

Gratitude *to* *Beloved Saint Germain*

Your Beloved Saint Germain, long centuries ago, in the face of frightful opposition, has held steady on His course and hewed His way through human creation that is indescribable. He is your Champion! He is worthy of everything you could ever give Him; and may His Work and Love of the centuries be rewarded through you in the release of this Call to cleanse the Nation!

He loves America as He has loved you all through the ages. And now it is your turn to love Him and give these Calls that release into His Direction that which saves the Nation and shuts off from the Earth the frightful thing that is planned. You are not at the mercy of destructive forces when you feel your oneness with Our Activity of the Cosmic Fire! And when you say, “‘I AM’ the Fiery Victory of the Will of God done physically on Earth in everything I contact,” then there comes to your Assistance a perfect onrush, a torrent of that Cosmic Fire, and the destructive forces recede because they dare not approach It.
