

## **“I AM” MUSIC OF THE SPHERES**

### **BELOVED SAINT GERMAIN**

**C**ould you hear the Music, My Dear Ones, that goes forth into the atmosphere of Earth, just from the Feeling of Love that goes forth when one Cosmic Being passes another on Their way in interstellar space in Their Great Service of Creation, could you see what goes forth in Their Greeting of Love to each other, you would never forget the Sight and you would never forget the Sound in all Eternity. You couldn't! When that Love goes forth from one to another in the Great Blessing to Life, it is as if you heard a gigantic Cosmic Symphony playing a tremendous fugue. Such is the Music of the Love contained within Life as It operates in those Great Celestial Spheres of Life's Activity, where Perfection ever expands Its Joy to all the Universe.
