

THE “I AM” COME! FILM

Goddess of Light: Tonight I wish each of you to receive very powerfully My Reminder to drive and bind every force on this Earth that wants to keep supply from any of you, back into the brain and body of the sinister force. Remove all supply of energy from it, and We'll turn the tables on it! This silly nonsense! With all the Wealth and Power of God in this Universe, that any

condition of the outer world would even temporarily try to interfere with your boundless supply is absolute, vicious insanity.

Now, you take the stand and you demand that the Legions of the Sword of Blue Flame and the Cross of Blue Flame drive and bind every condition and every desire in everybody on this Earth that doesn't want you to have supply—and every force that attempts to prevent that—drive and bind that back into the sinister force, and compel it to annihilate itself and annihilate any way and means of holding any more energy or substance to sustain it.

You are proving certain strength within yourselves before your next responsibility is offered you, which you will have to protect if you accept. Now, whether it be the manifestations to be brought through this picture [film] of “I AM” COME, or whether it be the supplies required to build your Temples, or whether it be the manifestations you want to bring forth in the expansion of the Activity, it is only a matter of convincing every channel of the outer world that you are drawing this God Power in the Authority and Victory and Freedom and Perfection of Our Octave, to do these things which mankind ought to welcome and be glad to accept.

As you receive a greater responsibility, remember, if you are going to carry it, you must give it your Life. If it is to live in your world, you must protect it. If you are to expand it and let it fulfill the Divine Plan, then you must give it more Life, your Life, to make it produce the Miracles of Perfection in the world that you like and that you want to manifest in order to free your fellowman.

There is nothing on this planet, Precious Ones, that can be a delay or an obstruction to you so long as you never yield it any power. And if something seems to appear, go by yourselves in front of your Chart and say, "All right," and call to Me, call to your "Presence" first, and the Legions of Light. Then call to the Queen of Light or Myself or the Legions of the Sacred Fire to cover that person, cover that condition, cover the thing in Our White-Fire Substance that is so terrific in Its Intensity that the human cannot defy longer the Fulfillment of the Divine Plan.

Cover everything with Our White-Fire Substance until it's just like It smothers everything human that attempts to act or express. You're coming into the winter season. You have all been here and seen the snow cover the canyon and the buildings until you could not see what was going on underneath, could you? You could not see what was going on under the depths of that snow. You couldn't see it with your physical sight. But when it comes with certain intensity, it's able to shut off mankind's action, isn't it? It has made many things stop for a day or two coming up the highway. And just in the same way can you have Our White-Fire Substance covering a condition with such a weight of Our Authority and Power that that human thing knows it is helpless before the onrush of that Substance.

Now, if you want to feel this deeply, call for Our Feeling of It. If you want to see It, call for Our Sight of that White-Fire Substance to act in, through, and around you. If you want to make It physically visible to the rest of mankind, well, It certainly won't hurt them. They might just as well have a few shocks as to go on in the increasing discord that takes them where they know not where.
