding of what I have said tonight, and then call forth your Boundless Supply, the Door will remain Open, both from the Inner Standpoint of your "Presence" and from the outer standpoint of the things in the physical world that your "Presence" wants to bring to you to fulfill Its own Divine Plan, that you may have Happiness permanently.

You know, there are two places, although they are really one, where you will never be disappointed and never be injured. One is your own “I AM Presence,” and the other is Ourselves. You can always rest assured that your own “I AM Presence” will never give you any unhappiness, and neither will We. We will never give you discord and your “Presence” will never give you discord. Of that you can be absolutely certain.

So you do have a place of Immortal Safety from the discord of the outer world! And with this Command which I have revealed to you tonight, you may charge your worlds with any amount of Harmony you want, until It becomes so powerful that nothing on Earth could penetrate It or disturb you, or take from you that which belongs to you, or ever cause to manifest anything less than the Perfection that Life demands to fulfill Its own Divine Plan.

Then would you find your individual world connected with Ours, and We could come and go to you as you go to each other. That means there will be no more veils between. That is how We may associate with you, and you may enter into Oneness with Us and draw Our Powers and Perfection from Our Octave into your octave. Then through your Permanent Harmony, you may look into those Realms of Activity that affect whole Systems of Worlds, and yet, into which you may enter and draw of Their special Quality and bring It here to produce greater Beauty and Perfection for the Victory of Life to all. Then may you learn of that which is on other Spheres of Activity, and your schoolroom of existence will be the Infinite Universe instead of your immediate surroundings of problems.

If you want to be rid of your problems, then you must have Immortal Harmony in yourselves and around you. And that Harmony, My Dear Ones, is the Love from your “Presence” and the Love from Us. Then when you acknowledge the Power of the Great Central Sun Magnet’s Love charged into all the energy of your world, with Immortal Harmony to draw to you every good thing in the Universe, then will you find the Door swing wide into the Treasure House of existence. And you will find Life the most Wonderful, Glorious Gift that is the Giver of all, and that Life is the Flame from your own “Beloved I AM Presence.”

Draw It into your outer selves; and It can produce Manifestations without limit that are infinite in their quality, and yet always joyous and beautiful and ever expanding in their Perfection and Happiness to all Creation. Then you live in the Sphere of Life of your own “I AM Presence,” and through that you may learn what is in any Sphere of Life’s Manifestation. Then may you come into Our Octave and receive a glimpse of that which you will one day become or have manifested in your own great Temple of existence after your Ascension is complete. In that Electronic Belt around the Physical Sun will you find your Home prepared for you by your “Beloved I AM Presence,” to help you go forward in the Great Cosmic Scheme of Creation to be the Creator of Beauty and Perfection and Happiness of Eternity.

The very first Demand of Life for Permanent Happiness is Immortal Harmony. That is tantamount to saying “Immortal Purity, Immortal Love, Immortal Peace.” If you have It within, you may radiate and give It without

limit. The more you give It, the greater will your own become. And then you will find the Magnet of attraction that draws to you the wealth of the Universe.

Whatever you require to fulfill the Great Divine Plan the Ascended Masters' Way must come from the Love to your "Presence" first, and the Love from your "Presence" to you. And then when you qualify that with Immortal Harmony, then the Love of all Creation comes to serve you. The Great Central Sun Magnet's Power becomes real in your outer use and manifested at your Command, until you find the Mastery of Life is the Power of that Love to produce Immortal Harmony into all energy that you use, all of Eternity.

I will not hold you longer, but I trust what I have given you tonight will remain clear in your memory, and charge you with a fierce, relentless determination to have It made Immortal in your world, until the Mastery for which you have called now becomes your Victory over limiting conditions, and your Light goes forth as the Savior of your Nation, and the Light of your Nation becomes the Redeemer of the world. That is the Victory of the Cosmic Christ. The Victorious Christ is the Immortal Love from the Great Central Sun that, wherever It flows, is Immortal Harmony, is Everlasting Purity, and It compels Peace.

If Peace is once again to come to Earth to fill your Nation or your World, It must come through the Demand of those who use their own Authority to demand Its Presence here, and who give unto It the Rulership of the World. May I be instrumental in making this clear to your outer consciousness,

reminding you often of the Requirements of the Law that you do this. And then may I have the Joy of seeing you cut free from your problems, your world become Luminous, your health Eternal, and you go forward the Victorious Master Presence of the Cosmic Christ, the “Mighty I AM” of your own Life Stream and of the Great Central Sun, to issue Its final Command to the Earth—and the Fiat of the “Mighty I AM Presence” be heard around the world, and all obey, until Peace reigns supreme through all for Eternity.

If you become the Immortal Harmony of Our Octave in the physical world, We can expand the Light without limit in and around you; and the Cosmic Light can be increased in Its intensity until the hordes of darkness are gone forever. We offer you the Open Door into the Powerhouse of existence. And the amount of Power you draw here depends on you and your Call and your remembrance of Us.

May the Mantle of Its Flame reveal to you the Authority and Power that is yours by Divine Right. May you value It. May you honor It. May you be Its Victorious Presence, and the Glory of Its Dazzling Flame bring Freedom to Life, Freedom to your Nation, Freedom to the Earth from all that is not Our Immortal Harmony.

May the Flame of Our Eternal Love reveal to you the Power within Itself, which you may use to become Free, to free others, until Freedom and Divine Justice, Purity and Peace in the Love and Wisdom from the Great Central Sun once again possess the Earth—and those Words, “ ‘I AM’ the Resurrection and the Life,”

sound throughout the planet the Eternal Command of the Victorious Christ, and then Its Light blaze to the consuming of the darkness forever.

May the Light of My Immortal Harmony illumine all things for you, become a Sphere about you, and take you forward with the Boundless Supply you require to fulfill the Great Divine Plan, until the Authority of Love's Great Harmony and Peace bring Freedom and Divine Justice everywhere in the world. I commend you to the Flame of Our Immortal Harmony, until It becomes all you will ever require in your world until your Ascension is complete. I thank you.
